Many ladies have used our machines twenty to thirty years in their family work, and are still using the original machines we furnished them a generation ago. Many of our machines have run more than twenty years without repairs, other than needles. With proper care they never wear out, and seldom need repair.

We have built sewing machines for more than forty years and have constantly improved them. We build our machines on honor, and they are recognized everywhere as the most accurately fitted and finely finished sewing machines in the world. Our latest, the "No. 9," is the result of our long experience. In competition with the leading machines of the world, it received the Grand Prize at the Paris Exposition of 1889, as the best of our machines receiving only complimentary medals of gold, silver and bronze. The Grand Prize was what all sought for, and our machine was awarded it.

**MATEUR BANDITS FOILED**  
**UNSUCCESSFUL ATTEMPTS AT TRAIN ROBBERY IN TWO STATES.**

**NEW IN THE BUSINESS.**

Three Men in Illinois Try to Break Into an Express Car, but Are Easily Frightened Away—Colorado Outlaws Cut Off the Wrong Car and Skip for the Mountains on Horseback.

KINMUNDY, Ill., Sept. 12.—Three men made an attempt to rob the north-bound Illinois Central express train about two miles north of here last night. They were riding on the platform of the express car and were evidently green at the business. They cut the bell cord and then attacked the car door with a sledge hammer.

Hearing the noise, the messenger applied the air brake and brought the train to a stop. This frightened the robbers, who jumped off and made for a cornfield. Several shots were fired at them by the train crew, but without effect.

The Illinois Central detectives are on the ground, but as yet no clue to the identity of the robbers has been found.

Colorado Bandits Make a Mistake.  
GRAND JUNCTION, Col., Sept. 1.—Just after the engineer of passenger train No. 1, which left this city last night on the Rio Grande Western road, reached Crevasse, about twenty-three miles west of here, he found that the engine had been run on a siding and was pulling only the mail and baggage car, the rear portion of the train having been cut off at the station. Then two robbers, each of medium size and masked, appeared, but finding that they had left the express car with the train, mounted horses that were in waiting and skipped for the mountains.

The first news of the hold-up was a dispatch from Superintendent A. E. McKee of the Rio Grande Western railroad to Sheriff Innes: "Call on agent of Rio Grande Western at your city if you need a car to take you and your deputies to Crevasse or other points."

Sheriff Innes and posse started at once on a special train for the scene of the attempted robbery. So far as is known the robbers secured nothing.

**THE BOND SYNDICATE.**

Secretary Carlisle's Annual Report Expected to Contain Facts Regarding It.  
WASHINGTON, D. C., Sept. 12.—One of the features of Secretary Carlisle's report to congress will probably be a full statement of the operations of the bond syndicate. It is understood that it will contain several interesting facts in connection with the transaction which are as yet only known to the parties immediately concerned in the negotiation of the loan. The most important problem the secretary will have to deal with is that which looks to the relief of the treasury, involving a radical change in the financial system. The desired relief can only be obtained by the aid of congress, and the secretary realizes that it is going to be a very difficult task to suggest a remedy which will meet the approval of the Republican house, with Reed, a candidate for the presidency, in the speaker's chair. It probably will be the policy of the Republicans to confuse, rather than untangle, the financial complications during the next congress, for they are counting upon making considerable political capital out of the money question in the presidential contest.

**AWARDED TO DEFENDER.**

The Valkyrie Ruled to Have Lost Because of the Post.  
NEW YORK, Sept. 12.—When the tug Walter Luckenbach, with the regatta committee of the New York Yacht club returned, S. Nicholson Kane, chairman of the committee, said that the protest on the alleged fouling of the Defender by the Valkyrie had been entertained and that the regatta committee had held a conference in regard to the matter while the tug was on her way to the dock, but that no definite conclusion had been arrived at.

This morning the committee held a long meeting in private and heard evidence in regard to the collision and late this afternoon sustained the Defender's protest and awarded the race to her.

