# Epilepsy 20 Years. Cured by Dr. Miles' Nervine.

Gallaher writes from Milwaukee, Feb. 16, '95. & Grice.

"There are none more miserable than epileptics. For 20 years I suffered with epileptic fits, having as high as five in one night. I tried any number of physicians, paying to one slone, a fee of \$500.00 and have done little for years but search for something to help me, and have taken all the leading remedies, but received no benefit. A year ago my son, Chas. S. Gallaher, druggist at 191 Reed St., Milwaukee, gave me Dr. Miles' Restorative Nervine, and I tried it with gratifying results. Have had but two fits since I began taking it. I am better now in every way than I have been in 20 years." Dr. Miles' Remedies are sold by druggists on a positive guarantee that the first bottle will benefit or price refunded. Book on the
