The Red Cloud People who went to Minneapolis will ever remember Mr. Williams of Grand Island, one of the delegates, for the many favors that he extended to them while there. Mr. W. took care of the district in good shape.

If any of our people know where there is a bed of good hard rock, suitable for ballasting railroads, the B. & M. folks would like to know it, if such is in this county, or a good bed of sharp gravel. They propose to ballast their road.  
THE CHIEF is very much indebted to Rev. E. L. Ely for the able and masterly report of the Commencement exercises which he furnished for its columns during the editor's absence in Minneapolis, and other favors in the reportorial line.

W. E. Andrews of Hastings, was nominated on the republican ticket on Wednesday, at McCook, for congress. Mr. Andrews is an able scholar and a man peculiarly fitted to cope with McKeighan in a race for congress, and will be elected in November.

We wish again to call attention of our stockmen to the sale of short horns at Superior, Neb., Saturday, June 25. The sale will be at the creamery stables. This will be a grand opportunity to get some fine cattle at your own price. See ad in another column of this paper.

Hon. T. J. Ward of this city, a prospective candidate for congress in this district on the democratic ticket, leaves Saturday to help nominate the next candidate on the democratic ticket for president. Jeff is a Simon Pure Bourbon and is never so happy as when helping the democrats to get there.  
The city authorities should at once notify all property owners and others to clean up the alleys. They are in a beastly condition and will be the means of much sickness should they remain in this way any longer. The council should authorize Street Supervisor Ward to see that the work is done.

Attention is called to the public sale of short horned cattle by J. W. Dean of Maryville, Mo., which will take place at Superior, Neb., June 25, 1892. He has been a prominent exhibitor at the leading fairs for several years. Our stockmen should not fail to attend the sale. See advertisement on another page of this issue.

The Nebraska division of the league of American wheelmen will hold their second annual tournament at Hastings, Neb., July 4th and 5th. The other day the city arrested a man for canvassing. He was jailed. On Saturday he was released on a writ of habeas corpus issued from the U. S. court. ## Epworth League Convention.

The Epworth League convention of Hastings District held its annual meeting at the M. E. church in this city on Monday and Tuesday of this week. The delegates began to arrive early on Monday morning and as the beam of the scales weighing their combined mental and moral worth went down, the indicator of the spirits of the local committees went up, as they thought of the good things in store for us. The weather was all that could be desired. The bright sunshine was reflected in brighter smiles and happier faces of old and young.

As the meeting progressed enthusiasm and interest waxed more intense.

Miss Anna Randall gave the address of welcome in a witty and very pleasant manner. This was responded by Rev. W. R. Jones, P. E. of the district, after which the address of the evening was given by Rev. H. A. Ewell, president of the District. His subject was, "Why the Epworth League is better adapted to our church than any other young people's society."

He spoke appreciatively of other denominational societies, which his arguments were most convincing, that for the M. E. church none can approach the Epworth League in their ability to train and educate the young.

At five o'clock the next morning the early risers gathered at the church for a sun-rise prayer meeting.

Later on, the program was taken up and several able and valuable papers were presented, bearing on the different lines of work.

Among our distinguished visitors was B. L. Paibe, M. D. of Lincoln, who interspersed the exercises with songs rendered in his own pleasing and inimitable manner.

In the afternoon "a model Epworth League devotional meeting was conducted by Dr. Paine. "Difficulties in the work" as viewed from various standpoints was ably and forcibly discussed by various persons.

Mrs. E. J. Case and Prof. G. M. Caster, of our city, each favored the convention with practical, scholarly papers on the "Literary Department of Work." Space forbids our entering more definitely into a report such as the merit of each deserves.

In the evening Miss Sadie Carr of Edgar and a young Junior of Hebron gave recitations, which seemed to delight the audience and each were heartily encored. Resolutions were read by Rev. Burbank and other business matters referred to.

The closing address of the convention was given by Rev. C. B. Lenfest. He spoke impressively and feelingly. Thus our friends have come and gone, leaving behind them the fragrance of pleasant memories, and taking with them, we trust, happy thoughts and favorable impressions of our homes and our city.

"God Bless the Epworthians."

## What Stronger Proof

is needed of the merit of Hood's Sarsaparilla than the hundreds of letters continually coming in telling of marvellous cures it has effected after all other remedies had failed? Truly Hood's Sarsaparilla possesses peculiar curative powers unknown to other medicines.
