HEAVY DEFALCATION AT DENVER, COLO. H. J. Aldrich Flees From the City, Leaving a Money Tangle Involving \$400,000—Endless Trouble Will Be Caused in Straightening Things.

Denver, Col., June 19.—Henry J. Aldrich has disappeared from Denver and at the same time it has been discovered that 300 to 400 ranches have clouded titles and \$400,000 is involved in the affair. Aldrich was president and general manager of the Colorado Securities Company, and as such he diverted money sent here by eastern investors who desired to protect shortages incurred in maturing obligations due to the drop in real estate. Money was sent in by investors which was never properly applied, and the result is that titles to property involved are under a cloud.

TAYLOR'S CASE.

Officials Assert That the Defaulter Will Be Punished. Deadwood, S. D., June 19.—State Treasurer Phillips announced yesterday that he had received word that W. W. Taylor, the defaulter, would surrender at Pierre to-day. The governor and Treasurer Phillips both declared that the state would not lose a cent, as property valued at more than the amount of the defalcation had been turned over by Taylor and his bondsmen.

Republic League Clubs. Cleveland, O., June 19.—Delegates from every state and territory in the union are on their way here to attend the national convention of Republican League clubs, which will convene tomorrow morning and continue through Friday.

To Open the Great Canal. Hamburg, June 19.—There has been an enormous influx of visitors here to view the ceremonies and spectacles incident to the opening of the Baltimore and Annapolis canal at Kiel.

Oklahoma Indians Fretted. Wichita, Kan., June 19.—A special received here from Fort Reno says a sheriff's posse in "Q" county, Okla., killed the Indian supposed to have assaulted Grandma Lewis a week ago today.

Man and Wife Murdered. Stone City, Ky., June 19.—John Brown and a woman supposed to be his wife were killed and thrown into the Ohio river, when and by whom is a mystery.

Iowa Crop Prospects. Creson, Iowa, June 19.—A heavy rain passed over this part of Iowa yesterday afternoon. Exhaustive reports from every station on the Burlington in western Iowa show that prospects for all kinds of crops are excellent.

Kills Mother-in-Law and Himself. Lancaster, Pa., June 19.—Last evening, on East Fulton street, this city, Joseph Westgate, a puddler, who was separated from his family, shot and instantly killed Mrs. Christian Hambright, his mother-in-law, and then blew his brains out. The man was drunk.

Cloudburst in Missouri. Cameron, Mo., June 19.—A cloud burst six miles east of here last night did great damage to the growing crops. The water flowed over field, overflowing creeks, washing away crops, live stock and bridges. There were no fatalities.

IN A BOILER EXPLOSION.

Two Men Instantly Killed—Others Badly Hurt—One Will Die. Athol, Ind., June 19.—One of the worst accidents that ever happened in Athol occurred through boiler explosion at the home of Charles Peterson at 4:30 o'clock yesterday afternoon. The dead are: PETERSON, FRANK, aged 32, leaves wife and three children. SMITH, WILLIAM, instantly killed; married; leaves no children. The injured are: Hamar, J. W., bruised. Hamar, Alex., aged 6, son of above, bruised. Stambaugh, Leonard, aged 28, horribly scalded; cannot live. Shumar, Henry, back slightly burned.

Two men were at work drilling a well. While they were discussing the work the boiler exploded. Smith was blown twenty feet away and instantly killed, every bone in his body being broken and his flesh being crushed to a pulp by the awful force.

FIRE IN A THEATER.

Audience and Actors at the Cleveland Lyceum Given a Fright. Cleveland, O., June 19.—Five hundred men and women crowded in haste through the doors of the Lyceum theater last evening with billows of black, angry smoke rolling in behind them. There was no panic. The fire was mainly in the rear of the theater, a block used for saloons and lodgings being ablaze. The fire was extinguished with a damage of but a few thousand dollars. The audience fled back inside and the play went on.

