What is

CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

Dr. G. C. Osceola,
Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

Dr. J. F. KIRCHGESSER,
Conway, Ark.

The Centaur Company, 71 Murray Street, New York City.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

E. A. ANCKER, M. D.,
111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

UNITED HOSPITAL AND DISPENSARY,
Boston, Mass.

ALLEN C. SMITH, Pres.

Educational Department.

D. M. HUNTER, Editor.

We have some excellent reports of Decoration Day exercises in many schools of Webster county which were received too late for publication.

The trees set out by the schools on Arbor day are growing nicely. They should be mulched to keep them growing during the months of July and August.

The following suggestions are part of a circular sent to school directors a few weeks ago:

1. Good men permanently located in the district should be elected as school officers.

2. Those districts that are out of debt and have the site of the school-house fixed permanently should make provision at this annual meeting to fence the school grounds.

3. Out-houses and school-houses should be scrubbed and cleaned—all obscene language and marks removed from them—before the next term of school opens.

4. Teachers and pupils need books etc., with which to work as greatly as the farmer needs plows, harness, etc. Boards should act promptly in furnishing all needed supplies.

5. Members of the board and patrons should visit their school several times during each term.

6. If nothing is to be reported in some spaces of the directors' annual report fill them with a cross, X. Amount on hand July, 1891, must be the same amount reported last year as on hand at that date. Being exact will avoid having the report returned for correction, will save time.

7. Every board should subscribe for the North Western Journal of Education, at cost to the district, as it is the official organ of the state superintendent, and it will keep them posted in points in school law and recent decisions.

8. As our County Teachers' Institute will be in session at the time that the annual report must be made, directors are specially requested to bring their reports with them and visit the institute if possible. All school officers and patrons should visit the institute.

9. As the teachers' institute for 1893 will be held during the last two weeks in March, school boards should arrange their terms so that all schools will be closed during the institute.

Respectfully yours,

D. M. HUNTER, Co., Supt.

Red Cloud, Neb., May, 1892.

The following circular in regard to our teachers' institute was circulated some time ago.

The Webster county annual teachers' institute will open June 27, 1892 at one o'clock p. m., at Red Cloud, Nebraska, and continue in session three weeks.

It is in the interest of every one intending to teach next school year to be in attendance.

To those who will not attend teachers' institute, a cordial suggestion is made to enter some other profession at once. Please do not ask for a teachers' certificate in this county.

All school officers and others interested in education are requested to visit the institute.

Thorough instruction will be given in the branches most needed by teachers of our schools.

A present will be given to every school having work on exhibition. The work should be done this year and be in the hands of the county superintendent not later than June 18th, if possible.

All schools, according to law, will be closed during the institute.

All applicants for certificates will
