

The Keystone Watch Case Co. of Philadelphia,

the largest watch case manufacturing concern in the world, is now putting upon the Jas. Boss Filled and other cases made by it, a bow (ring) which cannot be twisted or pulled off the watch.

It is a sure protection against the pickpocket and the many accidents that befall watches fitted with the old-style bow, which is simply held in by friction and can be twisted off with the fingers. It is called the

Non-pull-out

and CAN ONLY BE HAD with cases bearing their trade mark—
Sold only through watch dealers, without extra charge.
Ask any jeweler for pamphlet, or send to the manufacturers.

Turned Down.

Nebraska Republicans.

The republicans of Nebraska have reason to congratulate themselves upon the outcome of the contest of this state.

The democratic plot to capture the electoral vote of Nebraska by throwing the bulk of the democratic vote to the Weaver electors has miscarried. There can be no doubt that Nebraska will cast her electoral vote for Harrison, although the plurality may be comparatively small.

Lorenzo Crouse has been triumphantly elected governor of this state by at least 12,000 plurality, and all the republican candidates on the state ticket are doubtless elected by pluralities ranging from 10,000 to 12,000.

Returns so far received indicate that both houses of the coming legislature will be republican by a small majority, insuring the return of a republican to the United States senate. This is most extravagant estimate of republican strength in the next legislature was a membership of from 62 to 65.

It is now certain that at least three of the six republican candidates for congress have been elected, with a possibility of the election of four members.

In view of the tremendous odds against which the republicans of this state had to combat, coupled further with the fact that they were left entirely to their own resources, the splendid victory achieved is a source of supreme satisfaction to every republican in the state.—Bee.

It is now conceded and virtually settled that Grover Cleveland has again been elected president of the United States. The democrats have carried the solid south, which, notwithstanding, the predictions of wide-eyed Weavers and republican visionaries, remains more solid than ever. They have carried New York, New Jersey, Connecticut and Illinois, which alone give Cleveland and Stevenson a majority in the electoral college. They may even carry Wisconsin and Indiana, which are very close and claimed by both parties.

All the other northern states, excepting possibly Nevada and Montana, will cast their electoral vote for Harrison. Sagbrush Nevada, with only 40,000 population, has borne the only fruit of the great populist uprising which ventured into the arena of national politics at Omaha July 4, with the startling declaration that the country is on the verge of ruin.—Bee.

Our Rooster Stands Up for Nebraska.

The Republicans have taken to the woods.

Georgia went democratic. Very surprising.

Free trade, wildcat money, and free silver will go now.

Oh! for a land where democrats and Grover Cleveland are not known.

The independents were not of great force except to help to elect Grover.

The state ticket is safe, thank goodness we have one little ray of light.

It is McKeighan, he having carried the district by about 3000 majority.

The solid south and almost a solid north remains to tell the story of "how Betsey and I killed the bar."

We have met the enemy, and are done up from a head end collision. It is needless to say that the republican party "isn't in it."

The battle is over, and now let our people put aside all political animosities and see if we cannot get a rapid gate on the Gate City.

The election passed off very quietly. The Australian ballot system does away with all of the stir that used to occur on those occasions.

Now that election is over THE CHIEF hopes that the Business Men's Association will do what they can to secure a beet sugar factory in Red Cloud. It is important that our people should try and get several manufacturing institutions to locate in Red Cloud. With the finest water power in the state of Nebraska, there is no reason why we should not have a dozen manufacturing factories located here. A flax mill, a beet sugar factory, a starch factory, a paper mill, woolen mills, and kindred institutions, could be operated in Red Cloud and an effort should be made to get them located. With such enterprises in Red Cloud, she would grow and they would furnish employment for our laboring men, and what is of interest to them, would be advantageous to the farmer. It would not only furnish a good market at home, but would enhance the value of farm and city property, therefore, every man, woman, and child in the county should interest themselves in seeing that Red Cloud has more manufacturing institutions.

On last Sunday morning, Rev. J. D. Puls, D. D., for the last eighteen months has been the resident pastor of the First Baptist church of this city, preached his farewell sermon, having decided to accept a call to the pastorate of a Grand Island church. His sermon was intensely interesting and a master-piece of eloquence, from a religious stand-point. During its delivery many were the eyes dimmed with tears. Mr. Puls had a warm place in the hearts of his brethren in Red Cloud, and was a favorite among the common people. The people of this city will be sorry to hear of his decision to move away from this city, yet he will be a favored acquisition to any city in which he may locate as he is a polished gentleman and a minister of more than ordinary ability.

