President Harrison's Enthusiastic Reception - One Hundred Thousand Visitors-The Day Elsewhere.

ROCHESTER, N. Y., May 31.—Public and private business was suspended yesterday and everybody took a holiday. It is estimated that fully 250,000 people took active part in the various demoustrations of the day. Of this number nearly 100,000 came from the surrounding country.

President Harrison, who arrived Saturday evening, was enthusiastically received everywhere and was compelled to bow his acknowledgments to a most enthusiastic cheering. The weather was bright and fair. The feature of the day was the dedication of a handsome monument in Washington square in honor of the soldiers and sailors of Monroe county who died in defense of the union and the speeches of President Harrison and Governor Flower.

The buildings along the principal streets floated thousands of flags and countless yards of bunting and it is safe to say that never before in its history were such elaborate decorations seen.

The president and governor and other distinguished guests arose early and had breakfast at 8 o'clock at Ontario Beach, to do which a nine mile ride in

an electric car was necessary. A large body of gaily decorated bicyclists followed the car as an escort. The party stopped at Kodak park on the way to the beach and had their pictures taken. Upon arriving at the beach, the visitors were welcomed by the public and paro-chial school children of Charlotte who sang patriotic airs. On returning to the city the president and governor held a public reception at the Powers hotel lasting from 10:30 to 12 o'clock and kept the people busy shaking hands during the interim.

The exercises at the unveiling of the

Gen. Reynolds made a short introductory address, at the close of which the statue was unveiled by five young ladies, each the daughter of a veteran belonging to one of the five G. A. R. posts in this city. The oration was then delivered by President Hill, of Rochester university, and the poem read by Samuel H. Lowe. President Harrison and Gov. Flower each made an address. The benediction was pronounced by Rev. Dr. Asa Saxe, of the First Universalist

AT WASHINGTON.

Washington, May 31 .- Early yesterday morning the weather was cloudy and threatening and rain fell gently at intervals, but later, the sun broke through the clouds and there was nothing to interfere with the patriotic and solemn ceremonies of the day. The most elaborate ceremones at the

cemeteries were at the Arlington.
At the Soldiers' Home National cem etery the ceremonies attending the Memorial day celebration began at 10 o'elock.

Mount Vernon, the home of Washing ton, had many visitors and patriotic hands placed many a floral tribute on the tomb of the father of his country.

AT NEW YORK. NEW YORK, May \$1.-At sunrise yes terday the national, state and municipal flags were displayed at half mast. Though the day was bright during most of the morning, a shower fell at 9 o'clock, the hour fixed for the parade, but it had no effect on the army men, who were drawn up on the plaza, Central park, waiting for the signal. The regular troops, under command of Lieut.-Col. William E. King, headed the procession. Then came the national guard, naval reserve artillery and Grand Army posts in nine divisions, with the Old Guard as a guard of honor.

AT ST. LOUIS. Sr. Louis, May \$1.—Memorial day was observed here in about the usual manner. There was a parade by Grand Army posts and Sons of Veterans, after which they and several thousand citizens went by railroad and steamboat to Jefferson barracks, the army recruiting station, twelve miles down the river, where the remains of some 15,000 union and confederate soldiers lie in one of the nation's cemeteries.

AT JEFFERSON CITY, Mo., May 81.—Decoration day was observed here yesterday, the business houses and public offices being closed in the afternoon. Owing to the inclement weather the memorial services at the national cemetery were very brief. Upon the invitation of James A. Garfield post G. A. R. No. 6 of this city, Hon. John J. Ingalls, of Kansas, was present as orator of the occasion. His presence had been very extensively advertised and quite an assemblage was present from adjoining towns to hear him. He spoke shortly after 3 o'clock in the hall of the house of representatives.

