John E. Wagoner and L. M. Vance are new subscribers to THE CHIEF this week.

Cotting does not offer you goods in charity. He merely buys close, sells close, and wins your trade.

Call at the Music store and see the beautiful French Burl Walnut Piano, which will be in this week.

A car load of Studebaker wagon and buggies, just received, and for sale at the new warehouse by D. M. PLATT.

A. Morhart has just received a car load of genuine baker barb wire, and is selling it for \$3.35 per 100 pounds with staples.

The Hubbard concert company held forth in the M. E. church on Thursday evening, and was much enjoyed by all present.

The Eagle published at Doniphan by L. M. Augustus, an independent paper (independent of all political parties) is a new project with prospects of success.

The Alma Record, by Ed. J. Mack, is a new republican paper just started in that city. The record bids fair to be a genuine representative of thorough republicanism. He will succeed.

It is rumored, that our friend, Geo. B. Holland, is contemplating the building of a three story brick hotel in the spring. THE CHIEF will always be pleased to hear of George's prosperity.

D. M. Hunter, our worthy county superintendent of public instruction, is a very happy man, and no wonder, for it is a boy and weighs the usual Nebraska weight, which is a little heavier than the weight of other states.

Thousands of lives are saved annually by the use of Ayer's Cherry Pectoral. In the use of croup and whooping cough the Pectoral has a most marvelous effect, it always inflames, frees the obstructed air passages and controls the desire to cough.

Marcellus the new Photographer has been doing a rushing business of late. Those who have not visited his gallery should call and see his fine work and get prices. Instantaneous process used, cloudy weather no disadvantage. He will make Red Cloud his permanent home. Every body made welcome.

Editor Greenlee of the Democrat, has purchased the Blue Hill Leader. Mr. Greenlee is an able editor and will make a success of the Leader. Mr. Shields the founder, and who has owned and run it since the first issue, goes to Chicago where he will go into business. THE CHIEF hopes both gentlemen will be more than successful in their new business efforts.

Charley Calmes is a Red Cloud boy and of course our people are all interested in his well-fare. A number of years ago Charley started to learn the baker's trade, and he did well, as our people well know. He is one of the finest confectioners in his line west of Omaha and from a little business started in Red Cloud a year ago, has today, succeeded in building one of the best lines of business in Red Cloud. We wish him success.

On Tuesday, twenty-two years ago, Mr. Hugh Miner, was ushered into this cold world. His parents in order to properly commemorate the occasion concluded that they would give the young man a proper demonstration of the importance of arriving at manhood's estate, by the means of a surprise party. Accordingly on Tuesday evening, a large number of Hugh's young friends from Superior and Red Cloud, were invited to a reception and dance at the Masonic hall, in this city. When all were congregated, Hugh was taken in, and when he beheld the gay throng he conceived at once that he had been "kindly taken in" for it then popped into his head that he was 21 years of age, just 21 days too late to vote. As soon as cordial greetings and congratulations had been indulged in, the orchestra played the grand march and the young folks began indulging in the many waltzes and the fascinating exhilarations of the dance, and kept it up until the small hours, when they were escorted to the residence of Mr. and Mrs. Miner, and given a fine banquet. Hugh was the recipient of numerous tokens of friendship from his parents and friends which he values very highly. Altogether it was a most pleasant affair and will long be remembered by all present and especially by the young man who enters upon the responsibilities of life, and to which the occasion was dedicated.

J. A. Baum, of Geneva, has arrived and will take position in Devo & Grice's drug store.

THE CHIEF wants good correspondents in every township. Will some reliable person send in the news.

For pity's sake don't growl and grumble because you are troubled with indigestion. No good was ever effected by snarling and fretting. Be a man (unless you happen to be a woman) and take Ayer's Sarsaparilla, which will relieve you, whether man or woman.

Invaluable.

I see that you have no correspondent from Inavale, so will try and keep you posted.

The farmers are all busy husking corn. Mr. Olmstead made a business trip to Bloomington Monday.

They will have the new elevator completed this week. Who says Inavale is not on the boom.

Mr. Irons has his new house most done. When finished it will be the finest house in town.

Miss Florence Sawyer was home from Franklin to spend Thanksgiving with her parents, returning Monday.

Miss Maud Knight went to Alma to spend a week with her sister, Mrs. Turkington.

There was one young fellow who just got home from a dance in time for breakfast Sunday morning.

If this don't find its way to the waste basket, you may hear again from APRON STRING.

Prairie Gem.

As we have been silent for some time we will come again.

The weather is fine for husking corn and the farmers are all improving the time from early morn till late at night.

