ODDS AND ENDS.

Joe Blair was in Superior last Sunday. Ernest Bolton was in the city this week. Master Jo Dilley was in Hastings on Monday. Mrs. E. Rife is visiting in Lincoln this week. Editor Geo. Warren was in Lincoln this week. A good shave at Hutchison & Hiatt's barber shop. Congressman Andrews has gone to Washington. The most stylish hats in the city at Mrs. McBride's. J. C. Warner was in McCook this week on business. Judge Sweazy of Blue Hill was in Red Cloud Tuesday. For a fine hair tonic call on Hutchinson & Hiatt, the barbers. Rev. Roundtree, an elderly colored pastor, was in Red Cloud Sunday. Mrs. C. L. Cetting was visiting in Guide Rock a day or two the first of the week. Hugh Miner will soon be seen spinning around the city on a tandem which he is constructing. Elijah Osborn of Grandview, Iowa, is visiting his sister, Mrs. P. Conover, in Red Cloud this week. Grant McFarland, one of Red Cloud's former residents, whose home is now in Lincoln, is on our streets this week. J. W. Witherspoon and wife, of Pennsylvania, are in the city this week, visiting at the residence of D. F. McFarland. While E. W. Ross, the drayman, was shooting Lew Albright with a pop-gun, his team ran off up the street. Damage nominal. J. H. Wegmann returned on Monday from Blue Hill, where he accompanied the remains of his little daughter, who was buried there last week. Herb Stone, who has been employed in McCook for the past year, was shaking hands with his many friends in this city a couple days this week. Paul Phares, formerly an employe in this office, and now of Topeka, Kansas, is the happy papa of the fourth boy. Grandpa and Grandma Newhouse are rejoicing. Geo. Fentress, one of our popular tonorial artists, will hereafter be found in the first room south of the Bon Ton bakery, where he invites you to give him a call. H. K. Burkett, treasurer of the Nebraska Central Building and Loan Association, was in Red Cloud the fore part of the week, looking after the interests of that organization. Sam B. Kizer leaves this week for Bryan, Ohio, where he lived for many years, also where the editor of this paper lived for several months. Bryan is a fine city, and S. B. proposes to have a good time. W. N. Richardson, the stock buyer, is buying hogs from within two miles of Campbell, within a few miles of Blue Hill, Bladen, Lebanon, Cowles, etc. The people are attracted here by the higher prices they can get here than elsewhere. That is the way to build up Red Cloud. Mrs. L. S. Brakefield, district president of the W. C. T. U., was in Alma, Orleans, Bloomington, and other points west of here this week, in the interests of the Union. The Department made a very wise choice in appointing Mrs. Brakefield district president, as no more earnest worker could be placed in that position. This week Ed. Burr was arrested at the instance of Attorney Chaffin for assault. It seems that Mr. Chaffin used language that Mr. Burr did not like during a lawsuit and he went after Chaffin with his fists. Burr pleaded guilty as charged and was fined \$5 and costs amounting to about \$11.

BRIEF MENTION. F. P. Hadley, paper hanger. The supervisors meet next Monday. Ed. Burr was up from Guide Rock this week. John Tomlinson is doing good work in running down criminals. Ex-Supervisor Patterson, of Campbell, was in Red Cloud this week. Don't forget that the fire boys will give a Grand ball on the 28th. M. Finch was down town this week for the first time in several weeks. The 5th grade spent last Friday at the river in having a good time. Supervisor elect Peters, of Guide Rock, was in Red Cloud this week. Mrs. Alfred Hadell was visiting her sister, Miss Nye, in Hastings this week. Treasurer White will soon move his family into the M. S. Marsh property. Mrs. Bushee, of Guide Rock, was visiting friends in this city this week. Miss Mabel Day was down from Bladen this week visiting her parents. Rev. Deakin, of Cowles, preached in the Congregational church last Sunday. We want wood, corn, oats, potatoes, etc., on subscription, at this office at once. All kinds of bills printed at this office at the lowest price and in the best style. G. A. Harris, of Cowles, was a pleasant caller this week while on business in the city. Al Ault has a fine kennel of dogs and he takes great pride in hunting with them. Read our 4th page and see what our business men have to offer you for Thanksgiving. Mr. A. Fisher, of Alma, Kansas, a well known banker of that place, was in the city this week. M. C. Fulton, who has been suffering from a very sore leg, is getting better we are pleased to note. Bishop Graves, of Kearney, occupied the pulpit in the Episcopal church last Sunday morning and evening. We omitted to mention in our last issue that Frank Williams got one of his eyes badly injured by a broken nail. Rev. Roundtree, the colored preacher, was in Red Cloud Sunday. The good brother has almost rounded up 100 years in this vale of tears. Rev. H. O. Spelman, who was pastor of the Congregational church of Red Cloud, has accepted a call to the pastorate of the Congregational church of Edgerton, Wisconsin. Miss Blanche Sherman ate some salmon last Saturday and was soon after taken violently sick, supposed to have been poisoned by the salmon. She is much better at this writing. The well known letters G. O. P. is translated "Get out pops," by the Red Cloud CHIEF. It may be all right in Webster but it didn't work in Red Cloud this year.