police, and Mott Smith, the Hawaiian minister to the United States at the time of the revolt, was in those days a simple apothecary, of whom I have bought soap and quinine and tooth brushes over and over again."

A telegram from San Francisco says: "At the Hawaiian consulate in this city a word was received by the steamship China which would throw further light on the situation at the islands. Consul Wilder stated to a reporter that in case the administration should ask the provisions to step down and out the answer would undoubtedly be that the request could not be granted. If the use of force should be threatened the provisional government could have but one course to pursue. Resistance to the power of the United States would be useless."

Another telegram from San Francisco gives the following extract from the Honolulu Commercial Advertiser, a copy of which was brought on the China with her other news of the arrival of Willis: "A return to the old form of government is out of the question, and it is generally conceded that should the monarchy be restored by some unexpected and improbable means it could not last. The old historical axiom that revolutions cannot go backward could not be violated in the case of Hawaii without grave and serious consequences. This, however, is not expected. The conservative interests of the people who really represent the Hawaiian islands and own 70 per cent. of the business interests of the country would very likely refuse their consent to such a course."

THE MASKED THUG AGAIN. Brakeman Fatally Shot While Resisting a Train Robbery.

DECATUR, Ill., Nov. 14.—An attempt was made last night to hold up the Peoria, Decatur and Evansville passenger train due here at 10 p. m. Three men masked with handkerchiefs got on at the Lincoln coal shaft when the train pulled out.

They started through the combination car to the express part. Brakeman George Trot and some passengers tried to stop them. Three shots were fired by the robbers and one hit the brakeman in the stomach. He is expected to die. Six miles from Lincoln the men presented revolvers at some of the passengers in the coach and demanded money. The conductor of the train pulled the bell cord and the train was soon stopped.

The Shooting of Brakeman Trot. Brakeman George Trot made a brave struggle with the robbers, endeavoring to knock one of them down and overpower him. He succeeded in getting the better of one, but another shot him, as stated above, and it is not thought he can live. The robbers then held the other people in the car in check with their revolvers until the train was near Mount Pulaski. Then one of them jumped off the train, which was running about twenty-five miles per hour. He had compelled the engineer to start again after the train had stopped. The others got off at Pulaski and nothing has been heard of them. They did not succeed in getting any money or valuables from the passengers.

Conductor Richmond's Statement. Conductor Chris Richmond said: "As I was taking tickets coming out of Lincoln, on the platform between the combination car and the ladies' car I saw a man looking in at the window. He turned around and threw a gun in my face and ordered me to hold up my hands. I ran back and told the express messenger that we were being held up. I cut the bell cord and Messenger Henry McManus put out the lights and barred the door. Brakeman Trot came and asked for my gun, saying he would go out and get them. I did not have a gun and he took my billy and started out. Just at the door the robber shot through the door and the bullet went through Trot's stomach. He fell back and said: 'I am shot through and done for.'"

Just as I cut the bell cord I felt it pulled, but it did not stop the engine and we kept going. One man jumped off while we were going at full speed; another rode into Mount Pulaski and the messenger shot at him in the station. He got away. I did not see when the third man left. Trot will die."

Ernest Chester, who lives at Oakland, was beating his way on the tracks. He has been arrested as a suspicious character.

COSTLY BLAZE AT MEMPHIS. Loss of \$185,000 by Fire—One Man Burned to Death.

MEMPHIS, Tenn., Nov. 14.—What promised to be one of the most destructive fires of late years was checked by the fire department after a heroic fight with the following losses: Schmatzreid Stove company, building and stock, total loss, \$70,000; insured, \$50,000. Lemon & Gale, wholesale dry goods, stock, \$108,000; building, \$7,000; insured for \$100,000.

The Young Men's Christian association had rooms in the Schmatzreid building and found themselves hemmed in by the fire. Several jumped from the third story and were seriously and perhaps fatally hurt. A man named Thomas H. Bond was burned to death and the following injured by jumping: Charles K. White, arm broken and internal injuries; E. E. Board, arm broken and severe bruises; Fred Hoke, wrists and arms hurt; Secretary Smith, leg broken, internal injuries, may die.

LATE ELECTION NEWS.

OHIO, IOWA AND MASSACHUSETTS GO REPUBLICAN.

The Empire State Also Falls in Line—Maynard Beaten by Nearly 90,000 Votes—Massachusetts Elects Greenhalge by a Large Plurality—Iowa Probably 40,000 Against Hoke.

COLUMBUS, Nov. 14.—Based on full official returns from all except eight counties and the pluralities of the Republican and Democratic parties in the eight, the Prohibition vote in sixty-four and the Populist vote in sixty-six counties the following totals are figured out: McKinley, 432,900; Neal, 352,000; Macklin, Pro., 4,600; Bracken, Pop., 16,300; total, 822,900. McKinley's vote was 16,900 over Harrison's in 1888, and 27,700 over it in 1892. The Prohibitionists lost 4,600 and the Populists gained 1,400.

