SEMI-ANNUAL CONVENTION,

Of The Webster County Union Sunday-School.

Last week it was announced through the county papers that the Sunday-school convention would convene Thursday and Friday, September 5 and 6. One hundred and eighteen school teachers in attendance at the teachers' institute protested on the theory that Thursday and Friday would bar all teachers, whose schools began September 2, and if the dates were changed to Friday and Saturday, September 6 and 7, they could attend the Friday evening session, the lecture and the Saturday sessions. The committee decided to make the change in behalf of our public school teachers, whom they are very anxious should attend our convention, and fixed the date for Friday and Saturday, September 6 and 7, at Cowles, Nebraska.

Cowles is centrally located, with the best grove, good water and the most generous class of citizens found anywhere in the west. They offer to furnish shelter for the entire county if they will but come and spend two days and one night bringing with them blankets and pillows and baskets well filled to last two days. This will cost you nothing more than it would to stay at home and you will receive for your time the benefit and pleasure of an outing, the advantages of a good lecture by the most noted man possible for the committee to procure, and all the inspiration and enthusiasm possible for any convention to create. There is no ism in the association. It is strictly union.

We take this opportunity and method of giving to all the ministers of our county of whatever denomination a cordial and special invitation to attend this first union semi-annual convention. Come show your good works by lending encouragement with your presence. This is not a delegated convention but a convention of Sunday-schools. And to each and every Sunday-school, no matter what denomination, come, bring your entire school. To every Sunday-school office and teacher, it is your bounded duty to come and we expect you to be present. To all others in the churches and out of them, come and help enjoy one of the grandest union Sunday-school celebrations ever held anywhere in the west.

A place to lodge free of charge will be furnished all who wish to remain on the grounds. You should bring such articles as are needed for bedding. Sunday-schools should come in a body, bringing any appropriate banners, and be sure to be on the grounds Friday morning by ten o'clock, in time to join in the opening song service at 10:30, led by C. L. Cotting supported by an organ, two cornets, two clarionets and the largest chorus of singers ever heard mingle their voices together; using Pentecostal Hymns. Each school will be requested to favor the convention with a song of their own selection and make a brief report of their summer's work. Sunday-school scholars please see to it that the pastor and officers of your school attend, and pastors and officers please provide a way to take your schools with you, and be sure to give a special invitation to all in your neighborhood, outside of the school, to come.

Kenneth Bazemore had the good fortune to receive a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy when three of his family were sick with dysentery. This one small bottle cured them all and he had some left, which he gave to Geo. W. Baker, a prominent merchant of the place, Lewiston, N. C., and it cured him of the same complaint. When troubled with dysentery, diarrhoea, colic or cholera morbus, give this remedy a trial and you will be more than pleased with the result. The praise that naturally follows its introduction and use has made it very popular. 25 and 50 cent bottles for sale by Devo & Grice, druggists.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

MERCURIAL POISON

Is the result of the usual treatment of blood diseases. The system is filled with Mercury and Potash remedies—more to be dreaded than the disease—and in a short while is in a far worse condition than before. The most common result is **RHEUMATISM** for which S. S. S. is the most reliable cure. A few bottles will afford relief where all else has failed.

I suffered from a severe case of Mercurial Rheumatism, my arms and legs being swollen to more than twice their natural size, causing the most excruciating pains. I spent hundreds of dollars without relief, but after taking a few bottles of S. S. S. I am now a well man, completely cured. I can heartily recommend your wonderful medicine to anyone afflicted with this painful disease.
