Mr. and Mrs. Day of Red Cloud attended the picnic and visited with their daughter who is teaching school in this city.
A gentleman from Davenport, Neb., was in this city a couple of days in the interest of the Central Building & Loan Association of Lincoln.
Druggist Hicks drove to Red Cloud Friday evening to meet Mrs. H. who came in on the train from St. Joe, Mo. where she has been visiting friends.
A little scrap took place in town Sunday in which one of our merchants used a rope with a swivel on the end of it over the head of a fellow from Campbell formerly from Bladen who owes nearly all the merchants in town and who makes it a point to cuss them and call them harder names than they are willing to stand. The thrashing he got served him right as the police officer said.
The A. O. U. W. and G. A. R. picnic on last Wednesday was well attended and the crowd seemed to enjoy themselves talking over old times and the crop prospect and listening to the music and the speakers. Captain Henry made two very interesting speeches. Dinner made every one smile for there was a great spread of young chickens, pies, cakes, etc. Jas. Gillham of Red Cloud talked very earnestly in regard to the good work being done by the A. O. U. W. lodge. Randolph McNitt made a few very interesting remarks on the A. O. U. W. as viewed by an outsider. Judge Beal addressed his remarks to the old soldiers. Music was furnished by the Blue Hill band and the Bladen choir after listening to the speakers and the music and filling up on ice cream and watermelon and button-holed by a few of the politicians who were there, the ball game was called but for some reason the boys from Cowles did not show up but Bladen has hustlers and they soon had a mixed nine from Cowles, Red Cloud and Blue Hill and we had a fair game after all and lots of sport. As it was a warm day Runchoy of Red Cloud would rather be fanned than run. Kid Bennett was the only boy to make a home run. Runchoy and one of the Blue Hill boys made a double play for a fly ball and it was hard to tell which rolled the farthest the ball or the boys. So the game and sport went on until the score stood 17 to 20 favor of Bladen. After bidding one and another good-bye they took their departure for their respective homes.

Inavale.
Mr. and Mrs. Ayers expect to move to Inavale again in a short time. It is hard to keep them away very long.
Mr. and Mrs. Arthur Davis, Mrs. Sadie Heldrege and Mrs. Kenyon were attending the Franklin county fair last week.
Dr. Waldon, our energetic and popular young physician, is visiting in Beatrice this week the home of his childhood.
Prof. McCrary was a visitor in this part of the county last week. The Prof. has many friends around here who are always glad to see him.
The smiling and benign countenance of Richmond the "placidious" was seen on our streets Sunday evening and he was not alone either.
Miss Florence Sawyer and Mr. John Bennett, two of Inavale's young people who are attending the Franklin academy were home over Saturday and Sunday this week.
G. W. Knight is attending the state convention at Lincoln this week. He is also visiting friends in that part of the state a few days.
Nick Ladd returned from Chicago last week bringing some new and handsome furniture with him and will soon move into his new dwelling as it is nearly completed.
Sheriff Runchoy came up one day last week and allowed himself to be badly scooped playing checkers in our village. But then the sheriff is no "great shakes" on checkers anyway.
Messrs. Randolph McNitt and Bernard McNeny were Inavale visitors Sunday evening and W. N. Richardson and James McNeny Sunday Morning. Old Placidious came in between times.
Lewis Celluloid Olmsted and Sidney Eppriham Woolcott went over into Kansas last week after peaches. They were gone three days and brought back six bushels of little measly things about like marbles. But they report a good time.
Another girl arrived at the home of William Fitzroy Rinkler last Friday. Bill didn't fall over himself to any great extent like a new father would. Although glad enough to see it he has gotten over such foolishness. This makes the eighth.
Several changes have taken place in dwellers recently. Almost too many to note, for instance Mr. Ward will move into the house recently vacated by Mr. Hickey, Mr. Bibby into the one vacated by Peter Peters, Moses Kenyon into Philo Eddy's dwelling and—but I forbear from mentioning further as the couple are not yet married and it's a dead secret between Homer and I.
Two Red Cloud young ladies came up visiting friends around here and staying rather late in the evening were afraid to go home alone so persuaded an Inavale gallant to accompany them. The story of the trip is untold but the gallant's team and buggy came in in pieces. It is said that the wreck occurred after the girls were safely housed at home and it is accounted for by the young man being in a transport of joy—at getting safely away from them.
Herbert Luce, son of L. H. Luce, has arrived with his family from Shelton and will farm his father's place the coming year. He has come to the conclusion that farming pays better than taking pictures and I guess it does. B. O. K.
No one expects to carry everything with him when he dies but Red Cloud expects to see everybody at the fair and will offer all the hospitality to visitors that can be afforded in any city of greater pretensions.

