MANY GOOD REASONS

Why the People Ought to Support the Republican Ticket—It is Because They Have the Best Men Obtainable in Webster County—Clean, Conscientious and Capable.

J. S. White has been the most careful, painstaking treasurer that Webster county ever had, although some have boasted, in days gone by, that they were just as efficient, but the records don't prove it. On assuming that important office Treasurer White proceeded to hunt up all the back taxes of the county put them in shape to be readily looked after, then he proceeded to hunt up the men who had persistently defrauded the county for years and made them whack up, thereby saving the county thousands of dollars that had been supposed to have been lost. That is the kind of a man Jim White is. The people will see to it that he is re-elected.

Every man in Webster county knows L. M. Fort, familiarly called "Doc." There is not a man in Webster county who can say aught against him as an officer. He fully understands every branch of the arduous work connected with the office of county clerk, and while he is not infallible he is truly one of the most thorough officers that has held that office and at the same time in a very pleasant and courteous fellow who believes in treating all people alike whether of his political complexion or not. Choose wisely and vote for Doc Fort. He is entitled to the office for another term. There is nothing chronic about Doc.

Jim Burden of Biaden is a man whom the people of the north half of the county, without regard to party, speak of in the highest terms. Having lived there for years he has made friends of all political parties who unhesitatingly proclaim him just the man for the office of clerk of the district court. He has had the great misfortune fall upon him of being a confirmed cripple by the ravages of disease, yet he is a bright, intelligent man, and will make a splendid officer, and one that will perform the intricate duties of the office with precision and at the same time be affable and obliging to all. Vote for Jim Burden by all means.

John Runehy, who has served the people of Webster county so acceptably in the office of sheriff, is up again for the same office and should receive the support of every loyal republican and voter who wishes to see that office filled with a man who believes in doing his whole duty toward the people. His labors have been so completely performed that there has not been a kick registered against him during his whole term which speaks volumes for him. John is a whole-souled fellow and should be re-elected.

D. M. Hunter who has made a reputation in the administration of the office of county superintendent, that every man in Webster county should be proud of, should receive the votes of every man in the county, who desires a clean administration of the office. He has placed the schools upon a high plain of efficiency. He is a man whose high moral character is a guarantee that the people will be served with honor and integrity. In that position we want the best man and D. M. Hunter is pre-eminently the best man.

Samuel West has lived in Red Cloud and Webster county for twenty years and is known by everyone to be a man who can not be ruled by any subtle pretension whatever. He is open and above board, and in his capacity of justice he has universally given satisfaction. He is well versed in the business pertaining to the county judgeship, and if elected, which he will be, he will administer the affairs of the office in a manner that will be highly satisfactory to the people. He is fearless in performing his duty and yet a man who will administer justice with mercy. He will be the right man in the right place if elected to the county judgeship.

Dr. L. H. Beck of this city, of all the candidates is the man that should fill the office of coroner. He is a man of medicine and is fully qualified to fill that important office. While the salary is of no great consequence, yet the coroner is a high sheriff and has duties to perform that the doctor is fully able to attend to.

For surveyor W. E. Thorne needs no recommendation from us, having lived in this neck of the woods for many years and having followed the business of surveyor for a life time, is fully qualified to do the work with promptness and dispatch. Do not fail to vote for Thorne.

ANNAPOLIS, Md., Apr. 16, 1894.—I have used Chamberlain's Pain Balm for rheumatism and found it to be all that is claimed for it. I believe it to be the best preparation for rheumatism and deep seated muscular pains on the market and cheerfully recommend it to the public. Jno. G. Brooks, dealer in boots, shoes, etc., No. 18 Main St.

Invalide.

The people of Invalide in general turned out to the fair and pronounced it a success, especially the balloon ascension. The McIntosh Bros. have taken a contract to bale fifty tons of hay for Mr. Hickery on Dry creek. They will commence this week.

Lee Montgomery a former resident of Guide Rock and the man who carried the U. S. mail on horseback up the valley in the early seventies was a visitor at Invalide last Sunday.

Mr. and Mrs. Samuel West were visiting at G. W. Knight's one day last week. It will be Judge West in a few days.

A husking bee and a bit of a family row, all in one afternoon, occurred in the Walnut Creek neighborhood last week and one had no connection with the other.

Prof. Geo. Overing commenced his school four miles north of Invalide last week. It is his first effort and the kids all pronounce him a success but say he is a little "Smiley on the big girls." Geo. always had a weakening for girls but he'll get over that.

