

HERE'S A WHOLE FAMILY.

HUSBAND, WIFE AND CHILDREN MADE WELL BY PAINE'S CELERY COMPOUND.

The pre-eminence of Paine's celery compound over all other remedies could not be better illustrated than in the case of the Turney family of St. Anthony, Iowa. Mrs. Turney had recovered her health by the use of Paine's celery compound. She had suffered from a variety of ills, all due to a nervous system improperly nourished. As frequently happens the entire family, overcome perhaps by anxiety and care, began to feel "run down" and to suffer with the hardest disease in the world to diagnose—the trouble they have when they say: "Doctor, I don't feel well." The advice of their physicians to use Paine's celery compound, the one known remedy that restores lost nervous energy, creates an appetite, purifies the blood and builds up the strength of the entire system, was followed. Mrs. Turney, in a letter to Wells & Richardson Co., who prepare the remedy, soon wrote as follows: "My husband and three children were as greatly benefited by the use of Paine's celery compound as I was after an unusually hard siege of the grip, with variations of the disease. We regard the compound as a most remarkable remedy." As the winter comes on many people will begin to suffer from debility, and lack of rallying powers after a slight chill or cold. Their real trouble is a run-down condition of the nerves and blood and Paine's celery compound, as in the case of Mrs. Turney and her family, will make them well again. Rheumatism and neuralgia too, grow more dangerous and more painful with cold weather. This increased pain points to increased activity of these disorders. There is positive danger in allowing the system to meet the perils of winter handicapped by rheumatism and neuralgia, or any disease that comes from poor blood and bad nerves. There is the same certainty of getting rid of these two diseases that there is of a complete recovery from sleeplessness, nervous weakness, hysteria, or any other result of impoverished nerves and blood. Physicians today get rid of rheumatism and neuralgia as they do sleeplessness, melancholia and nervous dyspepsia by building up the system and supporting its delicate nerve parts with Paine's celery compound. Paine's celery compound restores vitality to tired nerves; it feeds every tissue of the body when unusual waste has reduced the weight and strength of the body, as is frequently the case at the close of the heated season. It gives new appetite, and keeps every part of the body, nerves and blood so well nourished that the nervous, exhausted, tired, "run down" feeling from worry and hard work soon disappears. Try it.

Wedding bell ring all the time. Election is over and everybody is rejoicing especially if their party beat. School teachers are having a vacation now and are putting in the time visiting other schools and their friends. Mr. Toland had a runaway last Monday. No one was hurt and no damage done, except the smashing of two or three fences. The team was caught in North Branch. Mrs. Arrants is spending this week with her daughter Mrs. Stickley. Quite a crowd from North Branch attended the foot washing at the Dunkard church in Burr Oak last Saturday night. Next Saturday and Sunday is quarterly meeting at the Friend's church at Walnut creek. N. J. Caster has moved onto his farm one mile and a quarter north of North Branch. The Wesleyan Methodist minister, Mr. Brimbraum, has moved into North Branch.

Amboy.
G. W. Barker sold a hog last week. John Saladen is shucking corn for Ed Rasser.

There was a big rabbit chase out here Monday. We understand there is going to be another Webster county mill between Fitz and Corbett's baby brother. They are preparing for it. Several little Indian boys disturbed the quiet at Amboy last Saturday night. Misses Susie and Alta Baker were in Red Cloud Saturday. Willie Smith, Anthony Green and Clarence Cox attended the dance at Mr. Johnsons last Saturday night. Ed Rasser is hauling his corn away that he sold last fall. Miss Jennie Carpenter was the guest of Ida Baker last Sunday. G. W. Baker finished shucking his big crop of corn last week. Mr. Charley Frisbie was visiting with Mr. James Cox last Sunday. Ed Hines is thinking some of starting a tan yard as he understands the business. Moses.

How to Prevent Croup.
Some reading that will prove interesting to young mothers. How to guard against the disease. Croup is a terror to young mothers and to post them concerning the cause, first symptoms and treatment is the object of this item. The origin of croup is a common cold. Children who are subject to it take cold very easily and croup is almost sure to follow. The first symptom is hoarseness; this is soon followed by a peculiar rough cough, which is easily recognized and will never be forgotten by one who has heard it. The time to act is when the child first becomes hoarse. If Chamberlain's Cough Remedy is freely given all tendency to croup will soon disappear. Every after the croupy cough has developed it will prevent the attack. There is no danger in giving this remedy for it contains nothing injurious. For sale by Devo & Grice.

The reader of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional remedy. Hall's Catarrh Cure is taken internally acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. Everett Bean and family were visiting at his father's on Sunday. Several of the young people attended Free Methodist meeting at North Star Sunday evening. Wm. Bretthauer got the end of one of his fingers cut off in a corn sheller. Rev. Bean attended quarterly meeting at Inavale Saturday. Loyd Crabill and wife attended meeting at 33 Sunday. Bishop Hott preached to a large congregation last Sunday at the Crabill schoolhouse. A tired stomach is very much like a sprained ankle. If you suffer from any of the symptoms of dyspepsia, your stomach is tired. It needs a crust. We must relieve it of all work for a time, or until it is restored to its natural strength. To do this successfully, we must use a food which is already digested outside of the body, and which will aid the digestion of other foods that may be taken with it. Such a product is the Shaker Digestive Cordial. The Shakers have utilized the digestive principles present in plants for the manufacture of this article, and its success has been truly phenomenal. You can try it for the nominal sum of 10 cents as sample bottles are sold by all druggists at this price.