HIGH WATER MARK.

burg, Pa.- Remarks of Gen. Beaver GETTYSBURG, Pa., June 8.—In the presence of thousands of spectators the high-water mark tablet of Gettysburg was dedicated yesterday. Ex-Gov. James A. Beaver delivered the oration and James Jeffrey Roche, of Boston, read the poem. Short addresses were also

Gen. Beaver said: As the years go by I become more and more convinced of the duty which devolves upon the survivors of our late war to smooth the way for the complete union in sentiment, in the beling of the people of all sections of our common country and for the utter destruction of sectionalism in all its forms and phases. Every regiment composing the army of the Potomaco has, or will, sooner or later, have a monument which shall icil the story of its devotion. But what of the forces which made it possible for the army of the Potomac to make a defense! From their right to their loft, with perhaps but a single exception, you will find no monument to mark the position of a single regiment of the army of northern Virginia. We cannot argue ourselves into the be-lief that they were right. We can admire their courage, fortitude and endurance. We can asknowledge that they were at least our equals in all that constitutes the soldier and makes him a forman worthy of our steel. Why should not this find an acknowledgment on this field! Why should not the strategy and tacties of the battle of Gettysburg be studied from both sides? Why should not the government of the United States take possession of this entire battlefield and make it a national park, which can be the resort of all our people? Why should not congress make appropriations for laying out and constructing avenues along the various lines on. constructing avenues along the various lines occupied by the army of northern Virginia and marking the position of every one of its regiments. An irrepressible conflict no longer separates us into contending factions. Our aims, hopes and ambitions for our country are

THE DALTON GANG.

Pursuit of the Men Who Robbed the Santa Fe-Loss Not Heavy.

GUTHRIE, Ok., June 8.—The six robbers who held up the southbound Santa Fe train at Red Rock Wednesday night were a very genteel set. They declined to interfere with the passengers, spol-ogized to the engineer for rudeness and monument were practically a review in altogether behaved very prettily. But which 8,000 men and boys formed into they did a vast amount of shooting and ne body outside of Wells-Fargo officials knows just how many thousand dollars they carried with them when they galloped away in the darkness toward the hills in the Creek country.

As is usual there is mystery as to the amount the gang sucured. The express officials are declaring now that not over \$4,000 was taken. Others say the amount was less than \$2,400. But the first account which declared that fully \$50,000 had been secured came from good authority, and was backed up by the statement of the railroad men. Is is impossible to get anything definite from the officials of the company. Their policy of concealment and belittling of losses in such cases is well known. It is generally believed here that quite \$50,000 was stolen.

An Indian who came in yesterday afternoon from the Iowa reservation said that he met in the road from the strip to the Iows land six men on tired horses. The men, he says, would not talk to him. There is no doubt that these are the robbers. They are believed to be the notorious Dalton gang.

Detective Ainsley, of Oklahoma City, says that he has had information for a week that the Daltonshave been in this country. A day or so ago a man he has been shadowing as their supply agent bought eighteen boxes of cartridges in Oklahoma City and departed quietly.

METHODIST BISHOPS.

The Changes of Residence Which Have

Been Agreed Upon. Омана, Neb., June 3.—The bishops of the Methodist Episcopal church have decided to make the following changes of residence:

Bishop Ninde leaves Topeka and will reside at Detroit, Bishop Mallalieu goes from New Orleans to Buffalo, Bishop Fowler from San Francisco to Minneapolis, Bishop Vincent from Buffalo to Topeks, Kan., and Bishop Fitzgerald from Minneapolis to New Orleans. Bishop Goodsell will be at Fort Worth for a time and then go to San Francis-

Bishop Vincent is quite ill here with an attack of bronchitis. His physician has given orders that he must cease talking for a few days until the disease can be overcome. This attack is the result of a severe cold that he contracted during the conference.

Fred Close Nominated. HOLTON, Kan., June 8.—The people's party convention of the First congressional district nominated Fred Close for congress on the eighth ballot. Seven names were presented and the proceedings at times were somewhat sensational. Mr. Close's nomination is regarded as a defeat of fusion prospects.

The following were elected delegates to the national convention at Omaha: J. L. Simpson, of Jackson; B. F. Shane, of Jefferson; D. H. Grossback, of Leavenworth; J. W. Tanner, of Pottawatomie. Alternates: L. T. McGuire, of Atchison: R. F. Parch, of Brown, and J. F. Ruling, of Nemaha.

THE silver free coinage bill was before the After desultory remarks it was arranged that discussion should commence on Tuesday, the Sist, to which time the senate adjourned ... The Hatch anti option bill received its first defeat in the house on a motion of its author to go into committee of the whole for the consideration of revenue bills. The anti-option bill was the first revenue bill on the calendar in the order of conderation and the committee, by a tie vote o 108 to 108, refused to take up the measure of the gentleman from Missouri. The action is by no means vital in its offect on the bill, as the meas-

means vital in its effect on the bill, as the measure merely retains its place on the calendar, subject to another motion of like portent by Mr Hatch at a subsequent date.

