## Republican National Ticket.

For President, **WENJ. HARRISON,**  
For Vice-President, **WHITELAW REID,**  
For Congressman 1st District, **W. E. ANDREWS.**  
County Ticket.  
For Representative 4th district, **JOHN McCALLUM**  
For County Attorney, **MANOLPH McNITT**  
For Coroner, **Dr J W HOYT**

The republicans are bound to win this year.

The republican platform as adopted by the state convention this week, is one of the soundest documents that has ever been presented by any party in the state. Every voter should read it.

Van Wyke's nomination is a bitter pill to most of the tried and true independents. To the bulldozers his nomination is satisfactory. One thing is certain, he cannot carry Nebraska by 20,000 votes.

Hon. James G. Blaine, the Plumed Knight, of Maine, will take the stump for President Harrison, in a few days. One thing is certain Mr. Blaine can always be depended upon in a political campaign. He never sulks in his tent.

As W. H. Austin, of Franklin, has received the endorsement of this county there is no doubt but what he will be nominated next month at Red Cloud for state senator. He will make a good capable officer of whom we may be proud.—Eoho.

We presume when the democratic congressional convention meets in Red Cloud, that they will nominate our "Jeff Ward" for congress. Jeff is a fearless and enthusiastic exponent of democratic principles and we should like to see him nominated.

President Harrison's nomination of George Shiras, Jr., as Justice of the Supreme court, maintains the high standard of all his judicial appointments. The appointments he has made to the bench have on unstinted commendation and praise from political friends and foes alike.

Liberty, the independent paper published at Lincoln, is ripping our independent demagogues up the back as the saying goes, and he is doing well. For this act he is getting many rebuffs from his party, who would vote for anyone in order to do something smart, whether he was a fit man or not. Liberty is certainly justified in pounding Van Wyck.

The Hon. Wm. McKinley, governor of Ohio, and the celebrated author of the McKinley bill, which has become known the world over and which has made its author famous, and perhaps better known than most and other American, addressed the people of Beatrice, Lincoln, and Omaha this week. In the three meetings he spoke to fully 50,000 people. He is a magnificent speaker and when he talks, he carries conviction to his listeners.

On the first page of to-day paper we publish a statement of Senator Paddock, made to the Bee reporter. Nebraska has never as a state, had two such able men and statesmen to represent her in congress as Messrs Paddock and Manderson are. Some one has accused Senator Paddock as having voted against the McKinley bill. His statement on the first page of this paper thoroughly controverts the statement and sets it to rest. He has been a steadfast worker for Nebraska and for the farmer element and anything that could be done to aid the working class has been done by the senator. What is true of one Senator is true of both. They are ardent workers and have done more good for the state than can be done by new recruits. The two senators are certainly to be congratulated on their successful management of Nebraska affairs in congress.

**Vote Against the Greenbacks.**  
It is reported that if the Greenbackers get into power they will pass a law to make everyone buy Haller's Sure Cure Cough Syrup and do away with doctors.

## Our Candidates.

At the republican convention held last Thursday, the 28th, two of our very best Webster county men were placed in nomination for representative and attorney. This is a year of clean men, and all along the line the republicans have nominated such.

Our readers are familiar with the characters and lives of our presidential candidates.

HARRISON AND REID,

hence it is not necessary for us to dwell long upon their good qualities, for no one of whatsoever political party can say a bad word against either, and say it truthfully and as to statesmanship their record goes unimpeached and will stand beside that of the immortal heroes who have made America famous the world over. Both believe in honest government and believe that America should be for Americans. So much for the next president and vice president. For congress in this district the republicans have wisely nominated that "peerless and silver tongued orator," of Hastings,

HON. A. W. ANDREWS,

a man who if elected, and he surely will be, can and will represent the 5th district in a manner that it deserves. He is able and scholarly, understands political and economic situation fully, discusses the tariff and other great subjects easily and in a manner that is neither egotistic or bombastic, but as is commonly said "is a shoulder hitter." THE CHIEF feels proud of Mr. Andrews and believes he will be elected in November. He is the kind of a man to have in congress. The republicans everywhere are enthusiastic over his nomination.