NEARLY 90,000 AGAINST MAYNARD. Further Returns from the Empire State—Result in Kings.

NEW YORK, Nov. 9.—The latest returns from all parts of the state show that the Republican victory is fully as great as the most enthusiastic of the party's leaders have claimed. Bartlett's majority for judge of the court of appeals over Maynard is in round figures 89,700. General Palmer's majority for secretary of state is 35,000. Of the sixty counties Maynard secures a majority in only seven, viz: Albany, Chemung, Greene, New York, Rensselaer, Schoharie and Seneca. He carried New York by about 32,000. Bartlett's largest majorities were in Kings, 20,486; Erie (President Cleveland's old home), 11,509; Monroe, 8,000, and Chautauque, 6,000.

Meyers (Democrat for secretary of state) majority in New York county is more than double that of Maynard, viz., 64,975. In Kings his vote is 9,000 more than Maynard's. The Democratic rout in Kings is complete. Besides the loss of mayor, their control of the board of aldermen is gone. This puts all the power in the hands of their political opponents.

NEW YORK, Nov. 10.—Interest is practically at an end in regard to the election. New York has elected the Republican state ticket by probably 35,000 majority. The state senate is Republican by 18 to 14 on the latest returns, but this may be changed to 19 to 13, and the assembly stands 70 Republicans to 22 Democrats. Schieren, Republican for mayor, has 30,000 plurality in Brooklyn. Tammany holds its grip on the city and elects all of its local candidates by pluralities averaging 65,000.

THE FIGURES FOR IOWA. Begin With a Gain That Carries the State for Jackson.

DES MOINES, Ia., Nov. 9.—Republicans have elected seventy-six members in the lower house and the Democrats twenty-four, giving the Republicans the largest majority in more than a dozen years. In the upper house the vote will stand Republican about two to one, or thirty-three to seventeen, but these figures may be changed slightly.

Jackson's friends claim that his plurality will be 30,000. General Weaver explains it by saying that the result is a rebuke to the administration of Cleveland for abandoning his promise of reform of the tariff. Then, Weaver says, the Democrats of the northwest have always been pledged to silver and the administration compelled the annihilation of the white metal, hence the rebuke.

DES MOINES, Nov. 10.—The election of a Republican legislature means that a Republican United States senator will be elected at the coming session of the assembly to succeed Senator James Wilson. The candidates are Congressman Gear, of Burlington; Hepburn, of Clarinda; Attorney General J. Y. Stone, and A. B. Cummings, of Des Moines.

Latest returns indicate that Jackson's plurality for governor will be nearly 30,000, and on the balance of the ticket between 6,000 and 8,000 more. Jackson carried his home county by 2,511. Almost every county shows Republican gains.

Kansas and Nebraska. CHICAGO, Nov. 10.—The Populists have given it up in Kansas and Nebraska, and both states are conceded to the Republicans. Harrison, Rep., is elected to the Nebraska supreme court by about 6,000 plurality. The Republican regents succeeded also. In Kansas the Republicans appear to have won a victory over both Democrats and Populists.

TORONTO, Nov. 10.—Official returns from eighty-one counties give the Republicans 362 of the county officers elected, the Populists 107 and the Democrats 16. Of the remaining counties eleven were solidly Republican in 1891, two Populist and the remainder divided. The Republicans have carried eight of the thirteen districts in which judges were elected, the Populists two and the Democrats one. The result in the other two is in doubt, with the chances in favor of the Republicans.

The New Jersey Assembly. TRENTON, Nov. 10.—The next assembly will be Republican by a two-thirds vote, the figures standing: Republicans, 40; Democrats, 20. The state issue on the race tracks also entered the local contests for the shrewdly, and in eighteen out of the twenty-one counties of the state the Republican and anti-race track people have elected sheriffs. The most important fact about the election is that it makes certain the election of a Republican successor to Senator McPherson.

Griffin Elected to Congress. DETROIT, Nov. 9.—Complete returns from the elections show that the entire Republican municipal ticket has been successful. Pingree, Rep., for mayor is elected by a plurality of 5,700 and the balance of the ticket by from 1,300 to 4,500. The Democrats made a net gain of three in the board of aldermen. Levi T. Griffin, Dem., is elected to fill the vacancy caused by the death of Congressman Chipman, of the First district, by a plurality of 1,700.

Biggest Since Grant and Greeley Ran. PHILADELPHIA, Nov. 10.—The returns that have been received from the interior make it probable that the Republican majority for Judge Fell for the supreme court will not fall much short of 130,000. It will be the biggest majority that party ever had here except when Grant beat Greeley in 1872. Then Grant's majority was 137,748.

Clean Sweep on a Light Vote. YANKEE, E. D., Nov. 10.—The Democratic central committee has headquarters in this city, but the election returns from over the state have failed to reach the secretary of the committee. It will require one week to complete the count. About 55,000 votes were cast in the state, or less than one-half a full vote, and every Republican candidate is elected.

