Secretary Carlisle's Estimates Upset—The Shortage Will Be \$57,000,000—Comments of London Papers on the Decision.

Washington, May 22.—The effect of the supreme court decision in the income tax case is the one overshadowing topic of conversation in Washington. Its effect on the treasury is not difficult to determine. The government has been knocked out of revenue variously estimated at from \$50,000,000 to \$50,000,000, of which \$15,000,000 was included in the 1894-95 estimates of the commissioner of internal revenue. That much is a known fact. The estimated internal revenue for the year ending June 30 next was \$165,000,000. It will lose \$15,000,000 from income tax, and indications point to an \$8,000,000 further disappointment, that much of a falling off being in sight. Instead of \$165,000,000 the internal revenue receipts will approximate \$142,000,000, a loss of \$23,000,000. Customs receipts for the year will approximate \$125,000,000, instead of \$100,000,000 as estimated, a shortage of \$7,000,000 in that quarter. Then the expenditures promise to run ahead of the estimates \$7,000,000 for the year, making a net result of \$37,000,000 over and above the \$20,000,000 deficit estimated by the secretary of the treasury in his report to congress last December, or a total shortage of approximately \$57,000,000 for the year, instead of the \$20,000,000 officially calculated.

INCOME-TAX KNOCKOUT.

Comments of London Newspapers on Supreme Court Decision. London, May 22.—The London newspapers very generally comment upon the decision of the supreme court of the United States declaring the income tax unconstitutional. The editorial in the Times on the subject says: "As things stand, the weight of authority falls upon the same side as the weight of numbers. The practical result is that direct taxation must fall upon the citizen in direct proportion to his voting power, without reference to the amount of his property."

The Chronicle says: "The loss of \$5,000,000 revenue must still further decrease American finances, but the millionaires have escaped the net and the people generally will be compelled to make up the deficit. It is a strange comment on American democracy and on the limitations of the American constitution."

FOR "SOUND" MONEY.

Secretary of the Treasury Carlisle Opens the Campaign. Covington, Ky., May 22.—The secretary of the United States treasury, Jno. S. Carlisle, opened the discussion of the question of "sound" money here last night. Mr. Carlisle began his speech by giving a review of the administration of the government since Mr. Cleveland began his first term. He then plunged directly into the silver question, first giving a review of the free coinage legislation to show that there was nothing surreptitious in the demonetization act of 1873. He said silver is not demonetized in this country, but its coinage has been so limited and regulated by law and the financial affairs of the government have been so conducted that up to the present time its purchasing power has been preserved and its circulation to a large amount has been maintained concurrently with other forms of money, notwithstanding it has been coined at a ratio which does not conform to the real value of the metal contained in it. He said the free coinage of silver at the ratio of 16 to 1 would drive out gold and simply mean silver monometallism, and out down the unit of value about one-half.

Mr. Carlisle contended that a drop to a silver basis would not advance prices at once, owing to the contraction of the currency by the withdrawal of gold, which would alarm the country, destroy credit, and precipitate a panic. Who would profit by this condition of affairs? he asked. Nobody except the holders of gold, and the owners of silver mines, the holders of silver bullion, and the brokers and speculators in the stocks of silver mining companies. Mr. Carlisle's next point was that, under free coinage at 16 to 1, wages would be paid in the debased dollars, and that no man would live long enough to see wages increased in proportion to the advance in the prices of commodities. Finally, Mr. Carlisle frankly said that when he voted for silver in 1878 the conditions were different from now, and that at that time he made a mistake.

RAILWAY TRAINMEN MEET.

Important Session of the Brotherhood at Galesburg, Ill. Galesburg, Ill., May 22.—The second biennial session of the Brotherhood of Railway Trainmen began here yesterday with nearly 600 delegates from all parts of the country in attendance. The report of Grand Secretary Sheehan recommended a graded insurance, with rates of \$100, \$500 and \$1,200. He explained the reasons for the deficit in the general fund and how this could be met through grand dues. In speaking of the loss in membership he charged it to the hard times principally. He sharply criticized the leaders of the A. T. U. and those responsible for the late big railroad strike, which he considered unjust. In the evening a public reception was held at the opera house and was largely attended. Governor Altgeld was present and made a lengthy address to the delegates. He was followed by L. S. Coffin, Grand Master Sargent of the Firemen's Brotherhood; Mayor Tunniff, George W. Prince, and others. There is a strong effort being made by Milwaukee, Peoria and other cities to have the headquarters of the brotherhood taken from this city, and some big inducements are being held out.

The resignation of Grand Master S. E. Wilkinson, it is understood, will be presented to the convention to-day. Vice Grand Master P. H. Morrissey is spoken of as a possible successor to Mr. Wilkinson. Others who are spoken of as candidates are Al Brown, of Philadelphia, and A. Morrison, of New York.

