To You or to You

After hearing so long and so much that the Ladies of the G. A. R. was nothing but a remnant of the Knights of the Golden Circle, and so on and so on and that they were not recognixed any where and they would not be away out in that large city of Red Cloud where all the magnified intellectual bumps all grow and that they should not, and should not prosper. I am here to tell all interested that we, that is to say, Sherman Circle No. 3 of Red Cloud, Neb., was orginized by one of Garfield Post's past commanders about 22 months ago with a membership of 17 members and while lost no sleep, lost no breath in trying able and first class meals, and beds to cool the heated tongue of slander furnished. from the fact that the comrades whose mothers, wives, sister and daughter Before Samuel West, justice of the peace, with in and for Webster county, Nebraska. were in the lodge, was not wanting Amos Gust a divorce after they had shared the James Pilcher.

chance to say they, as an order, are made up of trash, God bless your souls Uncle Sam, when this government was being shaken to all it was able to bear, had no time to stop and say, "You are trash; We will not call you we are only wanting kid glove aristoerats." No never! If he had time to say any thing it was. "I call for volenteers to come to the rescue of this noble government." A volenteer soldier is a patriot. Patriotism dictates ready and cheerful obedience to the constitution and the laws. One of defenders. Dare you deem it worth REAL ESTATE your while to try to say because some fill perhaps a more humbler position, and perchance not of any fault of his own, Dare you say to that comrade, mother, wife sister and daughter you are nothing. What did your sacrifice of laying you life on your country's alter amount to? You have come home with health impaired. Your mother and daughter have to

ook all we could get, and we were so blessperity that some friend that helped us out. But to not worthy to belong to a G. R. order. Now my cold friend, haven't you lived in Neb. long enough to know the more you cultivate the soil the better the crop, the less the weed, and the farther between. We find it so, for we have applications or initiations every meeting with four to be initiated at our next meeting, and three more application for membership. When Garfield post commander organized us we think it would be very absurd thing for us to deny our or write to Chas. Schaffnit, office over social standing in the family. I will Deyo's drug store, Red Cloud, Nebr. have for the benefit of all, a clipping from the American Tribune published showing you whether we are recognized or not. Hoping you will all consider what you are doing, come over in Macedonia and help us as the good Book teaches. A-MEMBER.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

Da. G. C. Osgood,

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby serding em to premature graves

and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it.⁵