Burned by Electricity. Cleveland, O., June 19.—People passing along Ontario street last evening were startled by the piercing screams of a woman which came from the roof of a restaurant known as the New Wright House. A woman was entangled in the telephone and electric light wires forty feet above the ground. Her clothing was on fire and she was loudly calling for help. Several men ran up the stairs to the fire. Thomas Bell ascended by the fire escape. Bell reached the unfortunate woman as soon as the other men and together they released her from her perilous predicament.

Mother and Child Burned to Death. Birmingham, Ala., June 19.—While Mrs. James Drennen was playing with her 5-year-old son, whom she had in her lap in the kitchen of her house, near Hamilton, Ala., yesterday, the boy reached to a shelf nearby and upset a pitcher of kerosene oil over her garments. This took fire and she died in horrible torture. The boy had followed his mother and catching fire from her was likewise burned to death. Less than two weeks ago Mr. Drennen was attacked by a young stallion and trampled and kicked to death. The family is now extinct.

Heavy Winds Do Damage. Creston, Iowa, June 19.—A severe hurricane passed over this section of the state at an early hour yesterday morning. West of here, along the line of the Chicago, Burlington and Quincy railroad, buildings were blown down and miles of fences leveled. In the counties of Montgomery, Adams and Union considerable damage was done to crops; a heavy rain followed the storm and beat down the growing grain. Several wash-outs of bridges are reported.

Visible Supply of Grain. New York, June 19.—The visible supply of grain Saturday, June 15, as compiled by the New York Produce Exchange, is as follows: Wheat, 47,717,000 bushels, decrease 2,048,000 bushels; corn, 18,784,000 bushels, decrease 790,000 bushels; oats, 8,661,000 bushels, decrease 85,000 bushels; rye, 117,000 bushels; decrease 10,000 bushels; barley, 118,000 bushels, increase 24,000 bushels.

Will Probably Meet in November. Washington, June 19.—The republican national committee will probably meet in November this year, instead of December. The republican leaders believe that the next national convention should be held in May, and inasmuch as the national committee must give six months' notice of the holding of the convention, it will be necessary, therefore, that the committee shall hold its meeting in November.

Showers in Illinois. Princeton, Ill., June 19.—The eight-weeks' drought in Bureau and Putnam counties was broken yesterday by a heavy shower that lasted three hours. The rain came in ample time for corn and potatoes, but too late for wheat and oats. A good rain has also fallen at Freeport, Nokomis, Nashville, Gaiena, Carlyle, Lacon, Hillsboro, Mascoutah, Sterling, Rockford and Peoria.

Storms All Over the State. Lincoln, Neb., June 19.—Reports from all over the state tell of a heavy rainfall preceded in sections by a wind almost cyclonic in energy. At Hampton many houses were partially wrecked and windmills in the country were badly damaged. Bradshaw, forty miles west of Lincoln, had a similar experience. No loss to life or serious accidents are reported.

Damage at Hampton, Neb. Hampton, Neb., June 19.—A wind-storm, with almost the energy of a cyclone, reached here at 1 o'clock yesterday morning. Windmills all over the town and in the adjacent country were blown down and many houses and barns in the village were partially demolished. Foods in business buildings which were anointed were badly damaged by the rain which followed.

To Go to Supreme Court. Washington, June 19.—The court of appeals yesterday allowed an appeal to the United States supreme court of the pension case of Judge Charles D. Long of Michigan.

BY A HEAVY STORM.

Six People Injured, One Fatally, at Hartford, Kansas. Hartford, Kan., June 19.—About 5 o'clock last evening a cyclone struck this place, coming from the southwest, and swept everything in front of it. Its path was clean-cut and about 100 feet in width. No one, so far as known, was actually killed, although several persons were injured so badly they are not expected to live. The wounded: LAWSON, MR., will die. LAWSON, MRS., seriously hurt. RAWSON, MRS. MARY E., probably fatally injured. RAWSON, CORA, severely hurt. RAWSON, OLA, badly cut about the head. SMITH, MRS. H. K., severely hurt.