CONSERVATIVES WIN.

Presbyterian Church General Assembly to Control Seminaries. Pittsburg, Pa., May 22.—By a vote of 432 to 95 the report of the committee on seminary control was accepted by the Presbyterian general assembly yesterday. Some slight changes were made but the accepted report is virtually as the anti-Briggs people drafted it. The debate was cut short and the matter was rushed to a vote. It went through by a whoop, amid great excitement by Dr. William O. Thompson, president of the Miami University at Oxford, Ohio, was the first speaker yesterday. He was against the adoption of the report. Among those who took part in the debate was Rev. Dr. Andrew C. Zeno, a native Greek, of the McCormick Seminary, Chicago. He spoke and voted against accepting the report of the committee. Their great success promises to embolden the conservatives for drastic measures against the students of Union Seminary. The vote yesterday was a declaration of war to the knife and the only end will be surrender or recession. A fraternal letter was sent to the General Assembly of the Southern Presbyterian Church at Dallas, Texas.

WARM TIME AT CHICAGO.

Bulls and Bears Again Wrestle on the Board of Trade. Chicago, May 21.—The wildest commotion prevailed on the board of trade this morning, as with fifteen minutes the wheat market broke from 73 1/2c to 71 1/2c per bushel. The early sales were at 72 1/2c as against 72 1/2c last evening, and due entirely to the damage reports almost everybody wanted to buy. This active demand sent the market booming to 74 1/2c, when all at once a big plunger dumped 600,000 bushels on the crowd. Then came the excitement. The price dropped 2 cents almost at once. A calm followed, either through exhaustion or a readjustment of the market toward noon. Then, as it got along toward noon, the tone improved and a rally sent the market up to 73 1/2c, a gain of 2c. Good buying followed the break. Closing prices were 72 1/2c May; 73 1/2c July, 73 1/2c September.

Eighteen Firemen Injured.

Havana, May 22.—Fire broke out at 3 o'clock yesterday in the tobacco and cigar factory known as Flor de Pinar, which contained a large amount of stock belonging to Estanido. Before the flames were under control damage estimated to the amount of \$150,000 was done. While fighting fire eighteen firemen were injured, two of whom will die. Two hundred persons have been thrown out of work by the destruction of the factory. The conflagration is believed to have been of incendiary origin. The factory and stock were not insured.

Cab Will Be British.

Ottawa, Ont., May 22.—It may be taken as a settled fact that the Pacific cable will be, like its promoters, essentially British. The United States having given an adverse answer to Great Britain's proposition to secure Necker or Bird Island as a cable station, the Fanning Island route will therefore be adopted. Fanning Island is a British possession, so that all the landing-places of the cable will be within the empire.

Lumpy-Jaw Cattle Killed.

IN THE LABOR WORLD.

Illegal Employment of Children in Wisconsin. Milwaukee, Wis., May 22.—Labor Commissioner Erickson through his factory inspectors, is gathering statistics as to the number of children under 14 years of age employed in factories in Wisconsin. Inspector Fisher has canvassed about one-third of the factories of Milwaukee and has found enough such cases to make it certain that several hundred children under the legal age are employed. At Oshkosh, also, many children are found working, mainly in the furniture factories. Prosecutions will follow in a number of cases.

Small Riot at Cleveland, Ohio.

Cleveland, O., May 22.—One hundred and twenty-three lumber shovels went to the Cleveland Saw Mill and Lumber company's dock yesterday morning, armed with clubs and stones, to prevent the lumber steamer Gettysburg from being unloaded by non-union men. Frank Wentz, an employe of the mill, was mistaken for a non-union man and unmercifully clubbed. He was removed to a hospital in an unconscious condition. When the police arrived the mob had disappeared.

Arm Their Workmen.

St. Louis, Mo., May 22.—To prevent interference with their existing building contracts by strikers who assault non-union hodcarriers, it is announced by the boss bricklayers that their men have been armed with revolvers, with instructions to use them, if necessary. Trouble is feared.

A NARROW ESCAPE.

The German Steamer Hispania in Great Danger. Queenstown, May 22.—The German steamer Hispania, Capt. Kuhn, from Hamburg, with 200 passengers on board, has put into this port in distress after encountering very heavy weather. When about 250 miles west of Fastnet the steamer rolled so heavily that a portion of her cargo, consisting of iron rails, broke in her side. Consequently the Hispania was put about and headed for this port, where her cargo will have to be partly restowed before she can proceed on her voyage.

NATURE AIDS THE PATRIOTS.

Gen. Dequesada Says the Spaniards in Cuba Will Soon Be Crushed.

New York, May 22.—General Dequesada in an interview upon Cuban affairs announced: "The hour has arrived. The war will soon be at its height. In six months General Campos will be forced to return to Spain. Already peace overtures have been made to us by the regular troops.
