In our last issue, THE CHIEF took occasion to make a remark about the water works, which was not appreciated fully by some. We have been informed this week that there is a great plenty of water, that we did not deny last week, but we did say that we thought it was surface water; however, we have been further informed that the water all comes in on the south side of the trench which would indicate that the water was what they are pleased to call sheet water. We hope they will be successful and shall hold our criticisms until such time that the experiment is more fully developed.

Rev. Geo. W. Hummel has been called upon to part with his wife this week, she having departed this life on Tuesday, and was buried on Thursday morning. This makes four deaths in his family in about three weeks. He certainly has the deepest sympathy of the people of this city in his bereavement. It is a sad blow.

Attorney J. Porter, Jr., has procured pension, under old law, for Mrs. Abram Garber, Guide Rock. Claim was filed June 22, present year and allowed on 5th of present month, 44 days from time of filing. This beats the record for quick time. We don't know if Hoke Smith was at home on date of issue, if he was he should be credited with one mark of merit.

John Tomlinson, the present efficient deputy sheriff of this county, is a candidate for the office of sheriff on the Populist ticket. John has filled his office in a splendid manner, and we believe the party to which he belongs could make no wiser choice in filling that place upon their ticket. The only thing we have against him is that he is not of our political faith.

The best and most satisfactory cigar ever offered to the smokers of Red Cloud for a five cent cigar is the Professor. Since handling it our trade has been very large and in no instance have we had one word of complaint but on the contrary all that have purchased it are now kicking for the reason that we have been out of them for a few days. Our large order has been placed with the house to be shipped by freight which necessarily delays their arrival. But boys we will have them and Deyo & Grice will again be in the swim.

An Old Belle.

Gen. George W. Morgan who died at Fort Monroe, Va., July 26th, 1893, was the last of the Generals of the Mexican war. He was appointed Col. of the 15th U. S. Inf., and in April was brevetted Brigadier General for gallant meritorious conduct at Contreras and Churubusco, where he was wounded. It was under Gen. Morgan that our townsman Capt. Lafayette Munsell served in the war with Mexico; he being a member of Co. K. 15th U. S. Inf. and to his knowledge there is but one other survivor of the 116 men forming Co. K. Col. Bradall of Burlington, Iowa. Capt Munsell has in his possession the following letter from his old commander.

MOUNT VERNON, O., Nov., 21st, '85. MY OLD COMRADE: Dr. R. Stephenson of Centerville, Ia., who was a comrade of mine in the war has sent me your address. And in memory of the times gone by, I send you a shred of the flag of the old 15th Inf., under which you marched on the fields of Mexico. Wishing you every blessing I remain your friend,

GEORGE W. MORGAN. The shred of the flag is about five inches by two bears this inscription, "Flag of the 15th Infantry Mexican war" and is very highly prized by the Capt. he says it is worth more than he ever expects to be worth. It was originally presented to the Reg. by the ladies of Mount Vernon, Ohio, Capt. Munsell also served in the Rebellion; a Capt. in the famous Eagle Reg. 8th Wis. he finds ready listeners to his tales of two wars and lives over his fighting days in rehearsing them to others.

Obituary. Died August 23rd, 1893, Mrs. George A. Hummel aged 44 years passed away in peace, at 5 o'clock the morning of the 23rd, and on the 24th day of August was laid to rest beside her three children, her baby, Minnie and her only son Edgar and a daughter Emma, almost a young lady, whom she had buried but a short time ago. She leaves a broken hearted husband, and four daughters to mourn her loss. It is believed by all her friends that grief played a prominent part in taking her to her children. May the rich blessing of God rest upon the bereaved.

She needs no house nor home below. She's gone to where the righteous go. Her spirit soared on angel wings. To see the Lord the King of Kings. And wear a fadeless crown. The sudden exit grieved us sore. On earth, we'll see her face no more; The gentle form is laid away To wait the resurrection day. When the last Trump shall sound. Death often breaks our tender ties; But God will bid the dust arise. Then, we expect, one day to share Unbroken joy, with her, up where Love has no broken ties.

Not Afflicted but Outraged. I am permitted to say that Rev. Geo. W. Hummel feels absolutely outraged and that, by many of his indiscreet friends and the public at large, by charging him with criminal neglect of his family, in not giving medicine, furnishing them rotten water from a well close where hogs have been buried, or a well surrounded by a hog pen, or a house unfit to live in. Even some of our papers have cried for a cleaning of our streets, lest we become as bad as they, who are in the country. And nearly all this to defend the reputation of our family physician. Now please in the name of common humanity let up and let the afflicted family bear their grief in peace. Brother Hummel blames no one, has not said an unkind word of any one. And says if you want to see how they are living come and see. J. A. CHAPIN.

EDITOR CHIEF, DEAR SIR: In as much as there is now a large acreage of fruit trees planted on the orchard plan, and enough so that the people will in the near future be blessed with the delicious fruits produced on these orchards and the owners made rich by their proceeds, yet there is a faction who, as a rule, could not get an orchard on the above named plan, whose children no doubt go hungry for fruit, and who find fault with the orchard system. Now, I want to say that all that I have done has been to the interest of the country at large, as everyone knows; that my commission is very little, \$4.50 on one thousand trees. I want to ask the following questions: How long would it have taken to get one hundred thousand trees planted in Webster county if the people would have had to pay cash for them? There is more than that number now planted on the orchard system in the county. My answer is, at least a half a century. How many young men and women under 20 years of age, grown up in this country, have had all the fruit they could eat? My answer is, not one now. I have seen the day, and all the fore part of my life, when I had all the fruit just as I wanted it, in its season. So then, in short, the young people in this country, those that have grown up here, know but little about the pleasures of this life. Now, don't fail to see me and get an orchard. I will not hunt them; they must hunt me. If this fails to lodge in the waste basket, I would be pleased to give a few lines regarding fruit culture in the next few issues. W. E. MORLAN.

Of Course its a Bargain. I paid \$1,700.00 cash for the Shirey property and now offer the same for \$1,500.00, \$1,700.00 cash, and \$200.00 (margin) on or before 12 months, at 7 per cent. This property would be cheap at \$2,500. in good times.—JOHN M. CHAFFIN.

Baking Powders

Before Congress.

The Pure Food bill before Congress would be a righteous measure for the people, and should become a law. The public want pure food, and in order to protect themselves must know what is adulterated. All adulterated preparations should be so branded, including Baking Powders containing Ammonia or Alum. Then if people want to dose themselves with "Absolutely Pure" Ammonia or Alum, they will do it knowingly. The public have been looking up the composition of Ammonia and Alum and they don't like the idea of eating either in their hot biscuit.

Dr. Price's Cream Baking Powder

is a Pure Cream of Tartar Powder; free from Ammonia, Alum, Lime or other adulteration. And every investigation, whether in the laboratory or kitchen, confirms and emphasizes its superiority in every way.