The senate was not in session on the 28th... in the house the legislative appropriation bill was reported by Mr. Forney, of Arkansas, and referred to the committee of the whole. The post office appropriation bill was then taken up and discussed until adournment. and discussed until adjournment.

THE day in the senate on the 31st was de-voted to the silver question, Mr. Sherman havthe floor in opposition to free coinage....
The post office appropriation bill was before
the house. The free delivery clause gave rise
to a good deal of discussion and a vote on a motion to increase the appropriation for the purpose disclosed the fact that there was less than a majority of members attending the business of the house. The committee on Indian affairs reported favorably a substitute for Culberson's bill to punish intruders in the five civ-ilized tribes in the Indian territory. The bill reported gives ninety days after passage of the bill for intruders to get out, and all intruders are subject to a fine of from \$200 to \$1,000, one-third to go to the tribe in which the intruder is found, one third to the informant and the remainder to the treasury of the United States. The court is also empowered to sentence to the pentendary for one year. The bill has been urged by the Indian agents from the tribes, who in sist that they are being imposed upon by the trespassers, and the number of intruders has ecently been increasing quite rapidly.

THERE is to be no vote on the free silver coin

e bill or on any amendment to it until after e Minneapolis convention shall have closed: and in all probability will be none until after the Chicago convention shall also come to an end-the senate having voted on the 1st on the suggestion of Mr. Aldrich, and without a single dissent from either side of the chamber, that no vote should be taken on that bill until after the 14th of June. An apparently innocent looking house bill to regulate the manner in which prop-erty shall be sold under decrees of United States courts had been taken from the calendar and was about to be passed without question, when Mr. Teller offered an amendment requiring officials to receive legal tender money in satisfaction of judgments. Mr. Sherman was prompt to notice as an effect of the amendment that it might be a violation of possible condi-tions in note or mortgage that the debt should be paid in gold. But Mr. Morgan moved to proceed to its consideration, notwithstanding Mr. Sherman's objection, and it was on that motion that Mr. Hill voted with the free silver men.... The post office appropriation bill was before the house. Almost the entire day was consumed in discussion of points of order.

In the senate on the 2d Mr. Turner's resolu-ion calling for the correspondence with Hayti. Colombia and Venezuela regarding reciprocity at length it was adopted. At 2 p. m. the free coinage bill was taken up and Mr. Stewart re-sumed his argument. Senate bill to provide for two additional associate judges of the supremo court of the territory of Oklahoma was passed .In the house Mr. Hatch, of Missouri, re ported the agricultural appropriation bill and it was ordered printed and recommitted. On mo-tion of Mr. Kem the senate bill was passed

granting twenty acres of the Fort Sydney mili tary reservation to the City of Sydney, Neb., for cemetery purposes. The house went into committee of the whole on the post office appropriation bill. Mr. Livingston, of Georgia moved to increase by \$200,000 the appropriation for star route service. Agreed to, 101 to 200.

BURNED TO DEATH.

The Fearful Accident Whereby a Soubrette Artist Lost Her Life. PROVIDENCE, R. L. June 3 - A terrible accident occurred at the City hotel at

an early hour vesterday morning, which resulted in the death of one of the best known soubrette artists on the Ameri can stage. Miss Polly McDonald, one of the lead-

ing ladies in Lester & Williams' Me and Jack company, now playing an en-gagement at Westminster theater, was the victim, and by a lighted match igniting her night dress she was literally baked from feet to neek, causing infuries which resulted in death at 8:30 o'clock.

Miss McDonald had occasion to light the gas about 2:30 o'clock and then she threw the match, as she thought, into a cuspidor, but it fell on her night dress and before assistance could reach her she was terribly burned. Miss McDonald was a native of England, 25 years old and had been with Tony Pastor, Hallen & Hart and other companies.

EXHIBIT FROM THE VATICAN. A Cablegram From Archbishop Ireland Announces That Fact.

CHICAGO, June 8. - News of important action wholly without precedent in the history of the Vatican was cabled to Chicago yesterday. Pope Leo XIII. in order to testify his interest in the Columbian exposition and his special respect for the American people has determined to send an important exhibit from the Vatican. Such a step was never before taken in regard to a world's fair by the papal authorities. The cablegram making the announcement of the intention of the holy father and authorizing the engagement of space for the exhibit was received from Archbishop Ireland by Hon. W. J. Onahan. The text of the message was as follows: To Onahan, Chicago:

That Is the Way Ministers Speak

A Most Wenderful Array of Outspoker Statements from Prominent Ministers of the Gospel.