—McCook Times-Democrat Oscar Amack while out riding with his two best girls last Saturday had the misfortune of having them both tipped out by an uncontrollable team which came up behind and upset the buggy. No one hurt. The other evening as one of the teams composing the orphean quartet was wending its way over the divides, through draws, cornfields, etc., the buggy upset spilling its precious burden to the ground. No damage done. This week Miner Bros. obtained judgment against the city of Red Cloud for \$76.95 for goods furnished to the poor during 1893-4. The case was tried in Judge Duffy's court. This is one of the suits that has grown out of the refusal of the present city council to pay debts of former councils. The city owes a floating debt of about \$3,000 that has been accumulating for some years and it is time that there be some way to settle the amount. H. J. Clark left this week for McCook, where he goes to erect a fine granite monument to the memory of B. V. Hatley, B. & M. road master who was killed last spring in a wreck. This speaks well for our Marble & Granite Works, calling upon them to furnish work at that distance. Notwithstanding the hard times they continue to do business and in such a way that you can buy work of that kind at as low a figure as in Chicago, Omaha or Lincoln. THE CHIEF is pleased to note that its old friend, Hon. W. R. Kelley, for a number of years assistant solicitor of the Union Pacific Railway, has been appointed to the position of general solicitor of that road, Hon. John M. Thurston having resigned. "Riley" Kelley, as he is familiarly known by his hosts of friends, is one of the brightest lawyers in Nebraska, having won his way from a "boy lawyer" in Clinton, Illinois, to the first position in the legal department of one of the greatest railways in America. While the position is an honor to Mr. Kelley, Mr. Kelley will also be an honor to the position, and we venture to say that the management will not be sorry for having placed their confidence in him. THE CHIEF extends its congratulations.

THANKSGIVING. Mayor Bentley, issues his Proclamation to Red Cloud Citizens. To the Citizens and Business Men of the City of Red Cloud: WHEREAS, the president of the United States having appointed Thursday the 28th instant, as a day of national thanksgiving: I, therefore, request that all citizens of Red Cloud yield cheerful obedience to the wishes of the president, and the merchants are requested to close their places of business during the hours appointed for divine services on that day. This request is also in pursuance of the recommendation of His Excellency, the governor of the state of Nebraska. M. R. BENTLEY, Mayor. NEWSY BITS. Another cold (coal) snap. Carriage painting, F. P. Hadley. Earl Tennant is home this week. F. P. Hadley, painter and decorator. New pattern hats at Mrs. McBride's. Chancey Tingley is in the city this week. Chris Fassler was in Red Cloud on Thursday. Mr. Bishop and wife of Hastings were in the city this week. W O Dimmick of Blue Hill was in Red Cloud this week. Emerson Lightfoot who has been sick with typhoid is better. A complete new line of wall paper at Taylor's at bottom prices. Jno McCallum had a team of horses stolen last Saturday night. Mrs Alfred Hadell and daughter were visiting in Hastings this week. Are shoes advancing? Read A. H. Kaley's ad at the head of locals. Roy Hutchison and Perce McBride were up from Lebanon yesterday. C E Budlong and Mr. Laporte of Campbell were in Red Cloud this week. You can paint cheaper now than you can in the spring. Get prices at Cotting's. If you want a good turkey for Thanksgiving call on John Wilhelmson, the Moon block butcher. Rev. Samuel Williams of Riverton, will preach in the congregational church Sunday morning and evening. Mrs. Jno Bean wife of Rev. Bean of Batin, departed Tuesday for a visit with her daughter, in Topeka, Kan. Bart Wright went to Denver Wednesday in response to a telegram stating that his mother was seriously ill. It is rumored that the B & M will put on additional train service soon to be known as Nos. 13 and 14. The local board of the Children's Home Finder will meet with Mrs. H. A. Howard, Saturday evening, at 7.30. When you want a nice smooth shave or hair cut, give Geo. Fentress a call One door south of the Bon Ton Bakery Good advice: Never leave home on a journey without a bottle of Chamberlain's colic, cholera and diarrhoea remedy. For sale by D. J. & Grice. L. D. Oatman now occupies the Holland House, which he has furnished in first-class style, and prepared for the comfort of his guests. Go to W. W. Wright's, the cheapest headquarters in the valley for heating cooking, and all kinds of stoves. They have them in great variety. Another big reduction on my hoods, fascinators and ice wool shawls. I positively will not be undersold on this line of goods.—Mrs. F. Newhouse. If the bloomer girl had lived in St. Paul's day there would have been some uncomplimentary remarks about her in the First Epistle to the Corinthians. The Nonpariel published at Council Bluffs and Omaha is one of the best, brightest and spiciest republican papers in the west. Its republicanism can be relied upon. Mr. M. E. Quivey, district superintendent of the Children's Home Society will be here next Sabbath, Nov. 24, and will speak in the Christian church at the usual time for morning service.—Mrs. H. E. Howard, Sec. It will be remembered that a man named Rutledge was arrested here some months ago by Sheriff Runchey for the theft of a bicycle, and was afterwards taken to Greeley, Colorado for trial. A letter from D. F. Camp, deputy marshal of Greeley, says that Rutledge was sent up for six years. How many young men and young women are out just as the future seems brightest and full of promise! They are taken away by the disease which causes over one-sixth of all the deaths in the world—the disease which doctors call consumption. There is absolutely no reason in the world why consumption should be fatal—why it should even be serious. It is a disease of the blood, and can be cured absolutely and always by purifying and enriching the blood. The only exception to this is the case where the disease has been neglected and improperly treated until it is stronger than the body—until the body has become so weak as to have lost the ability to recuperate. Dr. Pierce's Golden Medical Discovery will cure 98 per cent. of all cases of consumption if used according to directions. It also cures all lingering coughs, bronchitis and throat affections. Sent 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page Common Sense Medical Adviser, illustrated. Dr. Price's Cream Baking Powder World's Fair Highest Medal and Diploma.

