Great Opportunity to Make Money.

I have had such splendid success that I can't help writing to you about it. I have not made less than \$5, and some days from \$15 to \$25. I am really elated and can't see why others do not go into the Dish Washer business at once. I have not canvassed any; sell all my washers at home. They give such good satisfaction that everyone sold, helps to sell many others. I believe in a year I can make a profit of Three Thousand Dollars and attend to my regular business besides. When a climax Dish Washer can be bought for \$5 every family wants one and it is very easy selling what everybody wants to buy. For particulars address The Climax Mfg. Co., Columbus, Ohio. I think any lady or gentleman, anywhere, can make from \$5 to \$10 a day. I would like to have your readers try this business, and let us know through your columns how they succeed.

MERCURIAL POISON

It is the result of the usual treatment of blood disorders. The system is filled with Mercury and Potash remedies—more to be dreaded than the disease—and in a short while is in a far worse condition than before. The most common result is RHEUMATISM for which S. S. S. is the most reliable cure. A few bottles will afford relief where all else has failed. I suffered from a severe attack of Mercurial Rheumatism, my arms and legs being swollen to more than twice their natural size, causing the most excruciating pains. I spent hundreds of dollars without relief, but after taking a few bottles of S. S. S. I improved rapidly, and am now a well man, completely cured. I can heartily recommend your wonderful medicine to anyone afflicted with this painful disease.