HISTORY OF A WEEK.

At Moberly, Mo., the Chicago-Kansas City "cannon ball" train ran into an open switch and was demolished. The fireman was killed and the engineer badly hurt. A number of passengers were injured, but none seriously. Believed to be a train-wrecking case. Warren county, Ill., supervisors have awarded the contract for a \$75,000 court house at Monmouth, where the present court house, built in 1835, is one of the oldest in Illinois. The next Kentucky legislature will consist of 110 Democrats, 25 Republicans and 3 Populists. This insures the re-election of William Lindsay United States senator. Henry E. Tiepke (Rep.) is elected mayor of Pawtucket, R. I., by ninety-four majority over Thomas Robinson (Dem).

Mrs. Anna Swinarton, of Chicago, is suing George Le Boutillier, the New York dry goods merchant, for \$50,000 damages for the loss of an eye. She claims that while in Le Boutillier's store a pin was snapped into her eye by a cashboy. Louis Floyd, who, with his brother Frank, conspired with Paving Teller Philip M. Gehebe to rob the bank of Minneapolis of \$90,000, was arrested in New York on a steamship destined for Rio de Janeiro.

Bowen, Quartermaster Thomas Linden, Louis Black and George Smith (waiters), and William Foster (gilder). The other six were negro stevedores. Great Britain has not asked the United States to exert a mediating influence in Brazil and end the strife in that country. The latest rebellion in Cuba ended disastrously for the rebels, who were defeated in their first encounter with the government forces. The insurgent leader, General Esquerre, was captured and his followers escaped to the mountains. The Greek king has charged M. Tricoups with the task of forming a new cabinet. The extradition treaty between the United States and Norway has been ratified. The first baby born in the Cherokee Strip has been named in honor of Hoke Smith.

A reward of \$1,000 is offered for the capture of the man who assaulted Colonel Herrick in the Society for Savings at Toledo. At the St. James hotel St. Louis, B. Perry Collins and James Salmon left a ferocious open and were found dead next morning. It cost over \$1,800,000 for sculpture and staff work at the World's fair. The excitement at Bardonia, Ky., has blown over. The jury rendered a verdict of hanging in the case against Evans, the negro assailant of Edna Hall, and Evans was sentenced to hang Jan. 5, next. It is stated at New York that the so-called Brooklyn "gang" will be prosecuted and forced to disgorge \$5,000,000 which it has "absorbed."

Tuesday, Nov. 14. Frank Garvin ordered two men off his father's farm, where they were hunting, near Louisville, Ky., and because they did not move fast enough he shot one of them, named John Cooke, killing him. The Missouri state treasury holds \$300,000 for distribution among unknown heirs. Farmer Bright, living near Lima, O., was done out of \$5,000 which he drew from the bank to satisfy two strangers that he had it. Mrs. Bright died from the shock produced by the loss. Three more deaths have occurred at Grantsburg, Wis., from an epidemic which both baffles and puzzles the doctors. The vaccination corps inoculated 50,000 men, women and children in New York last week. Charles K. Harris, the author of "After the Ball," has married Miss Cora Lehrberg, of Chicago. The total number of lives lost at Santander, Spain, by the dynamite explosion was 250; wounded, 400; property loss, \$2,600,000. Senator Platt's Wife Dead. CREATED QUITE A STIR.

J. Carl Russell, a St. Louis Banker, Made a Sensational Speech to Bankers.

DECATUR, Ill., Nov. 15.—The State Bankers' association of Illinois met in state convention, John P. O'Dell of Chicago presiding. Professor J. Lawrence Laughlin of Chicago read a paper on "The Abundance of Gold," contending that it is the only money metal; that it is not getting scarcer; that the financial question should be removed from politics and a government commission appointed to decide upon the financial policy. The private bankers' association was consolidated with the state association. F. W. Tracy of Springfield being elected president. J. Carl Russell, cashier of the Bank of the Republic of St. Louis, was introduced and created quite a stir by his talk of international coinage of gold and silver. The present plan of the government he characterized as dishonest. W. P. Haley called him to order and said his statements were an insult to any intelligence. Mr. Russell then left the platform. Mr. O'Dell then denounced Russell's statements as rank heresies, saying it was the purpose of the association to disseminate truth, not untruth.

Will Still Be the Destroyer. NEW YORK, Nov. 15.—President Peixoto of Brazil has cabled to Minister Minindona at Washington that inasmuch as the name Destroyer was given to the submarine boat that bears it by her inventor, Captain John Ericson, with whose name and fame he is well acquainted, she should continue to be so called. Flint & Co. have virtually decided to send the Destroyer to Brazil early next week in tow of the powerful ocean going tug Scandinavian. Corn was weak, but less radically so than wheat, and the loss at the close was from 1/2 to 3/4 cts. Oats were 1/2 cts. lower and provisions 3/4 to 1 cts. for pork, 1/2 for lard and 1/4 for ribs.