The Little Giant School Shoes Are better wearers, better fitters, and better styles than any other children's shoes. They make no second grade, hence no substituting poor shoes for good ones. Remember the name "The Little Giant School Shoes." Remember the only place you can buy them. Latest novelties in Women's Bright Dongola Button and Vici Kid, white stitched. The greatest thing for school mamas and school girls is our Kangaroo Calf button with patent tip, light weight, soft, pliable, warm and do not scuff. Great wearers. A. H. KALEY'S. "SLACK AHEAD." Interesting Items About the Railway Picked Up by Our Reporter. D. F. McFarland was in Republican Friday night. Joe Dilley went to Hastings Saturday remaining over Sunday. Agent Wilson was transacting business in this city Saturday evening. Ed Sprague brought his engine down from Republican Wednesday night to have it cleaned. Chas Heber of the dispatcher's office at McCook, was visiting friends in Red Cloud over Sunday. Trainmaster Kenyon of McCook came down on No. 16 Friday, and went to Hastings on No. 142. Frank Williams of the Clawson bridge gang went to Republican, Tuesday, to have his eyes doctored. Herb Stone formerly of this place now night express agent at McCook, spent Saturday and Sunday with his many friends. On account of engine 100 breaking down between Wymore and Red Cloud, engine 162 took No. 15 west Wednesday night. DEFERRED ITEMS. A. G. Willis who has been quite sick is better. S C Dilley was in Omaha the latter part of the week. Ed Ryan of Wymore was at the B & M Tuesday night. Hereafter No. 66 will leave at nine o'clock instead of 6. Homer Bayles is back on the switch engine again, and Will Stewart goes back in the round house. Thanksgiving. Once in twelve months the people of our country, meet in their several places of worship to give thanks to the maker of every good and perfect gift, for the manifold blessings which have been bestowed upon them during that period. On next Thursday, Thanksgiving Day will have returned again and as obedient and God-fearing citizens, we will assemble around the altar and give thanks for the good things showered upon us during the last year; we shall rejoice over the improvement in crop conditions, and ask for better times the coming season; we shall ask for prosperity to again hover over the land of the free; we shall ask that our laboring men have work and that health and happiness shall prevail, that pestilence and the ravages of disease be kept aloof, and that our common country shall be kept untarnished from the despoiling hands of men who would wreck it for personal ends. Lastly, we shall call upon the giver of all good to give an abundance of rain and consequent good crops, and that we may all be better people, and that we may not say with the old "That hope deferred maketh the heart sick," but that we may go forward with determination, and divine assistance to victory and prosperity. Let us try it in the year to come. The people believe what they read about Hood's Sarsaparilla. They know that it is an honest medicine, and that it cures diseases. That is why you should get only Hood's. Hood's Pills cure all liver ills, relieve constipation and assist digestion. 25c. Quite a Scare. Quite a scare was created this morning when M. Finkenbinder brought into the city a team that he had found near his residence west of the city with blood on the wagon. The team was recognized as that of John Sorenson. He had been in the city during the evening and sometime in the night started home, his friend Louis Neilson accompanying him. When out of the city the team became unmanageable and threw Neilson out. When Sorenson got the team stopped he tied it up and went back and found Neilson in the road and for sometime they tried to find their team but could not, so they started northward towards their homes. Neilson gave out and Sorenson managed to get as far as Geo. Pope's, reaching there at four o'clock this morning. He was brought to Red Cloud, but all he could say was that he tried to get Neilson along but he could not go and fell down under a tree but where the tree was he did not know. The interest deepened, but about noon it was learned that Neilson had also been found at Sorenson's residence, where he had managed to get after Sorenson had left him. It is reported that the men had been drinking and it is a wonder that they did not freeze, the weather having suddenly changed several degrees colder during the night.
