SILVER PARTY MANIFESTO.

ADDRESS OF THE AMERICAN BIMETALLIC LEAGUE.

PLATFORM OF THE NEW PARTY GIVEN.

Statement of the Issues on Which It Will Organize—Unalterable Opposition of Course to the Single Gold Standard—As Also the Issue of Bonds in Time of Peace.

WASHINGTON, March 7.—The following was issued by the American Bimetallic League:

"A statement of the issues on which the new party will organize—The money question is now indisputably the dominant issue in the United States and will remain so until settled and settled rightly. Other questions, however important, must wait for this, which, to a greater or less extent, involves all others. The issue is between the gold standard, gold bonds and bank currency on the one side, and the bimetallic standard, no bonds and government currency on the other.

"First—On this issue we declare ourselves to be unalterably opposed to the single gold standard and demand the immediate return to the constitutional standard of gold and silver, by the restoration by this government, independently of any foreign power, of the unrestricted coinage of both silver and gold into standard money at the ratio of 16 to 1 and upon terms of exact equality; the silver coin to be a full legal tender, equal with gold in payment of all debts and dues, public or private.

"Second—We hold the power to control and regulate a paper currency is inseparable from the power to coin money; and hence that all currency intended to circulate as money should be issued, and its volume controlled by the general government only, and should be legal tender.

"Third—We are unalterably opposed to the issue by the United States of interest bearing bonds in time of peace, and demand the payment of all coin obligations of the United States as provided by existing laws, in either gold or silver coin, at the option of the creditor. On this issue we appeal from the dictation of the money power to the intelligence and patriotism of the American people."

RICH MINES DISCOVERED.

More Than One Million in Gold Now in Sight.

LOS ANGELES, Cal., March 7.—In the discovery of the mines they have called the Desert Chief, the Desert Queen, Chief of the Hills and Dry Lake Valley mine, located near Indio, the McManey boys, William and James, have probably located the richest group of gold mines ever discovered in the world. The discoverers and owners of the claims say there is more than \$1,000,000 worth of gold in sight, and old mining men who have no interest in the claim whatever (and the McManey boys say they will not sell a foot of what they have located) say the mines will make multimillionaires of every man interested.

Colonel Clendenin Dead.

GALESBORO, Ill., March 7.—Colonel David B. Clendenin, U. S. A., who served with distinction during the civil war, and was retired from active service April 20, 1891, died yesterday at his home in Oneida, after a long illness. He was 65 years of age. At the time of his retirement he was colonel of the Second United States cavalry. He was one of the military commission that tried the conspirators who planned the assassination of Abraham Lincoln.

BOLD ICWA BANK ROBBERS.

TWO MEN SHOOT DOWN SIX CITIZENS IN DAYLIGHT.

THEN FLEE WITH ALL THE FUNDS.

They Are Soon Caught and One Shot—The Cashier Fatally Wounded and the Others Seriously—Adel, Near Des Moines, the Scene of the Hold Up of the Bold Outlaws.

DES MOINES, Iowa, March 7.—Two men drove into Adel about 9 o'clock this morning in a top buggy, went to the bank of Adel, entered and stated that they wished to deposit a sum of money.

Cashier S. M. Leech turned to arrange to receive the money and on looking around was confronted by drawn revolvers in the hands of each man. The robbers ordered him to turn over the funds of the bank, which he refused to do and they shot him fatally.

C. D. Bailey, a wealthy merchant, happened to be in the bank and was also shot, seriously.

Postmaster Barr, J. M. Byers, Cecil Decker and J. M. Simpock, citizens, were also wounded.

The robbers then fled with all the funds of the bank they could lay hands on.

Posses were in pursuit within fifteen minutes, and before noon both robbers were captured, one who hid in a barn at De Soto being smoked out and shot.

ENROLLING GIRLS IN BLACK.

The Enrollment of the Bill to Print Measures the Excuse for a Scene.

TOPEKA, Kan., March 7.—The bill by Senator Cooke, to enroll bills by printing, thus abolishing the biennial enrolling force, was enrolled to-day and six enrolling clerks, dressed in black, brought it to the senate.

Miss Phoebe Turner presented the bill to the senate and with it a set of resolutions prepared by the women, in which they expressed regret at the success of the bill which abolished their office and the failure of much more needed legislation.

