A TERRIFIC STORM VISITS THE CITY OF SAVANNAH.

The City Damaged to the Extent of Hundreds of Thousands of Dollars - Many Lives Lost and Shipping Driven Ashore-Some Names of Victims.

SAVANNAR, Ga., Aug. 29-This city and vicinity has been swept by a hurricane that has surpassed the great one of 1881, and almost on its anniversary. The wind blew with terrific force from early in the afternoon until midnight, at which time all the wharves along the river front and the Ocean Steamship company and Savannah, Florida and Western railway wharves were under water and the tide was still rising rapidly. A view of the city at daylight revealed a scene of wreck and ruin. The streets were impassable from the debris, fallen trees, twisted roofs, masses of brick, fences and broken limbs and branches of trees were piled across the sidewalks and in the square, and broken wires swinging in every direction.

Losses May Reach Millions. It is impossible at this bour to estimate the damage as the result of the storm, but it was very general and it is safe to say that it will go up in the hundred thousands, and perhaps millions. Nearly every property owner in the city has been damaged to some extent and some to the amount of thousands. The list of fatalities is gradually growing and it is impossible to tell to what extent it will go. Several bodies of drowned people were picked up during the morning and searches are now being made for others which are missing Every hour seems to bring some new story of a death as a result of the storm. At this writing the known fatalities number thir-

List of the Known Dead.

Following is the death roll, so far as known:

A. C. Ulmer, assistant cashier of the Central Railroad bank on Hutchier of the Central Railroad bank on Hutchinson's island; Tony Holmes, colored, crushed in a house on Hutchinson's island; four unknown negroes, drowned on the Brampton plantation, four miles from the city; Lewis Gaggnet, colored, ran into a live trolley wire and was killed: Tatler Squire, a 6-year-old colored boy, drowned on Hutchinson's island; John Williams, Mary Butler, and Sarah Green, drowned on a rice plantation south of the city; two unknown sailors, drowned at Tybee island. It is also reported that eight of the crew of a terrapin sloop were drowned.

We have decided solose out our entire stock consisting of \$6000 worth of Boots and Shoes who are reported missing, and it is supposed, as nothing has been heard from them, that their bodies will be found later. Twelve barks and barkentines which were suchored at quarantine station were blown upon the marsh and some of the crew of a terrapin sloop were drowned.

Many Still Reported that eight of the crew of a terrapin sloop were drowned.

Many Still Reported Missing.

There are forty or fifty other persons who are reported missing, and it is supposed, as nothing has been heard from them, that their bodies will be found later.

Twelve barks and barkentines which were suchored at quarantine station were blown upon the marsh and some of the blown upon the marsh and some of the were carried by the storm across the marshes on to an island two miles distant from the station. One of the vessels at Tybee was completely capsized and three of the club houses on the island were blown entirely down, others were flooded and the people sought shelter wherever they could. The wires are all down and Savannah is almost entirely shut off from telegraphic communication.

ANOTHER EMEUTE AT CHICOGO. An Unorganised Mob of Unemployed Dis-

persed by Police. CHICAGO, Aug. 29 .- Four thousand un-

employed men who had gathered at the order to stop parades surged out into State street. They were a disorganized mob and made no attempt to parade. But their numbers impeded traffic in the already crowded street: cable trains and carriage were stopped, as the men were packed too closely together for any vehicle to force its way through.

The mob cheered as it advanced and brought out hundreds of spectators until the streets were packed with people. A hundred men stopped in front of Slegel, Cooper & Co.'s store clamoring that they wanted bread. For a moment it looked as if they were going to dash into the store. They needed only a leader. While they hesitated the police were upon them. Po-licemen in plain clothing and uniformed officers rushed into the crowd. They grabbed the men by the collars and admin-istered a series of vigorous kicks. The demonstration ended in inglorious defeat, the mob scattering before the charge of the police and disappearing down the side

Confingration at South Chicago. CHICAGO, Aug. 25 .- A fire which in the extent of the territory it covered almost rivals, comparatively, Chicago's historic conflagration, has swept that part of the city known as South Chicago. The 50,000 people comprising the inhabitants of the town were precipitated into a panic second only to that which characterized the conflagration of 1871. The loss is estimated at \$500,000 200 houses were destroyed, and people were rendered homeless. The fire started near a three-story brick building at the corner of Nine-first street and Superior avenue and within two hours had consumed at least 200 buildings and five blocks of the greatest industrial suburb of Chicago. Among the first buildings to fall were the First Methodist church at the corner of Ninety-first and Superior avenue and the German Lutheran church on the opposite corner.

