Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

Dr. G. C. OSOOD,
Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

Dr. J. F. KIRCHLOP,
Conway, Ark.

The Centaur Company, 77 Murray Street, New York City.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. ASCHER, M. D.,
111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's departments have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

Decoration day was generally observed by the schools in season.

In district No. 36, recitations were given as follows:

The Stars and Stripes, Eva Holmgren. Mother is the Battle Over? Joana Eerner. Success in Life, Daisy Craft. The Knot of Blue and Gray, Susie Amaek. The Boys Who Never Came Back, Katie Ailes.

JNO. M. EARNER, Teacher.

On visiting Dist. No. 37 last week we found the school room nicely decorated, showing that the teacher, Mrs. Jennie Hall, and her school observed Decoration day in a very appropriate manner.

Many of the schools are closing their spring terms and entering upon the long summer vacation. No doubt teachers and pupils all feel desirous of the change, and will be ready next fall to commence work with renewed energy.

On last Friday evening commencement exercises were held by the high schools of Red Cloud and Blue Hill.

The exercises are reported as being of such character as to give honor to the schools, the teachers, and the graduates. The people should feel a pride in the efficiency of the public schools in giving an education to those who complete the course that is of so much value to the young Americans as citizens of our country.

We are sorry to say that there are some who do not use the means within their power to have their children receive a good public school education. A parent who neglects through carelessness or indifference to send his children to the public school infringes upon the rights of his children which are theirs by birth as natural born citizens of these United States.

No one is a good loyal American citizen who will not educate his children.

At the close of the Guide Rock schools last week an entertainment was given to raise funds for the commencement of a school library.

We have not heard how much money was raised for the purpose, but hope that the entertainment was a financial success for so worthy an object.

It would be of much benefit to the people of every district to have a library containing some of the works of our best authors. Pupils become tired of reading day after day the selections found in their readers. It is a fact that the best readers in school are the pupils who read something at home. As many children do not have any reading matter at home that is of benefit to them a public school library would supply the need.

The following list for children from 10 to 15 years of age is recommended by the Public School Journal, Bloomington, Ill.

Wonder Book, Hawthorne; Water Babies, Kingsley; Little Women, Miss Alcott; Tales of Shakespeare, Chas. and Mary Lamb; Zigzag Series, Butterworth; Boys' King Arthur, Lanier; Tom Brown at Rugby, Hughes; Little Lord Fontleroy, Mrs. Burnett; Vicar of Wakefield, Goldsmith; Uncle Tom's Cabin, Mrs. Stowe; Black Beauty, Miss Sewall; Fairy Land of Science; Miss Buckley; Lady of the Lake, Scott; History of England, Dickens; Age of Fable, Bullfinch; Sketch Book, Irving; David Copperfield, Dickens; Boys of '76, Coffin; Hiawatha, Longfellow; Snow Bound, Whittier.

An excellent graded list may be found in the Red Cloud course of study for public schools.