**FIVE DEAD IN A WRECK.**

Trains on the Great Northern Meet at Melby, Minn.—No Passengers Killed.  
ST. CLOUD, Minn., Sept. 12.—Two passenger trains on the Great Northern road collided at Melby this morning while both were running at a high rate of speed. J. K. Emerson and Ira Hines, engineers, James Thibidau, fireman, and both baggagemen were killed. Five men were injured, including three mail clerks, one brakeman and one passenger.

Just how the wreck happened does not appear. It was on a heavy grade that the trains met. Both engines, mail and baggage cars are complete wrecks. All the dead were residents of St. Paul.

Senator Washburn Injured in a Wreck.  
GREENWOOD, Minn., Sept. 12.—Train No. 107, on the Minneapolis,aults & Co. Marie and Pacific railway, had the narrowest escape possible from an appalling disaster, between Belgrade and Browns, shortly before 2 o'clock yesterday afternoon. Miss Mary Brand of Casselton, N. D., is feared fatally injured, and ex-Senator Washburn received a severe wound in the head.

**THE SHERIFF CAN SHOOT.**

Another Opinion On the Corbett-Fitzsimmons Fight.  
AUSTIN, Texas. —Yesterday Attorney General Crane gave out his second opinion on the Corbett-Fitzsimmons prize fight at Dallas in October. This opinion was called for by an interrogatory propounded by Sheriff Cabell of Dallas county as to whether in suppressing the fight he was legally empowered to shoot and kill those who interfered with him. The matter was referred to the attorney general by the governor, and he has handed down his opinion, holding that in the lawful discharge of his duty the sheriff certainly had the right to use firearms if emergency demanded. The attorney general bases his opinion on the statutes governing riots, etc. He holds as a premise that the participants in the fight, their seconds, referees, etc., will comprise more than three people, and inasmuch as they are assembled for the purpose of violating one of the statutes, they are an unlawful or riotous assemblage, and lay themselves liable to summary dealings if the emergency arises. The attorney general argues that these fighters, with all those in attendance, will certainly be a gathering in violation of the law, and that under the law the sheriff or any sworn peace officer is bound to disperse said assemblage at any cost. As to the question of killing those who interfere with him, the attorney general cites article 66 of the penal code, which says: "Homicide is justifiable when necessary to suppress a riot, when the same is attempted to be suppressed in the manner pointed out in the code of crime procedure and can in no way be suppressed except by taking life."

The attorney general also adds at the close of his opinion that while he does not think that there will be any occasion for the sheriff to shoot anyone in a peaceable city like Dallas, that if the emergency does arise, that it will necessitate his shooting and killing those who interfere with his duties, that he will in no wise be held responsible for murder.

**DIXON THE WINNER.**

Gets the Decision in a Very Hot Go Over Johnny Griffin.  
BOSTON, Mass. —George Dixon, the colored light-weight boxer of Boston, was given the decision last evening over Johnny Griffin, the "Braitree Lad," at the end of a twenty-five round match, held under the auspices of the Farragut club in the Newton street armory.

The decision was a surprise to the majority of the 3,000 people present, it having been generally understood that there was to be no decision if both men were on their feet at the end of the twenty-fifth round unless, perhaps, there should be a decided difference in the condition of the boxers. Both men were certainly in very good condition at the end of the twenty-fifth round, although Dixon had done the best work. Griffin surprised his friends by the game manner in which he took Dixon's punishment, and they confidently expected a draw.

Irving W. Larimore, physical director of Y. M. C. A., Des Moines, Iowa, says he can conscientiously recommend Chamberlain's Pain Balm to athletes, gymnasts, bicyclists, foot ball players and the profession in general for bruises, sprains and dislocations; also for soreness and stiffness of the muscles. When applied before the parts become swollen it will effect a cure in one half the time usually required. For sale by Deyo & Grice Druggists.