Windfall for Chauncey Depew NEW YORK, Aug. 25.-Chauncey M. De pew received a letter from Paul Hartchez, a rich Cuban planter, in which the foreigner says that he is suffering from an incurable ailment and that in his will he leaves to Mr. Depew one-half of his estate, valued at \$2,0.0,000. This is in return for \$500 which Mr. Depew loaned him eighteen years ago with which to de-velop an invention for crushing cane sugar.

Baptist Editor Drops Dead.

St. Louis, Aug. 25.-Dr. William H. Williams, editor of The Central Baptist of this city, dropped dead on the depot platform while waiting for a train at Al-exandria. Dr. Williams had been attending the Baptist convention at Kahokah and preached a sermon before the association. It is supposed his death was caused by heart disease.

The defunct com-pany was a manufacturer of bicycles. Walter Sanger has been riding a wheel made by this company.

CYCLONE IN THE SOUTH FORTY SEVEN SAILORS GO DOWN. Three Wrecks of Fishing Schooners Re-

New York, Aug. 25.—The fishing schooners Empire State, with a crew of ten men, and Ella M. Johnson, with a crew of eight men, went down off Manasquan on the Jersey coast and all on board were lost. These two vessels were in company with the Chocorus at midnight when the storm struck them, and after beating around all night in some of the worst weather known off the coast, and with the loss of the captain and her first mate, the Chocorua has tied up, the only survivor of the three. The crew of the Chocorua say that no small boat could possibly live in the sea that was running at the time and the dories on board could have been of no possible use to the crews of the two vessels.

The steamer Eggleston Abbey, from Cardiff, reports a rough passage, On Aug. 22, at 6 p. m., Captain Barnett observed some wreckage, and bearing down towards to saw a man clinging to a part of a broken boat and an empty barrel. A boat was quickly lowered and the man was rescued in an exhausted condition. He proved to be George H. Upton, one of the crew of the fishing schooner Mary Lizzie, of Portland, Me., which foundered at 9 a. m. on Aug. 21, he having been in the water thirty-three hours. The rest of the crew, six in num-ber, one of whom was his brother, had

perished. Telegrams from New Haven say that 300 beautiful and stately elm trees were leveled by the storm there, and that there was much other damage at sea and ashore, but no life lost. From Milford and New Bedford, Mass.; Providence, R. I.; Portland, Me., and many other places inshore and on the coast reports come of heavy damage to all kinds of property. Happily there was little loss of life and few persons injured.

WORLD'S FAIR MATTERS.

Last Week's Paid Admissions Aggregate Over a Million.

CHICAGO, Aug. 28.—Including Sunday, Aug. 20, the paid admissions to the World's fair last week footed up 1,007,166. Yesterday there were about 1,000 fewer attended than on the 20th. Saturday's attendance was somewhat disappointing, it being the only day when there was not an increase only day when there was not an increase over the corresponding day of the previous week. The exhibitors in Machinery hall were highly pleased at the throng that premeated the great building all day Saturday. Chauncey M. Depew sent a message, which was printed on paper that twenty minutes before had been pulp.

There is a scandal in awards matters at the fair, and involved therein are no less personages than the national commis-sioners from Oklaoma and Wyoming —Beeson and Mercer. Mrs. I. E. Harmon approached the superintendent of the Russian wine and liquor exhibit and offered to secure a gold medai for \$15,000, reducing that amount to \$10,000 later. She brought to the superindent as men who would vouch for her the two national commissioners named, who went under the names of "Erice" and "Oregon." The woman has been arested, and Mercer and Besson are not making statements,
