

THE CHIEF
SWORN CIRCULATION 1,300.

A. C. HOMER, Editor.
LARRY TATE, Asst. Local Editor.

Come let us reason together. Some things are necessary for comfort, health and happiness. This year we are going to do without many of the necessities and all luxuries of life but we intend to have what is absolutely necessary this year to sustain life and keep in health to aid us in our battle of the year. Our wives and children must at least have food to eat and shoes to wear. The latter will not cost you much, but will help to preserve their health and comfort.

We have made arrangements with J. B. Lewis & Co. of Wear Resister fame to supply us with a medium priced line of boots and shoes that will meet with your approval, and come in reach of your pocket book.

It is our wish to supply every family in Webster county with these goods for we believe it will be to their advantage.

Another advantage you gain by dealing with us is the large amount of fine work we do for you in sewing up rips and nailing soles and repairing at actual cost. You will lose nothing by dealing with us and will wish you had if you do not.

Yours respectfully,
BLAKELEE & KALEY.

FRED E. MCKEEBY, M. D.

Physician and surgeon,
City and country calls promptly answered.
MOON BLOCK, RED CLOUD.

\$50,000.

I have \$50,000 to loan on good farms at lowest interest rates. If I make your loan you will not have to wait six months three months, one month or ten days for your money.

The band boys have decided on a handsome and novel entertainment for St. Valentine's night. It will be an invitation affair and will take place at Bentley's hall. Each person upon entering will be presented with an appropriate valentine, after which they will play games, enjoy a social confab, and end with music and dancing.

Our esteemed competitor and brother editor Judge Willcox of the Belt has fallen into bad ways, and has gone to writing poetry about the editor of this paper, and our devil got angry and in that fit said he would try the muse himself, and the following is the result: "Johnny get your gun Taradum."

And then fell dead.

Thos. Kralik and family residing on Miner's ranch were treated to a delightful surprise by about 25 neighbors one week ago Wednesday night. The object of the occasion was to recognize the eleventh anniversary of Mr. and Mrs. Kralik's marriage, and show the esteem in which that worthy couple was held by their neighbors and friends. All the guests brought with them an abundance of choice viands of every style and took full charge of the Kralik home. The event was a very enjoyable one and was indeed a complete surprise.

We are in receipt of the following card from Mrs. S. Cumings who is now enjoying spring in California: "I started the 17th ult. and arrived here the 27th. We were at flag stop on the summit in Arizona for three days, and just got started when the train ran off the track, and we had to wait until track was built around the wreck. I had a very tiresome trip but am delighted with this climate, it is just lovely here, so many flowers and such nice fruit. My brother is picking his lemons and oranges and I see he has 7 to 10 props under one tree.

J. L. Miner and T. C. Hacker returned from Chicago last Friday night, whither they had been sent to confer with Kopper & Co. concerning their proposition to build a sugar beet factory at this place. The result of the conference is not enthusiastically favorable to the erection of a factory here soon, inasmuch as that company would not submit to the requirements of the Red Cloud gentlemen. They were willing to cut the bonds to \$25,000 but required the people here to furnish at least 10,000 tons of beets. This amount is excessive and the task of raising that many beets the first two years is too enormous to contemplate. The Mayor and council have instructed Chairman Miner to forward another proposition, and its fair to say the matter is by no means discouraged yet. Favorable legislation would greatly enhance if not insure our prospects for a sugar factory.

Happily Wedded.

It is somewhat amusing at first thought to the many friends of Miss Cora Kaley who have observed with admiring interest her chaste course from childhood's happy hours to the dignified walks of lovely womanhood to know that she has actually married a "Kidd" that the "Kidd" is from "Misery", and has taken the damsel of his choice to that land of traditional "hazel-bush" and "moss-backs".

The wedding which was distinctively a quiet one, was solemnized at 8:30 last Tuesday morning, at the handsome residence of Mr. and Mrs. Chas. Beese on south Seward street Mrs. Beese being the mother of the bride. Those present comprised only a small number of the bride's relatives and friends. Miss Rose Green of Republican City stood up with the bride, and Mr. Walter W. Baxter of Sedalia Mo. was the groom's best man. The bride appeared beautiful in a fashionable dress of exquisite pattern, while the groom was attired in the conventional black.

Rev. Geo. O. Yeiser of this city a co-nominator of nuptial events officiated admirably according to the primitive ring custom, which is a most beautiful and impressive ceremony, and leaves indelible memories of the hymeneal altar. At the conclusion of their marriage, the young couple boarded the east bound train for their future home in Sedalia, Mo., where the bride will assume the manifold duties of mistress in Hotel Le Grande, of which her husband is sole proprietor.

For Miss Kaley, we have only words of the most profound respect. She possesses a kind and generous heart, and is blessed with grace, beauty, accomplishments and the virtues which constitute an admirable lady. She has resided in this city nearly all her life, and coming of good parentage has enjoyed an extensive and popular acquaintance. Her father Hon. H. S. Kaley was appointed Consul to Chemnitz, Germany, by Pres. Garfield shortly preceding his death which occurred at his home in Red Cloud.

