showed no baking powder as pure or so great in leavening power as the Royal.

**M. W. A. Banquet.**

On Wednesday evening a large number of the membership of Red Cloud Camp, No. 608, M. W. A., and their friends assembled in their hall for pleasure and feasting. The Camp is in fine condition and rapidly growing to be one of the finest secret and mutual aid societies in existence.  
At 8:30, Venerable Consul Maurer dropped the gavel on the pedestal, and with a few remarks started the ball rolling. The program was opened by singing "A Welcome Song" by several voices. Charley Gilham made a short address. The Misses Grace Fort and Blanche Sherman entertained the audience with a fine duet. P. V. C. F. G. Blakeslee amused the audience with a pleasant talk. Thad McNitt and Lew Vance gave the audience some sweet music from the mandolin and guitar.

Edward and Elmer Blakeslee favored the guests with a fine duet that set the audience into convulsive laughter.  
Stewart Albright sang a solo, "When Love is True," after which supper was called. The 150 people present were highly entertained. During the supper hour, Chas. Olmstead and others entertained the audience with excellent music. The Woodmen know how to entertain in magnificent style, and we hope they will do so often.  
On Thursday evening just as the board of education was about to convene its session they received a telegram from Prof. Caster, dated Denver, withdrawing his name as an applicant for the superintendency of the city schools. The fight against Prof. Caster has been a bitter one emanating from personal grievances, but we imagine that it will be sometime before the board secures another man that will do the good work in the schools that he did. Who the new superintendent will be is not known, but the board should do their best to secure a man who will uphold the high standard of our schools in the same line that Prof. Caster has during his four years incumbency.  
Doc Fort, our affable county clerk, is a practical joker. The other day "his den" was the scene of much sport which bordered on the infernal. During the 4th of July downpour the "old ranch" sprung a leak and the heavenly dew drops rushed in upon the documents in torrents. In order to dry them Col. Parker was transferred to the front office and Doc built a fire in the stove, shut the windows, and proceeded to give the documents a "hot roast." To make the joke more satisfactory he would confidentially invite his friends in the back room. The fellow would innocently go forth, only to catch on, and with one swift backward movement would retreat in good shape. It was hotter than hades and the boys didn't fancy the amusement. About fifty swallowed the joke before Doc had enough.  
**Red Cloud Will Boom.**  
Bentley's hall to be turned into a public reading room. Everybody invited to attend the grand opening Tuesday evening July 16th. No admission to the main hall where plenty of common-every-day like samples of living volumes will be distributed to the masses for their perusal and enjoyment which guarantees a jolly good time if you only attend. In the adjoining room there will be a few of the main select volumes. Select from every point of view. Binding, size, giltedge, trimming, portrait and plain print if you wish to handle, examine or read it will cost you the small sum of a dime, to help defray expenses. There are two prominent objects in reading, amusement and knowledge. These should be combined into one. Any of the select volumes will contain both. Among our list you will find "Rose in Bloom," a beautiful little volume. Rose is a great admirer of boys; always ready to amuse and never fails to impart knowledge. "Under the Lilacs" is another of our selections of medium size, very pleasing and instructive. Think of that dog and the boy! Ha! ha! that kind hearted girl. O read it and find out for your self. There will be fifty of these select books. Space will not permit special mention of each, farther than to say that if ever you wanted to be a Brigham Young in your life it will be the evening of July 16th.  
THE CHIEF does all kinds of job work in first class style and at bottom prices. When it comes to low prices we have no competitors. Try us.

**Does History Repeat Itself?**  
Many years have gone by since Red Cloud began to improve and assume metropolitan airs; many the councils who have endeavored to improve our streets, and thus gain notoriety over their predecessors. The most noticeable efforts have been on main street and 4th avenue, for about every other council from the beginning of our city has tucked and filled, and the next one would dig and spill. If our present council would only spend their time and money on main street and 4th avenue, and cut 4th avenue down a little, we would be led to exclaim in the language of one of old: "Verily, history doth repeat itself." Selah! CITIZEN.
