Republican City Caucus.

The republican electors met last Friday evening at the court house for the purpose of putting in nomination candidates for city offices. The caucus was called to order by R. B. Fulton and on motion he was made chairman and A. C. Hosmer, secretary.

After some spirited sparring a motion prevailed to allow all republicans who participated in the citizens caucus to vote in the republican caucus, provided they signified their intention of voting the republican ticket. Voting then commenced, the first ballot being informal, and developed quite a number of candidates, among them C. H. Potter, M. R. Bentley, R. B. Fulton and numerous others. On the second ballot Mr. Potter received seventy-five votes and Mr. Bentley fifty-three, and the first named gentleman was declared the nominee of the convention.

On motion G. W. Dow and Will West were nominated for city treasurer and clerk in the order mentioned which nominations were duly concurred in by the caucus.

C. S. Bennett was chosen as the candidate for city engineer by acclamation.

On the ballot being taken the following gentlemen were nominated members of the school board, viz: J. A. S. Gilham, Henry Cook and C. B. Crone.

The joint meeting then adjourned and ward meetings convened. In the first ward D. L. Groat was chosen as alderman, and in the second ward J. S. Emigh, and upon his refusal to accept, R. B. Fulton was chosen to fill the vacancy.

The following named gentlemen were chosen as city central committee:

R. B. Fulton, chairman. Second ward—R. T. Potter, G. J. Warren, J. R. Wilcox.

First ward—Mel Sherman, W. B. Roby and C. Schaffnit.

The candidates selected are well known Red Cloud citizens, and will make good officers if elected.

It is said that a fellow living in Kansas or some other state drew a good slice of aid from a town not over 1000 miles from Red Cloud, who was able to buy his own grub. He got the truck on Saturday and on Sunday following a wedding occurred at the house and the aid was made to serve as provender for the wedding feast. The result of that feast it is said, made each and every one sick. Our reporter could not learn whether it was a joke on the wedding or the aid.

John Haselbacher, Frank Smith and Mr Lippincot of Garfield township, three prominent and industrious farmers each determined in their own minds to try the effects of sub-soiling. They believe in putting their shoulders to the wheel, even if the work is irksome, provided it will enhance their land, and prove a satisfactory solution to the vexed problem that has agitated the fertile plains of Nebraska, viz: the hot winds and drouth. Each have sub-soiled about ten acres. They first plowed the land about eight inches deep using three horses, following it up with four horses and a sub-soiler that pierced the ground eight inches more making a total depth of sixteen inches. The gentlemen believe that they are on the right road and that the sub-soiling question is of vital importance to our farmers. It should be thoroughly tried in Webster county.

On last Sunday was Lew Albright's 42d birthday anniversary and on the following day occurred the birth day of his wife. A number of their friends conceived the idea of giving them a hearty and old fashioned surprise party, just to make them feel that although age was making inroads upon their lives yet that they had just passed the "rubicon" of life and had in fact just commenced to climb the hill of life. About forty people gathered at their handsome residence in the west part of the city, and with sweet music and exhilarating amusements, spent an evening long to be remembered by all present. At a proper period an excellent lunch was served and enjoyed by all. THE CHIEF takes great pleasure in wishing Mr. and Mrs. Albright many occasions of the same character, and as their anniversaries come and go that each one will be filled with a redolency that will permeate their lives and make their natal days resplendent with numerous joys.

Joe Saladen returned Tuesday night from Iowa, where he has been soliciting seed grain and feed for some of the farmers in Line township where he lives. Mr. Saladen shed no crocodile tears but told people the truth, and secured about 75 bushels of corn, for which the people of Line are very thankful. Most of the aid was secured in the vicinity of Glenwood and Percival, Iowa. At the former place the genial Mart White, a brother-in-law to Geo. and Lew Hummel, assisted greatly in securing grain, and Joe says that Mart is a stunner at getting the people to open their hearts and do the right thing, notwithstanding several solicitors preceded Mr. Saladen in that neighborhood. Mart is prospering nicely and is the same jolly good fellow as ever. At Percival, Mr. Will Stubbs, who is also a brother-in-law of the Mr. Hummel, took an active part and helped Joe in getting corn. Mr. Saladen thinks there are many more desirable jobs than going east after aid.

Kaley & Campbell.

A sad event occurred in this city Monday. Chester Young, a school boy familiarly known as "Chat," the eleven year old son of Mrs. Nora Young, was suffering from a necrosed finger bone and resolved to have it scraped or amputated. Accordingly he went to the office of Dr. Damerell and accepted a mild application of ether to resist the pain during the operation. The operation was successfully performed by Dr. Damerell in the presence of Drs. Beck and Emigh. When the patient was recovering after the operation, there was a sudden cessation of pulsation, respiration was faint, and with all the best efforts of the doctors the little fellow could not be resuscitated, but died of heart failure in the operating room. The amount of ether administered him was very light, and the doctors remarked during the operation of how easily he had succumbed to its influence and yet respiration was natural and all was well until he began to arouse from his stupor, when he suddenly went into the sleep from whence he could not awaken. It was a sad blow to the mother, but she bore it bravely and does not censure the doctors, nor their methods employed in the operation. The funeral services took place from the Christian church Wednesday and the church was crowded to its utmost. Chester was a bright and amiable boy and his schoolmates were all permitted to attend his funeral, as a mark of the high esteem in which he was held.