No class of people in the community have a deeper interest in the welfare of the people than Ministers of the Gospel. They are brought close to the members of their congregation, study their wants, and are consulted on all subjects. Of late years, pastors are becoming well-versed in those things which contribute to the physical as well as spiritual comfort of their people. Many pasters are also physicians, and all seek carnestly for those things which they believe to be worthy and valuable.

The following statements made by Ministers of the Gospel, bearing upon this im-

portant point are most valuable: Rev. S. P. Smith, Marblehead, Mass. tions of the liver, which caused biliousness, and finally threw me into bilious fover. I was attended by a skilful physician, but still I suffered periodical bilious attacks and intense pain from the formation of gall-stones. I finally was obliged to suspend my pastoral work, when, after a thorough treatment with a most wonderful cure, was entirely restored to health and was able to work harder than ever. My appetite returned, my digestion was perfect, and l feel that I owe my restoration entirely to Warner's Safe Cure. I take pleasure in recommending it as a great remedy for all diseases of the liver."

Rev. C. A. Harvey, D. D., Washington, D. C.: "I take pleasure in stating that I have for many years been acquainted with the well-known Warner's Safe Cure, and with its remarkable curative efficiency in bstinate and so-called incurable cases of Bright's disease in this city. In some of these cases, which seemed to be in the last stages, and which had been given up by practitioners of both schools, the speedy change wrought by this remedy seemed but little less than miraculous. I am convinced that for Bright's disease, in all its stages no remedy heretofore discovered, can be held for one moment in comparison with

Rev. Benjamin Hall, New Castle, Westchester Co., N. Y.: "I suffered for a long time from malaria. I ran down in weight 30 pounds, could not sleep, and was unable to take care of my parish. I consulted one of the best pathologists in the City of New York, who found my fluids badly impregnated with albumen muoous, with hyaline casts abundant. I commenced Warner's Safe Cure and began to mend rapidly. My back ceased to ache, the malarial symptoms disappeared, and I now weigh more ever before. After my recovery I had another analysis made, when my fluid proved to be entirely free from casts, with only slight trace of albumen. The doctor said the casts were of the most dangerous character, and that I had had a very narrow

Rev. Henry C. Westwood, D. D., Provi dence, R. L. declares: "Ten years ago used Warner's Safe Cure and derived s much benefit from it that I was led to voluntarily write a testimonial in its favor. Since then some of my friends have proved the virtues of the medicine, and recently relative has been greatly relieved by its use. I therefore beg leave to place more emphasis upon the opinion of this reme-dial agent, expressed by me some ten years

Rev. J. P. Arnold, Camden, Tenn., makes the following statement: "For eight years I suffered from Bright's disease of the kidneys. The torture I endured no tongue can tell. One day I was laid up with an absocss, which discharged pus for twenty months. The best doctors in the country attended me, but could give no relief. Tw abscesses were running constantly, and, in fact, they only ceased to run after I began using Warner's Safe Cure, which, I am pleased to say, restored me to perfect

Rev. S. B. Bel., D. D., formerly pastor of First Presbyterian Church, Kansas City, Mo., asserts: "I have been most wonder-fully delivered from many paroxysms of unendurable torture by Warner's Safe Cure. Its virtues should be known by all

Rev. William C. Powers, Greenwood, S. C., makes the following graphic assertion:
"My wife suffered for years from an almost constant disposition to pass urine, which was done with great difficulty and in very small quantities at a time. The pain acompanying the discharge was excruciating. She was treated by three of the most skilful physicians, but without any perceptible improvement. She was completely restored to health by the use of Warner's Safe Cure."

Can you not see that such earnest and utspoken statements as the above come from the heart, that they are sincere, and that they are made because these ministers of the Gospel, know beyond question of what they speak! And does it not show how valuable this great cure becomes to those who are in need!

-Little Nellie was in great glee over a promised visit across the country to grandma's. She heartily agreed to the stipulation that she should get up bright and early. When awakened at four o'clock in the morning, she protested against being disturbed. "Why, you said you'd get up bright and early, minded mamma. "Yes, I know," admitted Nellie. "But this isn't bright and early. It's dark and early!"-Compan-
