

DR. A. OWEN'S ELECTRIC APPLIANCES

99 TIMES OUT OF 100

Mrs. A. J. Stearns, of West Stockholm, St. Lawrence Co., N. Y., under date of July 31, 1895, says: "Words fail me to express my gratitude to Dr. A. Owen for the benefit I have had from using his Electric Appliances. Before using the appliance I was so weak I could scarcely stand alone; had been confined to my bed since last October. After the third day's use of the appliance I could walk several steps; one week later I walked around the house, and in less than one month I was able to ride out, and now I can walk a mile or more, without feeling tired. May God bless and spare you to your many friends for years to come."

M'KINLEY ON THE ISSUES

The Ohio Governor for Sound Money and Against the Bond Sufferers.

SPRINGFIELD, Ohio, Sept. 12.—In his speech yesterday Governor McKinley, after criticizing the foreign and domestic policy of the Cleveland administration, the governor asserted that the real subject of contention in Ohio is the tariff. He quoted Cleveland as opposing Senator Brice's amendment to the Brice-Gorman act, and he also quoted the Cincinnati Enquirer as declaring that a veto by Cleveland would "be a cleaning up of much rubbish and uncleanness in the Democratic household." Then he quoted the Ohio Democratic platform of 1891, favoring further reductions in the tariff, and asked: "Is this 'rubbish and uncleanness' in the Democratic household? Is this the language of Mr. Cleveland, which puts the wool of the farmer on the free list and the protection of tariff on the iron, ore and coal of corporations and capitalists? To receive the approval of the people of Ohio by their votes in November next?"

"My friends, there is one objection to the law, if there were no others, which must make its permanency impossible. It fails to raise the needed revenue for the daily expenses of the government. That would condemn it in the judgment of the American people, whatever difference they might have on the question of protection and free trade. The law, from the date of its enactment to the present time—and it is now a year old—has not raised enough money from customs duties and internal revenue combined to meet the necessary expenses of the government."

Taking up the financial question he said: "In the first two years under the fiscal policy of Mr. Cleveland's administration, which is so warmly commended by the Springfield convention, the government has been compelled to borrow \$168,000,000, and the maintenance of the gold reserve now depends upon a syndicate of foreign and home capitalists, who are under contract to preserve the credit of the nation until the 1st of October—a syndicate unknown to the laws and unrecognized in the government, hired to sustain the credit of the government. What a spectacle!"

"On the subject of money, the Republican party stands where it has always stood—for good money, whether gold, silver or paper, all to be under national authority, at all times and everywhere to be equal and interchangeable, which will honestly measure the exchanges of the people and deceive and cheat nobody. It must be sound and strong as the government itself and as free from stain or taint as the flag of our country."

ROSEBUDS HOSTILE.

They Are Determined on a Restoration of Freight Rates.

CHAMBERLAIN, S. D., Sept. 12.—Captain Craigie, U. S. A., arrived at Valentine yesterday from the Rosebud agency. He says that Hollow Horn Bear is inciting the Indians. The hostilities will permit no freight to be handled until the old rate is restored. The captain looks for trouble in two weeks.

Tobacco Men in Court.

SYRACUSE, N. Y., Sept. 12.—Yesterday afternoon Mr. N. E. Wilson of this city, appeared before Attorney General Hancock in behalf of Charles A. Whelan, a local tobacco dealer, asking that an action be begun against the American Tobacco company prohibiting it from doing business in this state. Ralph Oakley, of the firm of Oakley & Oakley of New York, appeared for the tobacco company. After listening to the arguments Attorney General Hancock adjourned the hearing of the tobacco company trust until September 23.

Will Ring for Freedom.

CHICAGO, Sept. 12.—The Columbian liberty bell starts on its trip around the world on Friday morning at 8 o'clock. It will first go to the Atlanta exposition to remain two months. Then it will be taken to New Orleans and the City of Mexico, and from there to Rummynge, England, where the bell will ring in commemoration of Magna Charta. The rest of the journey has not yet been planned, but it is the intention to have the bell reach Mount Arrarat in 1897, and ring at a congress of representatives from every religious organization on earth.

Dusky Brothers at Outs.

ST. LOUIS, Mo., Sept. 12.—The second session of the eighth biennial meeting of the supreme lodge, colored Knights of Pythias, was held yesterday. A committee consisting of Representative Sam B. Hill of Cincinnati, Ohio, Professor O. M. Wood of St. Louis and J. H. Ringgold of Indianapolis, representing one faction of the order, was appointed to confer with a similar committee from the other faction. The two committees will endeavor to formulate some plan to bring the two factions together.

They Are Not "Ancient."

CLEVELAND, Ohio, Sept. 12.—At yesterday's session of the Foresters a long discussion ensued over the proposition to change the name by dropping the word "Ancient," and no decision had been reached at the adjournment. It developed during the discussion that the New York delegation, which comprises about one-fourth of the convention, has its hands tied, as the grand court of that state instructed it against a change of name.