Only one man, as far as we know, has finished gathering, and Mr. Pook is the lucky man.

Mrs. W. A. Hogate, who has been suffering for a long time with the dread disease, consumption, is sinking very rapidly. Mrs. Hogate is a young married woman, well beloved and highly respected by all her acquaintances who sympathize with her in her affliction.

Mrs. Hogate is a member of the Baptist church and a consistent Christian.

Miss Fannie Douglas, a lady friend of Mr. and Mrs. Kiroheval, who has been visiting here for some time, resumed her trip Tuesday for San Francisco, Cal., where she expects to spend the winter with her sister.

The school at Prairie Gem opened Monday with Mr. Keith as teacher.

Pleasant Valley school will commence next Monday if the board doesn't fall in getting a teacher.

Some of the young bloods of this vicinity went to Blue Hill last Sunday evening to hear the next man in charge of the Methodist pulpit and report being well paid for their trouble.

Wm. Morrow will ship a car of fine hogs this week, all of his own raising and feeding, 60 in number. That is the way the farmers should haul their grain to market.

W. W. Hogate, Peter Faugh and J. W. Kiroheval made a trip down south of Cowles Monday to appraise the damages on a certain proposed road running south from Mr. Latta's to Amboy. Tuesday the same parties came to Red Cloud and filed their report.

Mr. Henry Lonsberg has sold his farm to Mr. McGreen. Consideration, \$3500. Grand-pa Milner returned to Lincoln this week to spend the winter with his daughter.

Cowles.

Thanksgiving services were held in the Congregational church, Rev. Richardson of the M. E. church, preaching the sermon. On account of the threatening weather, the attendance was small.

The ladies of the M. E. church served an excellent dinner and supper at the church which was well patronized, considering the weather.

There were many family reunions where good cheer abounded.

Mrs. Platt spent Thanksgiving and attended services with her children at Franklin.

Miss Flora Brown, one of Red Cloud's teachers, was with her parents here for Thanksgiving and over Sunday.

Mr. and Mrs. Boster, from near Franklin, are visiting with her twin daughters, Mrs. Geo. Hager and Mrs. John Waller, and other relatives.

Whooping cough is abating. Grain dealers are taking in large quantities of corn and oats.

Rev. Richardson began a protracted meeting at the M. E. church on Sunday the 27th.

Otto.

While this has been a year of defeat for the republican party, the Norwegians have come through unhurt. They have been faithful in the republican party, and are so still.

Knute Nelson has been elected governor of Minnesota. He stood firm against the combine of democrats and populists, and so did Johnson of North Dakota and Houghton of Wisconsin, both for congress.

When I say Norwegian, I do not want to be misunderstood, because they are not an American citizen as they are Norwegians, and if they wasn't, they would not have the respect and good will of the American people in their respective states.

Even Catherton township went republican. We elected all except one, and that one puts me in mind of a friend who once told me could help others but not himself.

Good Suggestions.

To the public at large:

Now that election is over people are supposed to have returned to their senses. I would like to call attention to the enterprises known as the Red Cloud Power and Milling Co. These gentlemen are risking a large amount of their own money by placing it at the mercy of the high waters and treacherous sands of the Republican river. Their object is to utilize the power that has been practically going to waste for all these years, and should they succeed, our city will soon be brilliantly lighted indoors and out, and all who are willing to avail themselves of the opportunity may run their shop machinery, such as meat choppers, coffee mills, and all mechanics may run their machinery by electricity, and I would suggest the running of the printing presses be the same power but for the cheapness of gas in that locality.

But as the Big Oxie remarked the other day, we are in for anything that will help the community. They too may be expected to use the same power and use their own energies, thus saved to the spread of the Gospel. Visitors to our city in another year will ride in electric street cars. The Red Cloud mill will save \$500 worth of raw material, besides its elevator will be able to handle all the surplus grain of the county.

Now, in the event of their success, how many of our people are willing to abandon the old bowl of money quaffers and join with me in a few words of commendation toward those gentlemen and say, well done, you have been faithful in this, we hope you may become millionaires, for wealth is the hands of enterprise is what our country needs.

Now while you ponder over this I will try to dream of Red Cloud as a city of 10,000 inhabitants and our beautiful prairie dotted all over with two story houses.

Yours for enterprises, A. N. PATMON.

The Republican City Independent has changed from a Peoples Independent paper to pure democracy. A queer change of heart.

We would advise all our readers not to neglect the opportunity to call on their druggist and get a bottle of Kemp's Balsam for the throat and lungs. Trial size free. Large bottles 50c and \$1.