About twelve houses were totally destroyed and many barns and outhouses. The total loss is estimated at all the way from \$10,000 to \$20,000. An eyewitness of the storm says: "I was on the incoming Missouri, Kansas & Texas train, due at Hartford at 5:20. Just as the train was stopping I and other passengers noticed to the northwest a peculiarly shaped white cloud formed nearly like a balloon, but a little more tapering. Its peculiar whiteness first attracted our attention. In a few moments it seemed to stretch and put its neck to the ground, turning darker. Then clouds from all directions seemed to cluster around the top and as the small end struck the earth trees, fences, everything it struck, were torn up and lifted into the air."

"The first house it struck seemed to be lifted bodily into space and in a second beams, furniture, stoves, bedding and all kinds of material were seen shooting in all directions, high up in the air. By this time passengers were beginning to notice that the funnel-shaped cloud was coming straight for the car in which we were and inquiries began to be made as to what was best to be done.

"Suddenly a Methodist preacher, I do not know his name, solved the question by shouting, 'Here goes for the prairie,' and rushed to the door, followed by every one in the car. None, however, was able to catch him. The run was not necessary, for when only about 100 feet from the car the storm center took a sudden turn eastward and swept past the rear end of the train without touching it.

"The storm, after passing through the town to the east, seemed to bump the Neosho river, and then rise and disappear in the air."

CROWD AT CLEVELAND.

Hotel Already Crowded With Delegates to League Convention. Cleveland, Ohio, June 19.—Nearly all the delegates and thousands of visitors have already arrived in this city to attend the national convention of the League of Republican Clubs, which opens tomorrow, and the rotundas of the large hotels present scenes comparable only to the exciting times preceding a presidential convention. As a matter of fact, the persistency with which the silver question is kept at the front and the vital consequences with which the gathering even greater importance than it would have if merely called upon to choose a standard bearer without passing upon the party's financial policy.

The silver legions will be led by Senators Cameron, of Pennsylvania, and Dubois, of Idaho. Senator Thomas A. Carter, chairman of the republican national committee, will lend his strength to the same cause. Many of the delegates, especially those from Montana, and other mining states, threaten to bolt the convention if free coinage is not indorsed.

BANK OF COMMERCE FAILS.

Old Financial House at Indianapolis Forced to the Wall. Indianapolis, Ind., June 19.—The Bank of Commerce, one of the oldest financial institutions in this city, made an assignment yesterday for the benefit of creditors. The assets and liabilities are about equal. The schedule of assets turned over to the assignee shows real estate valued at \$30,500, which was levied on and turned over to the sheriff last week to satisfy a judgment for \$75,000 in favor of the Knights and Ladies of Honor. It also shows personal property in notes and securities amounting to \$180,000. The directors say the depositors were provided for by a deposit in the Indiana National bank last week, and will lose nothing.

Ohio Miners Accept 51 Cents. Columbus, Ohio, June 12.—The vote of the Ohio miners upon the proposition of the operators to pay 51 cents for screened coal per ton resulted: For acceptance, 5,991; against, 4,351. Secretary Mellydre of the National association says the Ohio miners acted wisely in accepting the offer of the operators, and if the Pittsburg miners will do as well they will be in a position to take an advanced step by the time the fall trade opens.

WHY ARE WE HEELER & WILSON'S No. 9 SEWING MACHINES POPULAR?

BECAUSE LADIES BUY THEM LIKE THEM AND TELL THEIR FRIENDS.

Many ladies have used our machines twenty to thirty years in their family work, and are still using the original machine improved them. We build our machines in honor, and they are recognized everywhere as the most accurately fitted and finely finished sewing machines in the world. Our latest, the "No. 9," is the result of our long experience. In competition with the leading machines of the world, it received the Grand Prize at the Paris Exposition of 1889, as the best other machines receiving only complimentary medals of gold, silver and bronze. The Grand Prize was what all sought for, and our machine was awarded it.
