Sometimes the most careful women are the most careless. Many a woman bundles herself up, to keep out sickness—when she is neglecting the very worst sickness that can come to a woman. She allows a slight disorder to become worse, to slowly sap her vitality. The little pain and the other slight indications of trouble seem to her unimportant. She goes on, with increasing suffering, until life itself becomes a drag. Nervousness, "sinking spells," digestive disturbances, and fifty other complications may arise from the derangement of the organs distinctly feminine. Over thirty years ago, the need for a reliable remedy for so-called "female complaint" was recognized by Dr. R. V. Pierce, then, as now, chief consulting physician to the World's Dispensary and Invalids' Hotel, at Buffalo, N. Y. He prepared Dr. Pierce's Favorite Prescription, the most wonderfully effective remedy that has ever been used for such maladies. "Bacteria do not occur in the blood or tissues of a healthy living body, either of man or the lower animals." So says the celebrated Dr. Koch. Other doctors say that the best medicine to render the blood perfectly pure and healthy is Ayer's Sarsaparilla.

One day this week a wandering gentleman, from somewhere near nowhere, landed in the city and proceeded to cultivate the acquaintance of his numerous relatives. When calling on the different parties about town, his name always seemed to suit the occasion. As near as we can remember, his name sounded something like this: Jim Mierplatt-onmittlelserman. We didn't hear how successful he was, but we guess he'll not starve.

Leap Year Ball.

The leap year party given by the ladies of Red Cloud last Friday evening, Feb. 14, 1896, as one of the social events of the season. About on hundred guests were present and while the Red Cloud orchestra played strains of sweet music, nimble feet and light hearts kept perfect time only stopping now and then to refresh themselves with delicious sherberts, cakes and ices, served by two young ladies amid a profusion of beautiful roses, carnations and ferns. Twenty-one numbers were danced and the "wee sma" hours found many still tripping the "light fantastic toe." All were tastily and appropriately attired. "The ladies looking pretty and sweet, the gentlemen manly and neat." Among the many beautiful flowers worn were roses, calla lilies, English violets, lilies of the valley and carnations with finishing touches of ferns and amilax, each lady supplying her Leap Year partner with a choice boutonniere. Much credit is due those who had charge of the interior decoration, who, while laboring amid many difficulties succeeded beyond all expectations, with the assistance of some of Red Cloud's most chivalrous and kind hearted young men, to transform what was in the beginning only an empty store building, into a very pretty and tastily arranged ball room and cozy retreat which was generously supplied with easy chairs, divans, couches and card tables for those who wished to use them and while there were a few who did not dance, all were unanimous in voting it a grand success.

Among those present were Miss Della and Mr. Ernest Bolton of Akron, Col., Mr. Stine of Superior and Mr. Rogers of Wymore.

Last Friday evening our future graduating class of '98 indulged in a St Valentine party at the residence of D. F. Trunkey. The gay party went in a hay-rack procured for the occasion. The air was rent with merry peals of laughter. Many games were played in which the young folks partook freely. One "cow" (kaow) and one "blue-jay" were merry visitors. After partaking of a simple repast and a general good time the nocturnal party returned at a very late hour. The class is noted for its life and vigor for which we predict a promising future.