Pat Crowe Brought Back.

ST. JOSEPH, Mo., Sept. 12.—Pat Crowe, the Burlington train robber, was landed in jail here last night by Sheriff Andriano and two deputies, who arrived from Cincinnati. Crowe threatens to give the names of certain former county officials who are alleged to have aided him in his escape from jail last New Year's night.

IN THE STORM'S PATH.

Three Hundred Houses Blown Down by the Hurricane.

BURLINGTON, Kan., Sept. 12.—The news that comes from the western part of Coffey county in regard to the destruction of property by the storm on Sunday night and Monday morning, continues to be very bad. Not less than 300 residences, barns, school houses and other buildings in the line of the storm were blown down, and many fine orchards ruined.

J. H. Hallaway had over 2,000 bushels of apples knocked off the trees by hail, and they are all ruined. Jack rabbits and chickens were killed by being beaten with hail. The amount of grain ruined along the Neosho river is hard to estimate. The river at this point is bank full, and there has been no trains in or out to-day. The river has been at a standstill all day, and about 5 o'clock commenced to fall. The loss to Coffey county will be at least \$50,000.

Verdict in Captain Sumner's Case.

WASHINGTON, Sept. 12.—The proceedings and verdict of the court-martial in the case of Captain Sumner, of the Columbia, tried for negligence in docking his ship at Southampton, reached the navy department yesterday afternoon. The officials of the department refuse to state the nature of the verdict in advance of its approval, but it is surmised that the accused has been found guilty and sentenced to suspension for about one year with loss of numbers in his grade during that time.

A Counter-Revolution.

COLON, Sept. 12.—The remnant of the Eudorean government is fleeing from Quito toward the boundary of Columbia. There, it is reported, agents of the late government are enlisting men to take the field against President Alfaro. The latter, fearing that a formidable reaction might be fomented by these agents, has dispatched an envoy to Colon to ask that measures be taken to prevent the organization of armed forces hostile to him in this republic.

Prospects Bright for Platt.

NEW YORK, Sept. 12.—The Republican primaries were held last night in the 1,400 districts of the city to elect delegates to the assembly district conventions. In most districts there was a contest between the Platt men and the Brookfield or reform faction. The result seems to have been a decisive victory for Platt.

Elevator and Wheat Destroyed.

CARROLLTON, Mo., Sept. 12.—The elevator of Stripp & Co. at South Carrollton burned with its entire contents, destroying about 3,000 bushels of wheat. The insurance on the building and contents was \$17,500.

Government Crop Report.

WASHINGTON, Sept. 12.—The Agricultural department September crop report: Corn, 96.4; decline of 6.1 wheat, harvested, both winter and summer included, 75.4; oats, 86; rye, 88.7; barley, 87.6.

A SPORTY MINISTER.

Organizes a Sunday Baseball Nine to Amuse the Workmen.

ANSONIA, Conn., Sept. 5.—There is a decided sensation in religious circles of this city over the "advanced" position assumed by Rev. Henry E. Davies of the Congregational church, in reference to Sunday observance.

The recent opening of Housatonic park, with various Sunday attractions, caused a crusade, led by all Catholic and Protestant pastors, except Mr. Davies, who defied his colleagues, claiming that the days of "Blue Law" Sundays were passed and the people should now realize the fact and conduct themselves accordingly. He said emphatically that the laboring classes should have amusement on Sundays and that all who thought otherwise were hypocrites. These statements were emphasized by the formation of a baseball club by the minister from among the attendants at his church, and with them he played at the park. The church at once took up the matter, a division resulted, and at present the different factions are denouncing the attitudes of each other. A climax was reached to-day, when Mr. Davies presented his resignation.

THE GOLD RESERVE.

Deposits Made to Offset Anticipated Withdrawals of Gold.

NEW YORK, Sept. 5.—It was quite evident yesterday that the Morgan-Belmont bond syndicate expected another large drain on the sub-treasury this week. At the opening of business it was announced that the Farmers' Loan and Trust company had deposited \$2,000,000 in the sub-treasury. No explanation of the deposit was made, but it was generally known that it was for the account of the bond syndicate and the belief was confirmed later by Washington advices.

This is the second financial institution to come to the aid of the syndicate. The first was the American Exchange National bank, which deposited \$500,000 about a week ago. At that time it was said that a number of national banks and financial institutions which had been members of the bond syndicate had agreed to aid Messrs. Morgan & Belmont in their efforts to keep to the spirit of the contract with the government to maintain the gold reserve against exports in every way in their power.

THE REPUBLIC OF CUBA.

Insurgents Proclaim a Constitution For the Government.

LONDON, Sept. 5.—A Havana dispatch to the Times says that a meeting of insurgent delegates at Najasa proclaimed a constitution for the republic on a federal basis of five states. They also elected the Marquis of Santa Lucia president and appointed various officers, as well as confirming the nominations of Antonio Maceo to be general commanding in Santiago de Cuba.
