There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75.

The exhibition at Mt. Hope school house last Friday evening was a grand success. The teacher and scholars did their part well, and the songs and guitar music were beautiful.

STUNNER.

A Chance to Make money.

I saw one of your subscribers tell in your columns a few weeks ago how she made money selling Dish Washers I wrote to the Iron City Dish Washer Co., E. E. Pittsburg, Pa., and obtained one of their Dish Washers and tried it myself first. It is just lovely you can wash and dry the dishes for a family in two minutes, without touching your hands to a dish or putting them in hot water. I made the first day \$5.00 and everybody wanted a Dish Washer just as soon as they saw me wash their dishes. Since then I have made as high as \$18.00 a day, and I believe that I can get enough money to keep my brother at school this winter and have money in the bank too. Any lady or gentleman can do as well as I am doing, I am sure, as I had no experience. When everybody wants to buy it is hard not to sell. Anyone can get information by writing the above firm and I am glad to add my experience, because I think it is my duty to others to help them over the hard times.

VIRGINIA HERNE.

State Line.

A Voice From Garfield.

Mr. Editor: We had a meeting at the Roll school-house Friday night. S. Martin was chairman, and Frank Ailes and Bert King secretaries.
Cap. Houchin made a speech which was the effort of his life.
He said the state had appropriated \$200,000 for relief, and he was in Lincoln when the governor signed the bill.
About 52 precious poor honest men came forward and signed the paper to secure them aid. Some had nothing in shape of feed and others had just a little.
I think we could get every man to sign it if it was not for the damned measly oath to it like there was with our aid. Garfield was the banner township in taking aid, and in every contest we expect to score a victory.
Now we want to do away with all oaths mortgages and back taxes, and have Dr. McKeeby get a bill through making them unconstitutional.

PETER COOPER.

The rapidity with which crop develops calls for instant treatment; and yet few households are prepared for its visits. An admirable remedy is Ayer's Cherry Peppermint. It has saved hundreds of lives and should be in every home where there are young children.

Greeting to My Old Patrons and Friends,

Having accepted the farm agency for the Old Continental Insurance Co., in Webster and adjoining counties, am prepared to furnish liberal and reliable insurance on the most favorable terms.

J. H. SMITH, Agent.
Children Cry for Pitcher's Castoria.
