"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."
H. A. Ancrus, M. D., 111 So. Oxford St., Brooklyn, N. Y.
"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."
Dr. J. F. Knowlton, Conway, Ark.
"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have access to our medical supplies which is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."
