The soap fiend and his pal were in the city this week. Their scheme was to sell a box of soap and make the purchaser believe they would get a set of dishes or some other costly present. They did not find many gullible people in Red Cloud, although a number did buy fifteen cents' worth and paid a dollar for it. They left town on the night train, or they might have been pulled by the police.

W. B. Roby, the republican candidate for supervisor of Red Cloud, is a thorough republican, and THE CHIEF hopes that every republican will do his duty in electing Mr. Roby. He is a sound republican and that is what we want. Vote for Roby.

Mrs. D. L. Groat has been a confirmed invalid for over ten years, and has been confined to her bed most of that time. THE CHIEF is pleased to note that she is recovering so much that she is able to sit up at late. On last Sunday she got up and walked to the kitchen for the first time in seven years.

Remember that J. W. Runchey has made an exceptionally good officer, and, as such, is entitled to re-election. He has done his work well, and has been obliging and courteous to all alike. Not one word can be said against him on any grounds, as he has performed his duties well and to the best interests of the county. Vote for him.

A little grand child of Den Lindsay, aged four years, while playing with a sharp ax, had the misfortune to seriously injure the back of one of his hands so that it was thought to be necessary to amputate the fingers. Drs. L. H. Beck and Fred McKeeky dressed the wound, and after examining it hope to save the hand and fingers.

L. H. Fort has few superiors when it comes to clerical work, and we believe that he will show up fewer mistakes than any clerk who has ever occupied that office. He does not claim to be perfect, but invites comparison with his predecessors. He keeps his books neat and clean, and his office is open for inspection at all times. Vote for Fort.

Sam'l West, the republican candidate for county judge, is a man of excellent ability and pre-eminently qualified for the position of county judge. He will decide all questions fairly, honestly, and according to law. He will be a pleasant man to do business with. You will get fair treatment at all times if he is elected to the office of county judge. Vote for him.

W. E. Thorne and Dr. L. H. Beck are men who are too well known to need much recommendation from any source, however, we will say that they are men who, if elected, will do their whole duty to the people, regardless of whom they come in contact. Mr. Thorne is the republican candidate for surveyor and Mr. Beck is the candidate for coroner. Vote for them.

Frank Cowden, Homer Sherwood, Al. bright, Charley Robinson, Dell Abel and Roy Tait took a spin over to Mankato last Sunday, a distance of forty miles. After a dinner such as a hungry cyclist knows how to dispose of, the boys concluded to brave the wind on the north road homeward. They are now talking of having circulars posted, warning all cyclist who dislike riding mountains, corduroy roads and plowed ground to steer clear of the road between Guide Rock and Burr Oak. As it was growing dark when the crowd reached Guide Rock, some of the boys took a little "train" on the road home.

Jas. Burden is a man who will run the office of district clerk in good shape, and is fully qualified to do so in every particular. He has been a resident of Webster county for a great many years and has won the esteem of his neighbors and the people generally wherever he has been. You can not do better than to vote for him, for, in doing so you will be voting for a man who is deserving of your suffrage. Vote for Burden.

We must make a comparison, and, doing so, it is our intention to do Mr. Fort no injustice. Webster county and its officials have done exceedingly well by Mr. Fort, better than by any other man who ever entered its borders. Twelve years of actual residence and eleven years in the court-house is the record. Does he claim any more? Of course he does, or he would not be a candidate. He is asking too much, and the people will so decide by electing Bailey, the old citizen and doubly interested tax payer.—Nation, Bailey's Organ.

Jud Bailey occupied the county clerk's office four years, and got mad when the republicans refused to endorse him the third term and joined the pops. While he held down that office he drew, on an average of \$2300 a year salary—as the records show—(the law allows \$1500) drawing between seven and eight hundred dollars more each year than he was entitled to, under the guise of making out the tax list, which fees he should have turned over to the county as the law directs. We do not desire to do Mr. Bailey an injustice, but the records are there and can be examined at any time. Mr. Fort's salary is only \$1500. He makes the tax list and enters it on the fee book according to law, as all county clerks should do, and any excess of \$1500 goes to Webster county, and not into the pocket of the clerk. We cannot see what Mr. Fort's residence in the county for twelve years has to do with his being elected to the office of county clerk, which office he has held one term only.

At no period in the history of the county has our public schools been in such an excellent condition as at the present time, the credit of which must be laid to Prof. D. M. Hunter, the very efficient superintendent of public instruction of Webster county. He has shown admirable executive ability in that direction, and should be retained in that position for many reasons. Vote for Hunter.
