The long winter evenings cou'd not be more profitable spent by patrons, school officers, and others than in making a study of Pages' Theory and Practice and Hale's Lights of Two Centuries. A study of Page's Theory and Practice by patrons and school officers would have a tendency to create more sympathy with the teachers in their work in the school room, Iuminated every evening.

The Veiled Prophet parade, which took place Tuesday evening, was, I am told, more beautiful than any previous told, more beautiful than any previous each district should do in order that each district should do in order that

e marked benefit which people in run n or weakened state of health derive the or weakened state of health derive in Hood's Barsaparilla, conclusively proves the claim that this medicine "makes the weak streng." It does not act like a stimulant, imparting fictitious strength from which there must follow a reaction of greater weakness than before, but in the most natural way Hood's Barsaparilla overcomes that tired feeling, creates an appetite, purifies the blood, and, in short, gives great bodily, nerve, mental and digestive strength.

"Last spring I was completely fagged out.

My strength left me and I felt sick and miscrable all the time, so that I could hardly attend to my business. I took one bottle of Hood's Sarsaparilla, and it cured me. There is nothing like it." R. C. BEGOLE, Editor Enterprise, Belleville, Mich.

\$15,000 TO LOAN TO WORTHY STUDENTS.

No money required to receive an education at this college. The only conditions of admission are a good moral character and an ambition to secure an education. This college has set aside \$15,000 to be loaned during the present year to young people who wish to attend our school, but have not the ready funds. All the time needed will be given in which to pay the loan; and a student can take a full course to graduation without a dollar to begin with.

IT IS BEST TO PAY AS YOU GO; but if this is impossible you cannot afford to start in life without an education when you have an opportunity like this. Ten states represented in the attendance and fitty graduates last year. Board in private family \$2.00 per week.

We teach the Electric Short-Hand which can be learned in less time than other systems. After you have read the circulars of all other schools, send for our estalogue and we will leave it t your judgment which school in the west ranks first in standing. Address,
