ODDS AND ENDS

Read Duckers new advertisement. These gentlemen are getting to the front.

Charley Colman and Miss Nora Butcher, were married on Tuesday, at the residence of the groom.

A. O. Berg and wife, went to Omaha this week, to attend the general conference of the M. E. Church.

Visiting members of the Modern Woodman of America, who are in the city are invited to attend a social gathering at their hall on Wednesday evening, May 25th.

George Kelly, of this place, a brakeman on the eastbound B. & M. passenger train, slipped on the platform of the smoker yesterday near Red Cloud, and was thrown into the ditch, sustaining several severe bruises, but no serious injury.—Superior Times.

Owing to the heavy rains of the last week the railway managers of our country have been compelled to use considerable presence of mind to keep going. The B. & M. have made an effort to get there on time, but have failed although they have often waded water knee deep with their trains.

A live tarantula frightened the Red Cloud people out of a year's growth the other day. They claim it dropped out of a bunch of bananas, but some of the Superior boys who have experimented say that Red Cloud whisky will produce, not only tarantulas, but centipedes and box constrictors.—Superior Times.

The Red Cloud S. of V.'s corset band, have secured the service of Prof. Hendricks of Smith center, Kansas, as teacher. Mr. Hendricks comes to Red Cloud as an accomplished cornetist and we believe will be highly appreciated by the citizens and band boys. Those who have subscribed to assist the boys should now willingly put up.

Rev. C. M. Larsen pastor of the Evangelical Lutheran church for the Nebraska mission, has received and accepted a call to preach in South-western Minnesota, and will leave Red Cloud about June 1st, 1912. His brother Robert of Weby, Wis., came this week to help him get ready to move. Mr. Larsen is among our most respected citizens, and his many friends will be sorry to have him leave, but congratulate him on his new appointment which will be much more remunerative.

One day this week, a young man whose name we could not learn, living in Kansas, and who had been ill for some months started to Red Cloud to procure a draft which had been sent him, for the purpose of defraying the expense of care for his return home, but the poor fellow never arrived. He was found dead in a draw near the state line. It appears that he had been suffering from heart disease and had to return to a lesser altitude to preserve his health, and was enroute to Red Cloud when he was suddenly stricken by heart disease and succumbed to the inevitable.

We wish the gentlemen who have taken hold of the creamery at Red Cloud, unabated success, and hope in the near future that every town in the Republican valley will either have a creamery or a cheese factory. The benefits that can be derived from them, if conducted properly will be realized by each and every branch of business. Let every one who furnishes milk or cream for either do what they can to make them a success and take into consideration the future benefits as well as the present, don't be all for self, but work for the upbuilding of your county and town and its industries. You will get your reward.—River-ton Guard.

Hon. Thomas Jefferson Ward our own and only Jeff, has blossomed into a live opponent for congressional honors against Hon. William Arthur McKeighan. Jeff's democratic friends have urged him to come out and make the race, and THE CHIEF would just as soon see Jeff congressman as any man living, provided we had to have a Simon pure democrat for that position but without throwing cold water on Jeff's ambitions, we must say that this district will be represented by a republican.

King of Medicines

Scrofulous Humor—A Cure
"Almost Miraculous."

"When I was 14 years of age I had a severe attack of rheumatism, and after I recovered had to go on crutches. A year later, scrofula, in the form of white swellings, appeared on various parts of my body, and for 11 years I was an invalid, being confined to my bed years. In that time ten or eleven sores appeared and broke, causing me great pain and suffering. I feared I never should get well.

"Early in 1886 I went to Chicago to visit a sister, but was confined to my bed most of the time I was there. In July I read a book, 'A Day with a Circus,' in which were statements of cures by Hood's Sarsaparilla. I was so impressed with the success of this medicine that I decided to try it. To my great gratification the sores soon disappeared, and I began to feel better and in a short time I was up and out of doors. I continued to take Hood's Sarsaparilla for about a year, when, having used six bottles, I had become so fully released from the disease that I went to work for the Flint & Walling Mfg. Co., and since then

HAVE NOT LOST A SINGLE DAY

on account of sickness. I believe the disease is expelled from my system, I always feel well, am in good spirits and have a good appetite. I am now 27 years of age and can walk as well as any one, except that one limb is a little shorter than the other, owing to the loss of bone, and the sores formerly on my right leg. To my friends my recovery seems almost miraculous, and I think Hood's Sarsaparilla is the king of medicines." WILLIAM A. LEHR, 9 N. Railroad St., Kendallville, Ind.

how nicely Hood's Sarsaparilla hits the needs of people who feel "all tired out" or "run down" from any cause. It seems to oil up the whole machine of the body so that all moves smoothly and work becomes a positive delight. Be sure to get Hood's.
