THE CHIEF

Friday, Nov. 25 1893

It is rumored in the air that Congressman McKeighan has his head set for the senate via the state of Nebraska.

There is talk of sending Mrs. Lease, the populist orator in Kansas, to the United States. It would be a great joke on Kansas.

One thing is very pleasant to ponder over, and that is that J. E. Boyd will have to get up and get out of the governor's office.

It is our opinion that Postmaster General Wanamaker should allow "Printer's Ink" to go through the mails as second-class matter just the same as any other periodical. It is an instructive Journal and worth its weight in gold.

If the next legislature does its whole duty to the state, it will elect Senator Paddock to succeed himself in the United States Senate. This state has never had two such able men as now represents us in the national legislature.

Winter is coming on and the city council should appoint a fire inspector. The flames in the buildings in Red Cloud are in a bad condition in many buildings and should be condemned. This is a duty that the council owe the people. No one knows when a fire may occur from a defective flue. Will the council attend to it?

Water Commissioner Ward is busily engaged in digging the necessary trenches to lay new water mains from J. W. Warren's residence to E. B. Smith's via D. J. Myer's residence. This will connect a dead end, giving us a better water service. When this is completed the city will have about six miles of mains. About a mile and a half of mains have been laid this season. Red Cloud has about the best system of water works of any city in western Nebraska.

On last Saturday evening, "the great unwashed," as Horace Greeley, or some other man, used to term the democratic party, held forth in a grand jubilee on the public streets in token of the victory recently acquired at the polls, by which the stuffed prophet of Gray Gables was elected to the presidency of the United States. With the aid of the republicans the untried made a fair showing. After the parade a good sized crowd gathered at the opera house to hear several speakers orate on the occasion. What they said mostly was, "we view with alarm, &c., the record of the republican party, and point with pride to the achievements of the democratic party," and then the small boy clapped his hands, and the old pilgrims cried hallelujah.

An Enterprising City.

There seems to be a tendency towards a rise in the city property, and it is thought quite a general building boom will take place in the spring. The Chief believes in a great future for Red Cloud. It is certainly the best location and the handomest townsite in Nebraska. Red Cloud is destined to become an important city, and every inducement should be held out by our people. No city in the valley has the energy and enterprise that Red Cloud people have. People who imagined that there was balm in some other Gilead left Red Cloud to hunt a better location only to find that they had made a mistake and are now coming back wailing and truly so, that there is no place better than Red Cloud to live in, and they are right. All we need now is energy, and in a few months more, when the Red Cloud Power company gets its water power equipped, there will be room for manufacturers as we have the best water power in the state of Nebraska, without fear of contradiction. We have two fine roller mills, an electric light plant, a creamery, city water works, the B. & M. round-house and repair shops, and such enterprises, but we want more and must have them.

There was a Thanksgiving, entertainment at Penny creek schoolhouse Thursday.

Corn is being hauled from this neighborhood to Red Cloud for 24 cents per bushel and give 75 pounds. Some oats are being sold for 21, extra white 22, rye 30 to 38, hogs \$4.80 to \$4.90.

Men wanting to rent farms are plentiful this week, and none to be had. Why don't they go to Missouri or Iowa, or somewhere else. What are they trying so hard to rent in drouthy Kansas and Nebraska for. We only raise rye, wheat, oats, corn and potatoes.

Mr. Al Decker and his opponent for township assessor tied on election day. Who will be the lucky man when the county clerk lets them draw for the office.

Miss Dolly Davis deserves credit for spelling down the Mt. Hope school the second time, and the Hope (or Johnson) school once.

Mrs. Annis S. Pond, the aged mother of our esteemed fellow townsman, H. E. Pond, departed this life on Monday evening. Mrs. Pond only recently came to Red Cloud, from Castle, N. Y., for the purpose of spending her declining years with her son. She was about 81 years of age, and had become quite feeble, but it was thought she would live many years yet, while fond hopes were entertained of many years of pleasure with her, the angel of death was then near at hand, and on Monday evening she passed away quite suddenly to that land beyond the blue. Funeral services were held from her late residence, on Wednesday morning, Rev. E. L. Ely, saying words of comfort to the bereaved ones. Her remains were deposited in the Red Cloud cemetery.

A good audience greeted Dr. A. K. Thain at the Congregational church last Friday evening. The lecture is said to be one of the best ever delivered in this city.

Resolved, That in her death our society has lost a most faithful and efficient young member, and of the still greater loss sustained by those who were nearest and dearest to her; therefore be it

Resolved, That it is but a just tribute to the memory of the departed to say that in regretting her removal from our midst we mourn for one who was in every way worthy of our love and respect,

Resolved, That we tender our most sincere and heartfelt sympathy to the afflicted parents, brothers and sisters, expressing an earnest hope that even

so great bereavement may be overruled for their highest good knowing that their loss is her eternal gain.

Resolved, That this heartfelt testimonial of our sympathy and sorrow be presented to the parents of the deceased and sent to the Union Worker, Blue Hill Leader, and Mt. Pleasant Journal for publication, also that each member of this Union, wear the usual badge of mourning for the term of thirty days.

MRS. EVERHART, MRS. GRUSEL, MRS. CUNNINGHAM, } Com.

IN MEMORIAM.

Little we thought when we said good bye Her face no more we would see, Nor feel the clasp of her loving hand, This side of eternity.

Nor dreamed we then that forever, Her work with us was done, And is it? Nay! Her influence Is only just begun.

In a world that is free from sorrow, Where "good bye" is never said, She lives the life eternal, Our Berta is not dead. M M C Blue Hill, Nov. 10.

Rev. Sylvanus Lane.

Of the Cincinnati M. E. conference, makes a good point when he says; "We have for years used Hood's Sarsaparilla in our family of five, and find it fully equal to all that is claimed for it. Some people are greatly prejudiced against patent medicine, but how the patent can hurt a medicine and not a machine is a mystery of mysteries to me." Hood's Pills cure Liver Ills.
