## County Ticket.

- Representative 6th district, **JOHN McCALLUM**
- County Attorney, **HANDOLPH McNETT**
- Clerk, **Dr. J. W. HOYT**

By the way has McKieghan that government building for Hastings in his vest pocket? It is not to be seen in this city.—Hastings Republican.

Webster county is going republican this fall by 900 majority. If every county in the 5th district will vote as straight for the republican ticket as will Webster county, every man on the republican ticket, from road overseer up to president will be elected.

The other day at Sutton, after the joint debate between Andrews and McKieghan our fellowtownsman slipped off to his hotel, and was overheard to say, "that if the republicans kept up that kind of enthusiasm they would make it interesting for him" and he can bet his life that the interest will be kept up.

Millionaire Van Wyck, and "Constitution" be a—Shrader, are losing votes in this county. Van Wyck's record is very bad and honest people of whatever political party will refuse to vote for him on the ground that he would not be a safe man in the executive office. He is opposed to every thing that is common with the farmer.

The people's party in Kansas, like Nebraska, after having themselves hoarse for two years over the "outlandishness" of putting bondholders and bankers into office, have nominated and are running a millionaire for governor. Consistency in that party is on the fence, and is about to jump into the arms of the very fellows it has been fighting.

Our republican friends should not forget that we have a clean set of men on our ticket this year. Judge Crouse, our candidate for governor is very much the superior in every way of Van Wyck, and what is true of Crouse is true of every man on the ticket. With such men no wonder that republican independents are coming back to the party by hundreds.

Fully one-half of the democrats of the district are fighting McKieghan, and hundreds of independents are turning over to the republicans, hence our demopopulist friend will have to get off his mule team, and get something faster if he gets elected. Swiftmess however will not get him these days, as Mr. Andrews will draw the salary for the next two years after the 8th of March, 1910.

We have heard it stated by free traders that American manufacturers sold their wares in foreign countries cheaper than at home. In contradiction, we will take the price of twist binders, retail price in this country about \$145, in England \$225, France \$240 and Italy much higher than either. Mowers, in the U. S. about \$90, England \$70 to \$80. France \$90 to \$100, and so on down the whole list. In every case the implements bring higher prices in foreign markets.

John McCallum, that big-hearted industrialist and successful farmer will make Riley's chances look slim when the votes are counted this fall. Mr. McCallum is a gentleman and also a political scholar. He is more than familiar with the wants of Nebraskans and if elected will no doubt satisfactorily represent the constituency of his county. His friends can rely upon his honesty and ability if elected to cast his vote where it will do the most good to the greatest number.—Blue Hill Leader.

It is reported to us that down in Webster and Nuckolls counties the candidacy of W. W. Austin is meeting with much approval as the voters are becoming acquainted with him, and it is confidently predicted by the knowing ones down there that he will carry each county by a handsome majority. Up here in his own county where he is so well known he should receive a handsome vote, getting every vote in his party and occasionally capturing a vote in the other parties. He is known as a No. 1 business man, and his long business experience should eminently fit him for good hard work in the senate.—Ebo.

## Joint Debate.

On October 20, the city of Red Cloud will have a big day, and especially the republicans, for that is the day and date that Hon. W. E. Andrews and Hon. W. A. McKieghan will have their joint debate in Red Cloud. Every voter in Webster county ought to turn out on this occasion. Both gentlemen will define their positions in politics and that is what you want to hear.

J. L. Kaley's numerous friends in this city and county were more than pleased to learn that he was nominated for county attorney of Douglas county by the republican convention held at Omaha last week.

Mr. Kaley is well known here. On his coming to Nebraska in 1878, he located at Bloomington where he engaged in the practice of law in connection with his brothers here, but all under the firm name of Kaley Bros. While at Bloomington, he was elected Judge of that (Franklin) county in which position he served about two years, but before his term expired his brother, the lamented H. S. Kaley, was appointed by President Garfield as consul to Chemnitz, Germany, and in order to consolidate the firm, Mr. Kaley, more familiarly known as "Jake," resigned as judge and removed here with his family.

In 1885 he was elected to represent this and Franklin counties in the lower house of the legislature by the largest majority on the ticket. Jake is known throughout the Republican valley as an honorable, upright citizen, an able lawyer and impartial judge.

He enjoyed a lucrative law practice in this and adjoining counties, but in search of a larger field of labor he removed to Omaha three or four years ago, where, THE CHIEF is glad to know, he is prospering; well in his profession. If he is successful in the election, we do not hesitate to say Douglas county will have an able and fearless prosecutor.

The wail of the calamity papers and their henchmen that mortgages are becoming more numerous must be said to those men who are branching out in life and trying to get homes. Many of whom have not a sufficient amount of capital to pay for a farm spot cash and are giving security for payments that they are unable to make, but can raise the same off of one year's crop if the seasons are propitious. And that is what the calamity papers call going to the dogs. Well if that is hard luck we ought to have a whole lot more of it, for no man is so well off as the man who is getting a home for himself and family to live in and paying for it and of what he raises, and often is enabled to pay for a good farm in two years in Nebraska. Certainly a man who is doing well today pays but little attention to men who howl calamity upon our streets and in newspapers when they ought to be at home earning a living for themselves and family. There is no cause for calamity howling except perhaps by those who are too shiftless to take a hold of the many chances that God has put before them that they might all their offers with plenty, but when they observe the prospects and then think of the perspiration it will cause, they set back in their chair and howl "there ain't enough money and everything is going to the dogs." Such men should not be asked to fix the policy for the industrial classes. No sir.