LAXOL is the best medicine for children. Doctors recommend it in place of Castor Oil.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.

Sunday School Rally.

Over the River.
Now that election is over and things are once more settled down, I suppose you want the news. But however it is a scarce article. The election over here was a very warm affair for a while and looked as if there might be blood flying. However, all's well that ends well and there were enough republicans to knock all the spots off the pops and that settled it. The pops in this neighborhood have got a new war cry now that can be heard semi occasionally which is: "Republicans, republicans, what have we done, that you don't like our 16 to 1," and it sounds very pathetic, especially since the returns showed their entire ticket snowed under. There are some things the pops can't understand yet and that is where the majorities of Bailey and Funk and Norris went to. F. A. Kuehn has been surveying in the east end of the county this week. Geo. Decker has moved on the place south of the river bridge, which has just been vacated by Lew Hummel. Uncle Peter McNitt has gone to Arkansas to cultivate rocks, as that is all about there is there. We expect he will be coming back in a year or so, and be convinced like the rest of us that there is no place like Nebraska. A land agent of Smith Bros. was in this section this week looking after rent corn, but found very little. The farmers who rented have a new way of husking. They turn their cattle in the field and in three or four weeks the corn is all husked and the rent corn is used next spring for fertilizing. Why don't those Red Cloud fellows with grey-hounds come over and have a wolf hunt. It they were out here some morning about daylight they could have plenty of wolf hunt for all the dogs they have. This week will finish up corn husking in this "neck of the woods" and then the farmers can have more time to come to town and tell "whoppers" about what they raised. Speaking about "raising" this is a good section for raising. Several of the farmers last fall had nice pumpkins and squash patches but when they come to pick them they had all been raised. You can kill a hog and let it hang out at night and in the morning it will have "ris," even a whole beef has been known to be elevated, and potatoes and feed, well the crows are so thick that they carry that off. Oh, verily friend George this is a great country for raising. John Fox is able to be up and around again after a severe tussle with the typhoid fever. Rumor has it that there will be a wedding in this vicinity in the near future, but it is not credited. Dr. Julius Wobberman gave a social dance at his palatial residence last Saturday and those who were inclined to trip the light fantastic enjoyed themselves until the "wee sma" hours put in an appearance. One of our citizens was given a chance to stuff the ballot box at the recent election here. He requested one of the judges (a pop) to give him a ticket which was given him, then he asked for another and another and finally quit asking after he had received four tickets. What a glorious chance, but the voter returned them all but the one which he voted. A government officer was in this vicinity this week looking for a nun, and scared your correspondent so that he kept hid all day for fear it was him he was after. Geo. Wolf has moved onto the Peter McNitt place and will be found there tilling the soil for the next year at least. W. H. Isxey.

James Burden drove to the county seat Tuesday. Since the returns of the election C. C. Stout has taken to the cornfield. John Runchey of Red Cloud was transacting business in this vicinity Tuesday. L. E. Spence tried his hand at husking corn Tuesday. Mr. Wheelan of Roseland moved into Mr. Boyds house. He has purchased the pump business of W. M. Grannis which he will carry on at this place. O. C. Teel of Red Cloud was in this city Friday morning talking with his brother pops over the defeat on election day. V. S. Hall drove to Blue Hill Tuesday. F. W. McLaughlin and B. Lee were doing business at Hastings Friday. Messrs Pope and Shunk, two of Blue Hill's business men, were in town Monday. Robert McCallum shipped a car of fat hogs to Kansas City the latter part of last week. He accompanied the car. Mr. Sears of Ashland an old school-mate and friend of L. B. Thorr's is in the city the guest of L. B. Saturday evening about eight o'clock a fire broke out in the implement house of H. M. McClure and was burned to the ground. About half of the implements were saved. It was a narrow escape for J. C. Hartman's building which stood but a little way to the south. It was lucky for the town that there was no wind, had there been a few pails of water handy the fire could have been put out, but there was the trouble no water to be had. This fire should be a timely warning and set the business men of the town to devise some means of fire protection, as some day the whole town will be swept away. It is reported that McClure's loss is covered by insurance. The rain Tuesday night kept quite a number of M. W. A. members in the hall all night. Such a rain as we had Tuesday night brightens the face of every one and makes the farmer who put in fall wheat feel that he is not laboring in vain.

Cured Diabetes.
March 14th, 1895.
The Dr. J. H. McLean Medicine Co., St. Louis, Mo.
Gentlemen: I desire to express my heartfelt thanks to you for my marvelous restoration to health. I was sick for many years with a bad case of diabetes which made me very thin and weak. I also suffered much loss of sleep, having to get up so many times at night to pass urine, and also great annoyance from thirst that water would not satisfy. A few months ago I began to follow your instructions in regard to diet and to use
DR. J. H. McLEAN'S LIVER AND KIDNEY BALM.
It is a grand medicine. I used three bottles, and, thanks be to God, am a well man again. You are at liberty to publish this if you desire, as I would be glad to be the means of calling the attention of victims of diabetes to a remedy that will give them a blessed relief.
