The reform Democrats will have a large majority in the constitutional convention, which insures the making of a constitution which will largely eliminate the negro vote.

HOLD-UP IN MICHIGAN. A Chicago and West Michigan Train Is Dynamited. GRAND RAPIDS, Mich., Aug. 22.—The fast express, known as the "Flyer," on the Chicago and West Michigan railroad, leaving Chicago at 5 o'clock and arriving here at 10:40, was held up by five men in a piece of woods just before crossing the Kalamazoo river at 9 o'clock last night. The train was flagged by swinging a white light across the track. The brakeman, Timothy Murphy, was seriously wounded by pistol shots fired by the bandits.

The robbers proceeded to the express car and ordered Expressman Boyd Van Otten to open the door. This he refused to do, and the robbers began firing at the train, breaking all the windows in the express car. Finding Van Otten not easily scared, one of the robbers forced the door, and then two went in, and while one covered the expressman, the other blew open the safe. They got nothing as it was empty. The robbers then proceeded to the passenger cars, firing as they went. Opening the car, they held up Conductor E. E. Rice, securing \$7 in cash. While this was going on, the two other robbers went through Engineer Zibbell, got his watch and also took one from Fireman Driscoll.

After firing some shots at the train, the robbers struck out into the woods. After the train was started, it ran into an obstruction a short distance north of the place of the hold-up. The robbers had piled the track with old ties and some time was spent in clearing the track. The train was held twenty minutes, and arrived in this city at 11 o'clock.

CHEWED HIS OWN NOSE. Horrible Scene in the Dunning Asylum Described by a Doctor. CHICAGO, Aug. 22.—The investigation of the county commissioners into the management of the Dunning insane asylum began yesterday. Thirty thousand words of testimony were taken at the first sitting. Toward the end of the day's sitting came a horrible story that in detail was more barbarous than the story of the Pucik murder. It was told by Dr. McGraw, resident physician of Dunning asylum. It concerned a battle between two mad men, who had fought in the corridor of ward 2, while Anderson, accessory to the murder of Pucik was on watch. These two patients quarreled over some silly, childish difference.

They came to blows. They tore at each other's faces and rolled about the floor while Anderson looked on. One of them in the frenzy of a raving maniac, set his teeth into the face of the other. He bit off his nose, and spat it into the stone floor of the corridor. The maniac with whom this patient was battling sprang away from the death grip, fell bleeding and screaming to the floor, saw the flesh torn from his own face, stuffed it into his mouth and chewed his own nose to a pulp and swallowed it. He said that it would make it grow again, and Anderson looked on.

This was the sworn testimony of Dr. McGraw, resident physician at Dunning asylum. While it was being given one of the commissioners turned sick and pale. Julie Adams, one of the committee covered her face with her face with her hands and clutched at the arm of her chair.

SENATOR QUAY VICTOR. He Carries the Republican Primaries and Has Votes to Spare. PHILADELPHIA, Pa., Aug. 21.—The Republican primaries to select seventy delegates to the State convention, and also to choose candidates for various city offices were held last night. The Quay faction have certainly elected eighteen delegates and possibly twenty-two, with one or two districts with five additional delegates still in doubt. The anti-Quay people concede the senator sixteen votes.

Never before in the history of the Republican party in this city has there been such a fight in the primaries. In many wards almost the full Republican vote was polled. Although the contest was an earnest one, there was very little disorder, and the few arrests made were for minor offenses. The result was in some respects a surprise to Senator Quay himself, who did not expect to overcome the influences that would be brought to bear against him in certain localities.

The contest practically closes the fight in the state, Lehigh being the only remaining county to elect delegates. It appears almost certain that Senator Quay has won his fight for the state chairmanship with some votes to spare. A conservative estimate gives him 160 votes in the convention, fifteen more than the number necessary to elect.

MINNIE WILLIAMS ALIVE. Another Alleged Holmes "Victim" Heard From by Telegraph. PHILADELPHIA, Aug. 22.—W. A. Shoemaker, the attorney for H. H. Holmes, accused of a score of murders, received a telegram yesterday, purporting to come from Minnie E. Williams, one of the Holmes alleged victims. It reads as follows: "Providence, R. I., Aug. 19, 1895.—W. A. Shoemaker, Attorney, Philadelphia, Pa.: Report that I was murdered absurd. Am alive and well.

"MINNIE E. WILLIAMS." When the message was shown to Holmes he said excitedly, "I knew my story that I did not kill the girl would be confirmed." He brushed tears from his eyes. "I am sorry, however, that she has made herself so public by telegraphing. She might as well have written."

Assistant District Attorney Barlow would not say whether he thought the telegram was genuine or false. He admitted, however, that he would not be astonished if Minnie Williams appeared on the scene at any time.