Mr. James K. Kidd is a bright and energetic young man of sterling character and enviable business qualifications. He has many warm friends here, having at one time lived in this city. Mr. Kidd is now profitably situated in the flourishing city of Sedalia, and his prospects for a successful business career are very flattering. The newly married pair begin life under very favorable auspices, and THE CHIEF wishes them the tenderest care of a gracious Providence.

James K. Kidd, the popular manager of the LeGrande hotel, left this morning for Red Cloud, Nebraska, where on next Tuesday at 8 o'clock a. m. he will wed Miss Cora E. Kaley, an accomplished young lady of that place. Mr. Kidd was accompanied by Walter W. Baxter, local manager of Dun's Mercantile agency, who will officiate as best man. The young couple will return to Sedalia at midnight Tuesday and will thereafter occupy handsome apartments at the LeGrande. Mr. Kidd is a gentleman who has made many warm friends during his residence in Sedalia, and in anticipation of the happy event the Gazette extends its warmest congratulations.—Sedalia (Mo.) Gazette.

The Firemen's Benefit.

The dinner and supper given by the ladies of Red Cloud for the firemen of this city last Saturday furnishes ample illustration of what our ladies in co-operation can do, and was withal a brilliant success from every point of view.

One night the ladies met to consider the advisability of giving the fire boys a benefit, and that night the plan of campaign was made, and as every lady knew just what was going to happen. Accordingly last Saturday evening the wagon loads of dishes and great baskets of eatables began rolling into the large store room recently vacated by William's hardware stock, and a full fledged cook house was established in the back end, which was managed by a great many lady cooks, but not enough to "spoil the broth." The great long tables were laden with substantial food, and long before the noon hour arrived the tables were full. It was somewhat funny and yet delightful to be waited upon by the society damsels of every faction, and to see the people so unusually harmonious, but it all went to swell the firemen's cheer, and all were happy as a clam in high tide. As a result of their efforts 186 people took dinner, and after the supper was over the drawer showed the magnificent sum of \$101.80.

There was an immense throng at the supper, mostly town people and most of them stayed to the entertainment, which lasted over an hour. Every feature on the program was good. The quartet singing was very interesting, and the recitations and solos were all right. The singing by little Boyd Smith and little Millie Boyd was especially entertaining and elicited great applause. A comic dialogue closed the entertainment, in which Mrs. Kate Pond played a conspicuous part, and kept the audience in a constant roar of laughter. Mrs. Pond while not an aspirant to stage laurels, has a very reasonable conception of the requirements of a home talent entertainment.

Rheumatism in the back, shoulders, hips ankles, elbows, or wrists, is caused by accumulation of acid in the blood. Hood's Sarsaparilla neutralizes the acid and cures rheumatism.

Passing By.

On last Monday, forty-one years ago, the editor of this Great Family Weekly first saw the light of day, back yonder in Ohio, on the banks of old Lake Erie, in a humble cottage, on the farm, a few miles east of Cleveland, where he lived until twelve years of age, when he commenced the printing business in that famous college town of Oberlin, O., and has been in that business continually since that period. We are proud to say that we have had a birthday once in every twelve months since that memorable day that we were ushered into this great world. Some of these anniversaries have been passed with little thought while others have been pleasantly remembered, in fact we do not feel that we have missed anything by having seen the light of day in that old and long to be remembered home, where we spent our childhood days on the farm. "The old oaken bucket, little chickens in the garden, the one horse shay, the brindle cow, and in fact all of those charming joys of childhood, swarm upon our mind thick and fast as time swiftly glides into the great unknown, and there is not anything that brings back those days so quickly as the flight of time from childhood's gentle estate until age begins to creep upon you apace. Last Monday we again arrived at another milestone in our short life, marked in plain figures "41." Our better half in order to make the world seem brighter, invited a goodly number of the young people of Red Cloud to participate in the forty-first birthday anniversary. They came, and the evening was most joyously spent in various ways, as only young people can, and while time passes swiftly over our heads, the pleasant association of friends helps to lighten the burdens and make one feel that it is pleasant to have their friends come in and assist in celebrating a day that is always an important event in one's life.

Appreciation.

On behalf of and at the request of the Red Cloud fire department, I wish to return the sincere thanks of the members of the department to the ladies who so kindly took the welfare of the fire boys in hand and made such a grand success of the benefit tendered them in the dinner and supper given on Feb. 2 1895 at which time the handsome receipts of \$101.80 were received. At no other time could the treasury of the fire department so thankfully appreciate the receipts of the same. The fire boys feel under lasting obligations to the ladies' committee who managed the benefit so successfully. They also extend to the citizens and all others who attended or assisted thanks, and remembrance of the same. Yours to command,
A. J. TOMLINSON
Chief of Department.
