EDITORIAL NOTES.

The "Jackass batteries," of the state, are kicking the whey out of Donkey Rosewater of the Bee.

With Harrison as the proud standard bearer of the republican party the state of Nebraska will poll the largest republican vote it ever has.

The State Journal is the only live republican paper in the state. The Omaha Bee used to be the guiding star of the party, but Rosewater's perfidy has simply made the Bee a back number, and hereafter, republicans when they want a republican paper will take the State Journal, which has always been loyal. The Republicans of Webster county should take the Journal if they want reliable news.

One day this week this office received a long harangue from an eastern advertising firm, in which that outfit proceeded to pound Senator Paddock's pure food bill, because it would shut out patent medicine advertisements. Good, this paper is for the Pure food bill, then, on the ground that there is more frauds committed by patent nostrums than in any other thing. There are some medicines on the market that have true merit, but while there are some good ones, there are thousands that are frauds, and if the Paddock bill will weed them out it will have accomplished one of the greatest goods that could be possible to consummate. No, give us the bill, and by so doing save the people's lives and their money.

18 Pounds of Blood

Is about the quantity nature allows to an adult person. It is of the utmost importance that the blood should be kept as pure as possible. By its remarkable cures of scrofula, salt rheum, etc., Hood's Sarsaparilla has proven its claim to be the best blood purifier.

For a general family cathartic we confidently recommend Hood's Pills. They should be in every home medicine chest.

To All Lovers of Good Horses.

There has been considerable said in the last month in regard to the relative merits of the horses making the season at Red Cloud, and I would like to correct some wrong reports that have been circulated by interested parties. Noah Burch No. 9452, the standard Bred Trotting Stallion, is the Best Bred Horse in Webster county and equal to any in the state or country. In fact there is none better. Is as perfect a horse in department and symmetry as was ever foaled. His own family has the fastest horse to harness in the world. Direct, a first class pacer in a quarter in 26 seconds, a 1:48 gait, has a record of mile in 2:06. Noah Burch is nephew to Jay Eye. See 2:06 Phellas 5:13 1/2 Director 2:18, Delineator 2:18, in fact he is a fashionable bred horse in every way, and he has no superior as a good breeder. I challenge any horseman in Webster county to show as well bred a horse. I make this statement in self defense, as there are certain parties who are making a point of meeting men on their way to see me and belittling my horse and running him down and telling them he is no good, that other horses in town are much better, etc. I am making no light against any horse here, as there are several good horses here in the vicinity but none who can show as good a pedigree as Noah Burch and not so perfect a horse in symmetry, in the country and not one who can show as large an average of colts, a complete tabulated pedigree will be sent on application inclose stamp, address, W. M. CURTISS, Red Cloud, Neb.

A FINE TROTTER.

Prince Arthur Dr. Moranville's Standard Red Trotter is the Best Horse in the Republican Valley.

All other reports to the contrary, notwithstanding, Dr. Moranville claims to have, and if a fine line of ancestors goes for anything, he has the best trotting stallion in Prince Arthur, in the Republican valley; and is ready to back it up, not only with money, but with a pedigree that will convince all of the truth of this assertion, if they will take the trouble to investigate for themselves the relative merits of Prince Arthur as against any other horse in Red Cloud or in the valley. Go and see the horse and you will soon see that he is the best all around individual horse that has ever made the season in southern Nebraska, and for a speed record he has no superior.

Southern Prosperity.

That the South is growing rapidly is shown by the fact that 1,740 new manufacturing enterprises were located within her borders during the past six months. These have been attracted to this section by reason of the cheap raw materials and fuel, of which the South can boast a greater supply than is found elsewhere in the Union. That portion of West Virginia, Maryland and Virginia lying along the line of the Baltimore and Ohio Railroad has its full share of natural advantages, and full information concerning locations for manufacturing, farming, or any particular line of business, will be furnished on application to M. V. Richards, Land and Immigration agent, B. & O. R. R. Co., Baltimore, Md.

Willow Creek.

Miss Edna Edson has gone to Iowa for a short visit. Born to Mr. and Mrs. Godwin April 23, 1892 a son of usual Nebraska weight. Although A. Willie Jackson is working in Iowa for \$25 per month. Willie Brubaker has built a nice house for Mr. Law on Elm Creek. Fine prospects for all kinds of crops this summer.

MANITOWA.

The Kings Daughters have postponed their Ice Cream Social to May 13, to which all are invited. Cream 10 cents. The social will be at the residence of V. B. Fulton's.

High-bred Stallion

The high bred Morgan stallion, Black Hawk Chief 4th, will make the season at the stable of J. C. Holcomb on Elm street, rear of Holland house. He is a very stylish, showy horse, and carries more Morgan blood than any horse in the state. Breed to good horses, raise good colts and no longer complain of low prices.

PEDIGREE: Black Hawk chief 4 was bred by S. S. Hitchcock of Walsva, Minn.; sire Yearly's Black Hawk chief 3 by Black Hawk chief 2 bred by Judge Prout of Salsbury, Vermont, he by Bill's Black Hawk by Sherman's Morgan by Justin Morgan, the founder of the Morgan family. 1st dam Lady messenger; 2d by Young nambletonian; 3d dam by Bishop nambletonian; 4th dam the Prout mare by Gifford Morgan by Woodbury's morgan by Justin morgan.