CHRONIC MALARIA.
A Very Prevalent Disease Following the Hot Summer of 1895.
The continuance of hot and dry weather is sure to produce the prevalence of chronic malaria. The past summer has been exactly suitable for the production of a great deal of malaria. Even in localities where malaria has been previously unknown many cases of malaria are developed. This form of malaria is distinguished from the old-fashioned fever and ague by the insidiousness of its attack and the difficulty with which it is cured. It does not come on quickly, like chills and fever. The symptoms persist and provoke sometimes for several weeks before the patient is made sick enough to take medicine.
Slight, chilly sensations, cold, sweaty spells, frontal headache, biliousness, furred tongue, bad taste in the mouth, sticky mucous in the throat, constipation, languor, etc.
A medical treatise on chronic malaria will be sent free by the Per-na Drug Manufacturing Company of Columbus, Ohio. This book is a complete guide to the prevention and cure of malaria in its various forms. Per-na has long since been recognized as the only infallible cure for the chronic form of malaria. While quinine has become the standard remedy for acute malaria, commonly called fever and ague, many people have found by bitter experience that it will not cure the chronic form. Per-na cures these cases promptly and permanently.

Dictionary of Discontent.
Science, dear Lady Betty, has diminished hope, knowledge destroyed our illusions, and experience has deprived us of interest. Here, then, is the authorized dictionary of discontent:
What is creation? A failure.
What is life? A bore.
What is man? A fraud.
What is woman? Both a fraud and a bore.
What is beauty? A deception.
What is love? A disease.
What is marriage? A mistake.
What is a wife? A trial.
What is a child? A nuisance.
What is the devil? A fable.
What is good? Hypocrisy.
What is evil? Detection.
What is wisdom? Selfishness.
What is happiness? A delusion.
What is friendship? A humbug.
What is generosity? Imbecility.
What is money? Everything.
And what is everything? Nothing.—Labouchere.
If your children are subject to croup watch for the first symptom of the disease—hoarseness. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse it will prevent the attack. Even after the croupy cough has appeared the attack can always be prevented by giving this remedy. It is also invaluable for colds and whooping cough. For sale by Devo & Gries.
Meeting of Congress Americanists, Mexico City, Mexico, October 15 to 20, 1895.
Agents may sell round trip tickets October 7 to 10 inclusive and limit for return to thirty days from date of sale. Transit limits will be continuous passage in each direction, going limit to begin on date of sale.
No stopovers will be allowed on B. & M. lines, but beyond our lines stopovers are subject to local regulations.
A. CONOVER, Agt.
With two little children subject to croup we do not rest easy without a bottle of Chamberlain's Cough Remedy in the house, for the most severe attacks quickly succumb to a few doses of it.—Morrison, Colo., Bud. For sale at 25 and 50 cents per bottle by Devo & Gries.
Report of school taught in District 21 Webster county for month ending September 27, 1895. Number of pupils enrolled 22; average daily attendance, 19. The following pupils were not absent during the month, Lulu Rose, Pearl Hines, Charlie Harpham, Ernest Hines, Eddie Nelson, Cecil Rose, Marion Rose.—LELU C. BARBER, Teacher.
No mystery about it. When the Shakers offered some time ago to give away a bottle of their Digestive Cordial to any one who might call at their New York office, there was a great rush and a great many people thought they were crazy. Subsequent events prove it to have been a very clever advertising transaction, for although they gave away thousands of bottles, it was in the end profitable; nearly every one that took a free bottle came back for more and paid for it with pleasure, saying they had derived better results from its use than from any other medicine they had ever used. There is nothing so uniformly successful in the treatment of stomach troubles as the Shaker Digestive Cordial and what is better than all it relieves at once.
LAXOL, the new form of Castor Oil is so palatable that children lick the spoon clean.
