ST. VITUS DANCE.

A Physician Prescribes Dr. Miles' Restorative Nervine.

Dr. Miles Medical Co., Elkhart, Ind.: My daughter Mattie, aged 14, was afflicted last spring with St. Vitus dance and nervousness, her entire right side was numb and nearly paralyzed. We consulted a phy-

sician and he prescribed Dr. Miles' Restorative Nervine. She took three bottles before we saw any certain signs of improvement, but after that she began to improve very fast and I now think she is entirely cured. She has taken nine bottles of the Nervine, but no other medicine of any kind.

THEY RIDICULE IT.

Many People Ridicule the Idea of an Absolute Cure for Dyspepsia and Stomach Troubles.

Ridicule, however, is not Argument, and Facts are Stubborn Things.

Stomach troubles are so common and in many cases so obstinate to cure that people are apt to look with suspicion on any remedy claiming to be a radical, permanent cure for dyspepsia and indigestion. Many such pride themselves on their acuteness in not being humbugged, especially on medicines.

This fear of being humbugged may be carried too far; so far, in fact, that many persons suffer for years with indigestion rather than risk a little time and money in faithfully testing the claims of a preparation so reliable and universally used as Stuart's Dyspepsia Tablets.

Now, Stuart's Dyspepsia Tablets are vastly different in one important respect from ordinary proprietary medicines, for the reason that they are not a secret patent medicine, no secret is made of their ingredients, but analysis shows them to contain the natural digestive ferments, pure aseptic pepsin, the digestive acids, Golden Seal, bismuth, hydrastis and nux. They are not cathartic, neither do they act powerfully on any organ, but they cure indigestion on the common sense plan of digesting the food eaten promptly, thoroughly before it has time to ferment, sour and cause the mischief. This is the only secret of their success.

Cathartic pills never have and never can cure indigestion and stomach troubles because they act entirely upon the bowels, whereas the whole trouble is really in the stomach. Stuart's Dyspepsia Tablets, taken after meals, digest the food. That is all there is to it. Food not digested or half digested is poison, as it creates gas, acidity, headaches, palpitation of the heart, loss of flesh and appetite, and many other troubles which are often called by some other name.

They are sold by druggists everywhere at 50 cents per package. Address Stuart Co. for book on stomach diseases, or ask your druggist for it.

Indigestion is often taken for consumption. The word consumption means wasting away, and dyspepsia often wastes away as badly as consumption.

The reason people waste away is because either they don't get enough to eat, or they don't digest what they do eat. If the latter is your trouble, take Shaker Digestive Cordial. This will help you to digest your food and stop your loss of flesh.

Shaker Digestive Cordial is made from herbs, barks, and the juices of fruit, by the well-known Shakers at Mount Lebanon. It possesses great tonic and digestive powers.

Shaker Digestive Cordial has cured many supposed consumptives (who were really dyspeptics), by simply helping their stomachs to digest their food, thus giving them nourishment and new strength. Sold by druggists. Trial bottles 10 cents.

A PLAGUE OF THE NIGHT. Itching Piles and Other Rectal Troubles Easily Cured by a New and Safe Method.

A Remarkable Number of Cures Made by the Pyramid Pile Cure. About one person in every four suffers from some form of rectal disease. The most common and annoying is itching piles, indicated by warmth, slight moisture and intense, uncontrollable itching in the parts affected.

The usual treatment has been some simple ointment or salve which sometimes gives temporary relief, but nothing like a permanent cure can be expected from such superficial treatment.

The only permanent cure for itching piles yet discovered is the Pyramid Pile Cure, not only for itching piles, but for every other form of piles, blind, bleeding, or protruding. The first application gives instant relief, and the continued use for a short time causes a permanent removal of the tumors or the small parasites which cause the intense itching and discomfort of itching piles.

Many physicians for a long time supposed that the remarkable relief afforded by the Pyramid Pile Cure was because it was supposed to contain cocaine, opium or similar drugs, but such is not the case. A recent careful analysis of the remedy showed it to be absolutely free from any cocaine, opium, or, in fact, any poisonous, injurious drugs whatever.

For this reason the Pyramid Pile Cure is probably the only pile cure recommended extensively by physicians, because it is so safe, prompt in the relief afforded, and, so far as known, the only positive cure for piles except a surgical operation.

In one year the Pyramid Pile Cure has become the best, the safest and most extensively sold of any pile cure before the public.

Nearly all druggists now sell it at 50c and \$1 per package. Address the Pyramid Co., Albion, Mich., for book on cause and cure of piles, and also hundreds of testimonials from all parts of the United States.

If suffering from any form of piles ask your druggist for a package of Pyramid Pile Cure and try it tonight.
