COUNTERFEITERS CAUGHT

FOUR OF THE MOST EXPERT GANG IN THE COUNTRY ARRESTED.

HE FIFTH ONE ESCAPES.

They Have Been Flooding Canada and the United States With \$500 and \$100 Gold Certificates—Valuable Plates and Fiber Paper Sufficient to Make \$400,000 Also Discovers—Big Haul.

New York, Aug. 7.—The expert counterfeiters who, for two years past, have been engraving and printing \$500 and \$100 United States gold certificates and flooding Canada with notes of smaller denominations, have been discovered by secret service detectives and four of the gang of five are now locked up in Jersey City. The fifth member, the backer, was arrested but escaped. Brockway, the most expert forger and counterfeiter in this country, is probably the principal. The man who supplied the funds for the plant was Dr. O. E. Bradford, who has heretofore managed to escape suspicion. Libbie Smith, a cousin of Bradford; Sidney Smith, the engraver of the party, who is said to be Libbie's husband, and William S. Wagner, are the others. The plates and paper captured by the detectives show this to be the most skillful gang that has operated in this country for years.

Besides valuable plates for both the United States and Canadian notes \$200,000 in currency, with the reverse side all printed, was discovered. A sufficient amount of fiber paper to print \$400,000 more of Canadian money was also located. Smith, the engraver, was not found until late last night. He is the son of a noted counterfeiter, Charles E. Smith. Counterfeit Canadian money was found on each one of the four arrested and the secret service officers say they have a clear case that they have been making and uttering counterfeit gold certificates of the denominations of \$500 and \$1,000.

Woodbury, president of the Union National bank, which suspended last week.

No Rest for Armenians.
LONDON, Aug. 7.—The Daily News has the following advices dated Armenia, July 29: "The condition of the Armenians is worse than ever. The Oklahoma Outlaw Found to be Fatally Wounded.

SOUTH EXID, Ok., Aug. 7.—Zip Wyatt, alias Dick Yenger, the notorious bandit, is still alive but fast sinking. He has three forty-five Winchester bullets in his person, two of which are lodged in his intestines. When told that he was bound to die, he made a partial statement, admitted his identity and requested that his father be sent for. His father, William Wyatt, lives near Guthrie, this territory, and is known as "Six Shooting Bill." He is a tall, muscular old man, and when in his cups is in the habit of making a hot house for the loafers.

Zip Wyatt, the bandit, is the only one of the Dalton gang who made his escape from the raid at Coffeyville, Kan. He was wounded at the Dover robbery, and was the leader at the Red Rock train robbery on the Santa Fe. He has assisted in a score or more of murders, and perhaps 100 robberies of banks, store and private families. More than 500 people visited the jail yesterday to see him, many of whom positively identified him. A deputy United States marshal stated that the pursuing and capture of Zip Wyatt had cost the United States government some ten or twelve brave officers and not less than \$50,000.

BE WELL THIS SUMMER!

PAIN'S CELERY COMPOUND RESTORES LOST NERVOUS ENERGY.

For those many women who have suffered through the in-door life of winter and spring, with tired nerves, sleeplessness, neuralgia, rheumatism, the dyspepsia that is best expressed by the words "no appetite"—for the many worn-out women, many of whom will get no real vacation, but must attend the whole summer long to household duties—for such women there is every need now of a brisker feeding of the reduced blood and nervous tissues by means of the best nutritive agent in the wide world today—Paine's celery compound.

After building up the body by the use of this great modern restorative, diseases of the special organs, heart trouble, kidney disease, dyspepsia and sleeplessness will disappear.

Neglect to satisfy the demands of the nervous system by rapid, complete nourishment of all its parts, carries heavy penalties. Paine's celery compound, more effectively than anything else the world has yet known, restores health to men and women whose blood has been robbed of vitality from whatever cause, and whose nerves

have lost their healthy tone. Persons suffering from rheumatism, neuralgia and any of the countless results of loss of nerve power find a marked change for the better almost at once upon faithfully using Paine's celery compound.

Mrs. James Arthur, whose portrait is given above, writing from her home in Spokane, Wash., says:

"I suffered for three years with neuralgia and rheumatism. I tried different remedies which would give me only temporary relief. Last year in January and through the spring months I suffered terribly. I could walk only a short distance, and some days not at all. But then I began for the first time to use Paine's celery compound. It cured me permanently and I have not been troubled since! My knees were so bad last year that I could not sit down or get up at all. Now I walk every day, and it causes no stiffness or lameness in the joints."

Testimonials from men and women in every state and country and town in the country might be published telling of similar speedy cures. They carry this plain advice to other sufferers: Take Paine's celery compound.