Out in Catherton township, the independents have to resort to all kinds of subterfuges in order to draw a crowd. The other night they advertised a magic lantern show, and when the people got there they found three independent speakers. But then, the independent party is a magic lantern outfit, as it just as often casts a deceptive light as anything else.

Call on us for boys' suits, we are strictly in it in this line.

## Educational Department.

D. M. HUNTER, Editor.

To officers, teachers, and patrons of the schools of Webster county, Nebr.: I heartily endorse the movement for the celebration of the four hundredth anniversary of the discovery of America to be held on Oct. 21, 1892, and recommend that every school in Webster County celebrate the day by having exercises appropriate for the occasion.

Let patrons and school officers join with teachers and pupils in the proper observance of this day which made it possible for the settlement of the best country, and the establishment of our own United States of America.

Every teacher in the County will receive a copy of the official program this week. This program may be modified to suit the needs of the different schools when necessary. Other programs from which valuable help may be obtained will be found in almost every Sept. No. of the various school journals.

Very truly yours,  
D. M. HUNTER, Co. Supt.  
Webster County, Nebr.  
Red Cloud, Neb., Oct. 3, 1892.

On last Saturday twenty-four teachers besides others interested in educational work assembled at the school-house in Bladen to hold a teachers' meeting as previously announced. Some took quite an active part in the exercises of the day and there was not one teacher present who did not say something on some question for discussion.

The talk upon some of the subjects on the program was so interesting that the time for the meeting passed by before all the program could be fully carried out. Only a few that were asked to do some special work for the meeting were absent. We think that all enjoyed the meeting and felt that the day had been profitably spent.

If our meetings continue to be as good during the year as the two that have been held, we believe that Webster county teachers will take a long step in advance of what they have done in this line during previous years. The names of those present at this meeting are as follows: Wm. I. Fraser, W. E. Grant, H. G. Keeney, Bertha J. Lovejoy, Blanche Mary P. Beale, Clara E. Hoover, Arnold, M. Laird, Minnie Vaseen, Zoe Keith, Bessie, Nettie, Julia J. E. Hammond, N. E. Laird, White, Margaret McLeod, Laura Mae Hobart, Nora McCall, Jos. O. Hall, Mrs. Anna M. Hall, Lizzie Marker, Tishie Marker, Emma J. Best, Geo. C. Mann, Oscar A. Arnold.

On last Friday evening the teachers' local reading circle in Catherton held an interesting meeting at the home of Mr. Ramey.

The local circle of Garfield met last Saturday evening and carried out the program announced last week.

Present indications seem to point towards an improvement in the schools of Webster county. They will improve as far as it is in the power of the teachers to improve them.

Program of the Garfield circle for Saturday evening Oct. 15.

Talk on electricity and its applications by J. M. Earner.

Biog. of Hogarth.—Jno. L. Springer.

## Purify Your Blood

The importance of keeping the blood in a pure condition is universally known, and yet there are very few people who have perfectly pure blood. The taint of scrofula, salt rheum, or other foul humor is hereditarily transmitted for generations, causing untold suffering, and we also accumulate poison and germs of disease from the air we breathe, the food we eat, or the water we drink. There is nothing more proven conclusively than the power of Hood's Sarsaparilla over all diseases of the blood. This medicine, when fairly tried, does expel every trace of scrofula or salt rheum, removes the taint which causes catarrh, neutralizes the acidity and cures rheumatism, drives out the germs of malaria, blood poisoning, etc. It also vitalizes and enriches the blood, thus overcoming that tired feeling, and building up the whole system. Thousands testify to the superiority of Hood's Sarsaparilla as a blood purifier. Full information and statements of cures sent free.

## Drunkennes, or the Liquor Habit Cured at Home in Ten Days by Administering Dr. Haines' Golden Specific.

It can be given in a glass of beer, a cup of coffee or tea or in food without the knowledge of the patient. It is absolutely harmless and will effect a permanent and speedy cure, whether the patient is a moderate drinker or an alcoholic wreck. It has been given in thousands of cases, and in every instance a perfect cure has followed. It never fails. The system once impregnated with the specific, it becomes an utter impossibility for the liquor appetite to exist. Cures guaranteed. 48 page book of particulars free. Address the Golden Specific Co., 185 Race Street, Cincinnati, O.

## Abraham Lincoln

Abraham Lincoln's physician, the eminent Dr. Holland, who attended him in his last moments, when the brave man's life was fast ebbing away, stated that it was not the direct result of the fatal shot of "Booth" but the reduced physical condition of the president due to the enormous strain upon his nervous system that if he had taken the necessary precautions to have kept his blood, liver and kidneys in a sound and healthy condition recovery would have been certain, and that the remedy he always recommended was Hepaticure, the Great English Blood and Liver tonic, as it is absolutely certain to cure all these troubles. For sale by L. H. Deyo.

## Wright's Health Underwear.

Non-Irritating, Always Soft,  
And more durable than the ordinary knit.

New York, 1892.

To the Trade and the Consumer:

In submitting to you the "Wright's Health Underwear" we desire calling special attention to their SANITARY QUALITIES.

The garments absorb the perspiration as rapidly as emitted through the pores of the skin and carry it to the surface of fabric where it is evaporated, thereby preventing the body from being suddenly chilled by atmospheric changes and guarding the wearer against colds, la grippe, pneumonia, rheumatism, etc.

The finest material is used in their manufacture, and for warmth, comfort and durability are unsurpassed.

The fleecing is woven in the fabric and is guaranteed not to wear off until the garment is thoroughly worn out. Use only ordinary care in washing fine woolsens.

Upon their merits alone we commend to you