A legal difficulty styled "Thayer vs Vance" was called up before Justice Holdrege last week and after some sparring was decided in favor of the defendant or the plaintiff I forget which. Hon. James Gilham and Randolph McNitt were opposing counsel.

Chas. Hunter and family attended the Carnival of the Priests of Pallas in Kansas City last week and came home more than pleased.

Corn and hogs are both beginning to come into market here quite briskly and at fairly good prices. Invalide always had the reputation of being the best market town on valley and it is yet.

Mrs. Ward, wife of our popular blacksmith, is away on a visit and Ward is whistling around like a boy with a new pair of boots. He takes everything philosophically.

The republicans and pops have both had their caucuses and have placed in nomination full tickets. The winning ticket in all probability is the following one: Assessor, Geo. Garner; clerk, Tom Chaffin; treasurer, Everett Bean; justice S. E. Woolcott; constable, A. E. Woolcott.

The pops have put up, to be slaughtered: Assessor, Jim Hale; clerk, O. B. Harvey; treasurer, P. M. Cochrane; justice Hiram Holdrege; constable, W. E. Reynolds. All good men but on the wrong side of the fence this year. B. O. K.

Some corn is being marketed at 15 cents per bushel.

Threshing is about over with in this vicinity.

B. Lee drove to Hastings Thursday with a load of chickens.

James Burden attended the Webster county fair last week.

A. Brady and W. R. Anderson were transacting business at the county seat the latter part of the week.

J. R. Horn was all smiles last week and set up the cigars to all of his friends and confidentially told them that his pension had been allowed and that he would get \$600. It comes in pretty good these hard times.

F. Funk of Rosemont was around seeing his friends and working for votes the fore part of this week.

J. R. Horne and family drove across the county Sunday to visit friends at Holstein.

J. Merritt left Sunday for Swanton he expects to return in a few days with a hay bailer, to do up the hay for parties in the vicinity.

On Tuesday evening a large number of populists, republicans and democrats assembled at the G. A. R. hall to listen to a speech by the populist idol of this congressional district, the Hon. W. A. McKelighan.

On last Tuesday evening the populists met at the G. A. R. hall and nominated a full township ticket, placing at the tail end a rank republican for road overseer of this district.

C. C. Stout and E. C. Best were doing a little political business at Blue Hill Tuesday.

On last Friday it was reported that Miss Day had lost her gold watch and a diligent search was made on the road from Mr. Grandstaff's house to Mr. L. B. Thorne's residence where she first discovered her loss, but how easy it is to be mistaken. You can imagine her surprise and delight when she discovered it hanging on a hook in her room, where she had placed it just before leaving for the school room.

For Rheumatism.

PAINE'S CELERY COMPOUND

A SURE SPECIFIC.

No Well-Informed Person Suffers From It.

The Disease No Longer An Incurable One.

Greatest of All Remedies Prescribed by Doctors.

A LONG BRILLIANT RECORD OF REMARKABLE CURES.

Neuralgia and rheumatism—two disorders no longer incurable.

Physicians today get rid of rheumatism and neuralgia, as they do sleeplessness, melancholy, hysteria and other results of nervous exhaustion, by building up the system and supporting its delicate nerve parts by the use of Paine's celery compound.

Paine's celery compound attacks the disease by getting the system back to its proper, nourished condition. It stands alone in the history of medicine. It is a certain specific for the cure, not only of rheumatism, but also of all diseases due to impoverished nerves and blood.

The close connection of well-fed nerves and brain with health, is the solid rock upon which Paine's celery compound stands. The thousands of men and women all over the country who have been cured of rheumatism once and for all, by Paine's celery compound, have made good all that the medical fraternity first predicted for it.

That it restores health and strength to the body made weary, listless and despondent from nervous debility, needs no proof today in thousands of homes.

The list of those it has freed from rheumatism is a long one. It contains a host of well known men and women at home and abroad. Every city and town in the United States and Canada is represented.

Paine's celery compound was first prepared by Prof. Edward E. Phelps, M. D., LL. D., of Dartmouth college. Ever since its first appearance it has been the one recognized nerve and brain invigorator among medical men. Its constant use by physicians, where an active nutriment is urgently needed, speaks volumes for its efficacy in diseases of nervous origin.

Strength, buoyant spirits and freedom from pain comes with its use.

"Orange Blossom" is a painless cure for all diseases peculiar to women. Sold fresh by C. L. Cotting.