Reading Clerk Ben Rich read the resolution as follows:

Whereas, A condition, not a theory confronts the enrolling girls of Kansas, inasmuch as by the passage of a certain bill our presence, occupation and our labors are consigned to the tomb, and

Whereas, We realized and felt until now that we were a part of the legislative body of our state, by compiling the passage of Senator Cooke's bill with the destruction of the bill to learn us how to cook and the failure to enfranchise our sisters and mothers, have filled our hearts with sorrow and dismay, and

Whereas, The time honored custom of our accompanying our fathers and brothers to the legislature and by the passage of this unjust, unappreciative measure has cast us down in the zenith of our glory and we fear the same will have a tendency to disturb domestic tranquility, we implore our fathers to rescue us from our humiliation and despondency and we ask your sympathy and tears while we consign to your death warrant neatly enrolled and properly erased; we further ask Him who holds in the hollow of His hand the destiny of nations and the care of mankind to treat in tender mercy those erring sons of man and strike from the golden good the sins of our Senator Cooke.

UNDER A FALLING WALL.

Three Firemen Hurt at a Fire in Kansas City.

KANSAS CITY, Mo., March 7.—Fire was discovered in the home of Lewis H. Day, at 924 Lydia avenue at 12:30 o'clock to-day. Hose company No. 5 and Truck No. 3 were the first to reach the fire, and as the firemen were going up the stone steps in front of the house with a string of hose an explosion occurred inside, blowing the front wall out and tearing down a part of the north side. The bricks flew in every direction and a great mass, together with the front door, fell on fireman John Lynch. Other pieces of the falling wall caught firemen Clarence McElroy and William McCormick, throwing them to the ground, where they lay until rescued by their companions. Lynch will probably die. The other two are seriously hurt.

The explosion was undoubtedly due to escaping gas either from the gas jets or the meter.

THE UNION PACIFIC SUEED.

A Big Cattle Company Wants Money Paid for Unpatented Lands Returned.

OMAHA, Neb., March 7.—In 1884 the Union Pacific railroad company sold to the Bay State live stock company government lands in Cheyenne county, Nebraska, and Laramie county, Wyoming, and \$63,621 has been paid. Last fall the cattle company tendered \$207,000 as the final payment, but the railway company had failed to obtain the patents and could not deliver the land. In the meantime the cattle company which comprises ex-Congressman McShane and some of the Hammond packing company officials, has acquired land in Northern Wyoming. Leave has been obtained to sue for the return of the \$63,621 and interest and an answer is ordered by March 25.

C. H. J. Taylor Vindicated.

TAYLOR'S LIBEL SUIT.

To Enter a General Denial to All Charges Against Him.

WASHINGTON, March 7.—If District Attorney Birney can find out which side has been doing the false swearing in the C. H. J. Taylor libel case he will have no trouble in sending a big delegation to the new United States penitentiary at Fort Leavenworth. Taylor has denied in toto every charge against him. A physician testified that the girl whose funeral expenses Taylor paid, did not die from criminal operation.

The trial excites much attention here, the papers printing two and three columns of the testimony daily. At the civil service commission it was said that when the commission submits its annual report to the president, which will be in about two or three weeks, it will embody a severe arraignment against Taylor.

To Investigate Lady Somerset.

CHICAGO, March 7.—The statement made in New York by William E. Hicks, the reformer, that many of Lady Henry Somerset's houses in London were tenanted by disreputables, is creating discussion that may lead to investigation of the charges. The Daily News says it is probable that resolutions asking for an investigation will be introduced at the clergymen's meeting next Monday, and the Rev. George R. Mitchell has been asked to preside at an undenominational meeting to discuss the matter, and after due investigation vindicate Lady Henry Somerset or support William Henry Hicks in his crusade.

THE CASTELLANES SAIL.

Off for Europe on the American Liner New York—Crowds on Hand.

NEW YORK, March 7.—About fifty people were gathered about the saloon passenger gangway of the American liner pier to-day when one of the Gould carriages came rapidly down the dock and the Count de Castellanes stepped out and assisted his bride to alight. The countess wore a tan skirt, an astrakhan jacket with a yellow rose at her waist, a small black hat and a black veil.

The New York was overrun with people who were looking into every state room with the hope of being able to see the ones which the count and countess had engaged for the trip across. All had a good view of the newly made countess as she stood at the head of the companion stairway waiting for the count, who had stopped below for a moment's talk with one of the ship's people. When he reached the countess' side they passed quickly to their suite of rooms on the upper deck and remained there until the steamer had cleared.

Statistics, it is added, were submitted to the czar showing that during the past ten years, 3,000 persons died as the result of being whipped with knouts, and that the greater number of them were only guilty of having stolen produce from farmers.