Hebron Schools.
Six weeks of the Hebron school have passed and they, we think, are sufficient to cast a shadow before of what the coming weeks shall be. The first regular examination was held last week. They are to be held every six weeks instead of monthly as heretofore an excellent change, so thought by all concerned.

The new superintendent, Prof. Lorance seems to have won the full confidence and hearty esteem of both teacher and pupils by his kind considerate and unassuming manner. His line of authority seems to be so gently but firmly held that obedience seems rendered from love and not fear. This is as it should be in school as well as homes.

The two new teachers, Miss Hughes in the high school, and Miss Reigle in the seventh grade, are excellent teachers and much adored by their pupils. The other teachers are too well and favorably known to need any eulogies here. Altogether Hebron now has a school to be proud of and the present sentiment indicates it.—Hebron Journal.

Gathering corn and finishing up on sowing rye is the order of the day. Wheat is up and rye is coming nice since the fine rain.
Some sickness in our part, John Davis' little child died last Thursday from whooping cough. It was a little girl five months old.
Frank Graham has a sick child that is thought to have diphtheria. At last accounts it was better.
C. Stevens sold a load of nice hogs in Red Cloud for five cents last Saturday.
Potatoes are all dug and in the cellars; the farmers have from 40 bushels up to 300, and they are being sold from 70 cents up to \$1. What country can beat this on crops: good wheat, rye, Oats, millet, corn, and potatoes.
Sam Johnson raised about 1,500 bushels of oats, and 218 bushels of millet seed from acres of land.
Geo. Mountford raised 1,400 bushels of oats, Mr. Stevens and Rosenorans 1,200 bushels of fall grain, Mr. Haskins 1,500 bushels. Some corn is making 60 bushels to the acre, worth 22 to 23 cents per bushel.
Mr. Potter's little girl that has been sick so long is improving slowly.
Miss Alma B. Wilson went to Smith Centre last Saturday to attend the teachers' meeting.
John Davis has put up a new crib and has it filled with corn, and him a lame man, who can beat that.
Oscar Provalt has put up a nice stone house and is making other valuable improvements.
Iryin Collins and Dug. Davis are also improving.
A great many new buildings in this part: dwellings, barns, granaries, and cribs, and land is advancing in price and no farms to rent.

OCCASIONAL.
The Advertising
Of Hood's Sarsaparilla is always within the bounds of reason because it is true; it always appeals to the sober, common sense of thinking people because it is true; and it is always fully substantiated by endorsements which, in the financial world would be accepted without a moment's hesitation.

For a general family cathartic we confidently recommend Hood's Pills.
Mrs. Skeen has had the Stern building nicely fitted up and will make a handsome location for a restaurant.

Wanted.
A few good farm loans, six per cent interest. No second mortgage.—D. B. SPANOGLE.

AYER'S Cherry Pectoral

In colds, bronchitis, la grippe, and croup, it is

Prompt to Act sure to cure.

It is with pain that we have to record the death of another old resident and highly respected citizen of Webster county, Mr. D. G. Grice who passed away in this city on Nov. 9th, after being in failing health for some years from a complication of diseases resulting from his service in the war.

Mr. Grice was born in Crawford Co., Ill., in 1835, was married to Miss Byrline M. Taylor, in 1857, and removed to Nebraska county where he lived until his location in Webster county, Neb., in 1879. When the call to arms came in 1861, Mr. Grice responded quickly and served the term for which he enlisted and came home and remained about a year when he re-enlisted and served until the close of the war a period of four years and three months in all.

He gave his best years and the strength of a lifetime to his country being twice wounded and never after enjoying the health which he might have enjoyed otherwise. His wounds were painful and a great tax on his strength as long as he lived so that in the service of four years he gave the strength of a lifetime.

As a husband and father he was thoughtful and kind, as a neighbor he was all that could be desired, as a citizen he was loyal and brave.

His family is composed of the mother two sons, Bert, of the firm of Deyo & Grice, and Flavin employed with Messrs. Sherwood & Albright and Mary, the wife of John Rutledge living north of Lincoln.

The funeral was conducted from the residence by Rev. E. L. Ely under the auspices of Garfield Post of which he was a member and a large concourse of people followed the remains to the cemetery. When the casket had been lowered into the grave Mr. Ely delivered a brief eulogy of the dead soldier, speaking of his brave service of over four years and of the debt of gratitude we owe to those who fought to save our flag and of the fact that they are fast passing away.

It should be said of Mr. Grice that the greater part of his life had been spent in Christian service and although for sometime past he had been somewhat indifferent, yet he left the testimony behind that he was again reconciled to God and ready to go.
