### Good Roads.

A few years ago, when H. W. Brewer came here, he suggested that our people raise a fund of \$1000 a year for the purpose of making good roads leading to Red Cloud. The suggestion was never acted upon, but today one can see the wisdom of Mr. B's suggestion. If that had been done every avenue or thoroughfare leading to Red Cloud would now be in shape for teaming and farmers would not be compelled to hunt other markets because the roads were bad. The subject of good roads, means volumes to this city and our business men could do no better than to devote their attention in that direction.

### The Creamery.

Next Monday, the Red Cloud Creamery will open its doors for business. Messrs. Fulton & Parker are young and enterprising men and deserve all the assistance our merchants can give them. They will start with 600 cows. Hurray! for the Red Cloud Creamery.

The course of Senator Paddock in his efforts on behalf of the producing classes was indorsed, as was also the McKinley bill and Blaine's reciprocity idea. The convention adjourned shortly after 3 p. m.
