Hood's Sarsaparilla Permapently Cures Catarrh.

\*C. I. Hood & Co., Lowell, Mass.: 'I cannot speak too highly of the value of Hood's Sarsaparilla. I have been a sufferer from that dreadful disease, catarrh. For the past nine years my head and nasal passages have been clogged up, and in consequence I was

Unable to Breathe through my nose. My breath became very bad and offensive. Powders and medicines were useless and I was discouraged. I had read considerable about the good being done by Hood's Sarsaparilla and decided to give it a trial. I had not taken more than one bottle before I began to feel the benefit it was bestowing upon me. After taking two bottles my expectations were realized. I have continued and its

#### THE EDITOR'S SAY.

Our recent suggestion of Jas. McNeny for congressman of this district seems to neet with universal approval so far.

JAS. CORBETT well deserves the title as champion of the world. The battle be-tween he and Pete Jackson will decide exactly who really is champion.

THE late snow which has visited this continent so generally is one of the worst on record. While it has been destructive in the extreme, Nebraska has suffered but very little.

REPOBLICANS all over the district are ardent over the prospect of the candidacy of the Hon. James McNeny, of this city. for congress, and especially are the news-papers pleased with the idea, for Mac is known by nearly all of them.

Next Sunday will be Washington's birthday. It would be proper for our ministers to give their congregations a sermon on the excellence of the great and good man, and the first president of this great republic. Washington has been dead 95 years yet his memory is as green in the hearts of his countrymen as it was in 1776.

NOTWITHSTANDING, there is much kicking about our alleged attack on the supervisors system of conducting county affairs. Judicious consideration of the same will readily convince the most in-credulous that things could be in much better shape. Yet we hold no ill feeling toward the present board of supervisors as far as they are concerned.

On last Monday, Abraham Lincoln, 16th president of the United States had he lived, would have been 84 years of age. Probably no man that ever lived during the last three or four centuries had as many admirers as Abraham Lin coin. A common man among common people, beloved and revered by all, both great and small. Let his name go down the ages as the great emancipator of millions of slaves and the preserver of this great nation.

CONGRESSIONAL PROCEEDINGS.

senators Quay and Teller Discuss the Bond . Issue Question.

Washington, Feb. 7.—The bill repealng in toto all federal laws regulating the control of congressional elections has passed both houses of congress and only waits the signature of President Cleveland to become a law. After several weeks of discussion the senate Wednesday finally came to a vote on the house bill repealing the federal election laws and it passed by a vote of 39 ayes to 28

WASHINGTON, Feb. 7.-By a vote of 175 to 57 the house Wednesday adopted the resolution condemning Minister Stevens and sustaining the Hawaiian policy of

Mr. Cleveland. WASHINGTON, Feb. 8.—The right of the secretary to issue bonds at this time was again the subject of controversy in the senate Thursday. Senator Stewart's resolution came up under the rule, and Senator Butler's motion to refer it to the judiciary committee was the only oppo-sition. Senator Quay took a decided stand in favor of disposing of the matter in open session, instead of giving it a decent burial by referring it to a committee from which it would never emerged, and intimated Senator Sherman gave to the country an apparent justification of Sec-retary Carlisle's action when the Ohio senator clearly knew it to be illegal. A strong speech was made by Senator

Teller, in which he deprecated the deplorable financial condition of the country, and called upon his Republican coleagues to bear their fair share of the responsibility of the causes and not attempt to throw upon the Democratic party the entire burden of devising remedies for the impending panic. The question went

The senate then resumed its old practice of adjourning from Thursday until Monday.

WASHINGTON, Feb. 8 .- The deadlock on Bland's silver seigniorage bill was broken after four hours of filibustering Thursday, after which by a vote of 106 to 40 the house carried Mr. Bland's motion to going into committee of the whole for consideration of his bill. The astern Democrats and the great mass of Republicans made a determined opposition. On the final vote 106 Democrats and all the Populists voted with him, while 22 Democrats joined with the Republicans in refusing to vote. It is thoroughly understood quite a number of Democrats who voted with Mr. Bland were in favor of certain modifications of the bill, although they would not carry their opposition to the extent of voting against consideration. It is also well known the administration is opposed to the bill in its present form.

WASHINGTON, Feb. 9.—The entire day in the house Fridey was communed

bill, the speakers being Messrs. Bland,

Bland is confident it will pass. WASHINGTON, Feb. 10.-Today was but on account of the death of and the house adjourned out of respect to not think this method will have to be rethe memory of the dead Ohio representa- sorted to.

WASHINGTON, Feb. 12 .- A new turn was given Monday to the silver discussion in the house by Mr. Bland's an nouncement that he would move at a later day to amend the pending bill so that silver certificates would be issued only as fast as silver dollars were coined with the added authority to the secretary of the treasury to issue the certificates in advance of the coinage if he so desired. This change is designed to overcome one of the main objections of Secretary Car lisle to the bill. This objection is shared by many members of the house to such an extent that the passage of the seig-niorage bill was in doubt. The change now proposed by Mr. Bland obviates the objections so that the passage of the seigniorage bill is regarded as certain.

On motion of Mr. Perkins a bill authorizing the extension of the time for the construction of a high wagon bridge across the Missouri river at Sioux City was passed. On motion of Mr. Meikel-john (Neb.) a bill granting a charter to the Iowa-Nebraska Pontoon Bridge com-

Missouri river at Sioux City was passed Washington, Feb. 12.—The Hawaiian controversy occupied the principal time of the senate Monday. Senator Gray (Del.) opening his argument in defense of the policy of President Cleveland. His speech was devoted principally to an attempt to prove the complicity of Minis ter Stevens with the revolutionists. He did not conclude his speech. An interesting incident of the session was the presentation by Senator Cullom of a petition signed by 30,000 woolgrowers of the west protesting against the wool schedule in the new tariff bill.

Senator Pettigrew presented a resolution directing the secretary of agriculture to report to the senate the amount of wheat in the country March 30 last, the total yield and the amount now in the country.

Washington, Feb. 18.—The Hawaiian resolution was again the subject of discussion in the senate Tuesday. Senator Gray resumed his argument in support of the president's policy and reiterated his charges that the revolutionists were dependent on the United States and forces for support and protection and for the maintenace of their government. WASHINGTON, Fgb 12 \_The harve

ment the day Tuesday in debate on the seigniorage bill, the principal speeches C. W. Stone, McKeighan, Harter, and being those by Culberson (Tex.) in favor Kilgore. It is expected a vote on the of the measure and Coombs (N. Y.) in bill will be reached Tuesday and Mr. opposition.