JOHN McCALLAN,

who came to Webster county twenty years ago a poor but industrious man and purchased a homestead where he has since lived an honest and straight forward life, surely winning his way to success step by step, over the rough and stormy years that this part of Nebraska has passed through. A man who can successfully withstand the hardships of frontier life and make it win, is certainly the man the people want to represent them in the legislature. He is a very successful farmer and will be elected. He is a clean, honest upright citizen, and would be a credit to the county.

For county attorney,

HANNY McNITT,

was nominated. Mr. McNitt is a young man, a thorough graduate of law, a clean upright young man who every one knows to be just the fellow for county attorney for he will attend to it as it should be. Webster county voters should see that Ranney is elected. The office of county attorney was not created for the purpose of keeping any one man, but was created for the purpose of maintaining order and law in our county, and if properly attended is an important office and should be held by a competent lawyer.

For Coroner, Dr. Hoyt of Cowles was nominated. The doctor though unknown to us is reported by his friends to be a No. 1 man and well qualified for the position.

As we have remarked several times in this article that this is a republican year and a year for clean men, THE CHIEF can point to both with pride, for not a man on our ticket so far has

# DR. PRICE'S Cream Baking Powder.

Used in Millions of Homes—40 Years the Standard.

the least taint about him, but all are clean and good sound republicans. The enthusiasm shown now will be redoubled and thrilled by the ideas of November.

Our Independent friend of the Nation, says that the republican nominees are good men. There he is right for no better men live in Nebraska than those on the republican ticket, but when he says they belong to the money power he simply is throwing out sop to the independent voter to keep him in line. The money power is moonshine, it is folly, it is idle talk, unwarranted and untrue as applied to the republican party any more so, than to the People's party. In Nebraska for instance, let us compare the money power candidates and hangers on, of that party that is so much interested (?) apparently in the welfare of the workingman. Let's see. There is the saintly VanWyke, how is he? Worth nearly a cool million, a man who is said to have imported men by the hundred to Nebraska to take up government land for him, then there is the celebrated VanDerVor, another wealthy gentleman in the employ of monopolies, (of course he is not controlled by the money power, oh no.) Then again there is Powderly what is he? A few years ago when he assumed control of the Knights of Labor he was a poor man, to-day, he is healed. How did he get it? And all along the line with a few exceptions, the men who are espousing the cause of the people's party are men, who if not millionaires, are better fixed than lots of the poor people who have been led into following a nightmare by the independent leaders. Riches are not to be despised, and on that subject, we wonder if any independent would refuse a fortune or a thousand acres of land if tendered him? We suppose he would, because a man according to their idea has no right to be anything else but a poor man, he must not have any ambition any farther than cursing some fellow for being a little better fixed than he financially for when that fellow gets fixed he immediately becomes under the control of the money power. See! Consistency surely thou art out of business in the independent camp.

The Independents nominated the following state officers at Kearney on the 4th.

## Dyspepsia

Few people have suffered more severely from dyspepsia than Mr. E. A. McMahon, a well known grocer of Staunton, Va. He says: "Before 1878 I was in excellent health, weighing over 200 pounds. In that year an ailment developed into acute dyspepsia, and soon I was reduced to 100 pounds, suffering burning sensations in the stomach, palpitation of the heart, nausea, and indigestion.

I could not sleep, lost all heart in my work, had fits of melancholia, and for days at a time I would have welcomed death. I became morose, sullen and irritable, and for eight years life was a burden. I tried many physicians and many remedies. One day a workman employed by me suggested that I take Hood's Sarsaparilla, as it had cured his wife of dyspepsia. I did so, and before taking the whole of a bottle I began to feel like a new man. The terrible pains to which I had been subjected, ceased, the palpitation of the heart subsided, my stomach became easier, nausea disappeared, and my entire system began to improve. With returning strength came activity of mind and body. Before the fifth bottle was taken I had regained my former weight and natural condition. I am today well and I ascribe it to taking Hood's Sarsaparilla."
