**New Discovery Which is Worth That Much**  
To Anyone Afflicted with Piles.  
The Pyramid Pile Cure, the new, painless remedy which has been so remarkably successful in curing every form of piles and rectal diseases, has recently been placed on sale at druggists, and it is safe to say that, when its extraordinary merit becomes fully known, there will be no such thing as surgical operations for the cure of this obnoxious and common trouble.  
Mrs. M. C. Hinkly, of 601 Mississippi St., Indianapolis, Ind., says: I had been a terrible sufferer from piles for 15 years and no remedies benefited me, until I saw an advertisement of the Pyramid Pile Cure; I got a package, also a package of Pyramid Pills, and used both according to directions. I was astonished at the immediate relief obtained, and now I honestly believe the Pyramid to be the only certain cure for piles.  
That you may realize how bad I was, I will say that I was confined to my bed and went before the college physicians here, who said my case was a new one to them and wanted seven or eight hundred dollars to undertake a cure; the great pain had brought on a rupture, and I knew an operation would be death to me on account of blood poisoning. Nearly everyone here knows of my terrible suffering from piles and I feel that I cannot praise the Pyramid Pile Cure enough, and the Pyramid Pills also. My husband will join me in highly recommending the Pyramid; my daughter was cured by one box only. For several years I weighed but about 90 pounds, now I weigh 150 and feel in perfect health.

This seems to be the universal testimony of every sufferer from piles who has ever tried the Pyramid; it is the safest, most painless pile cure yet discovered; contains no opiate, morphine, cocaine, or any poisonous ingredient whatever, has a soothing, healing effect from the first application, and the moderate price places it within the reach of everyone needing treatment. The Pyramid Pile Cure is sold by druggists at 50 cents and \$1.00 per package and the Pyramid Pills at 25 cents per box.  
Send to Pyramid Co, Albion, Mich. for free book on cause and cure of piles.

**PECULIAR POISONS.**  
Generated in the Human Body.  
The Result of Imperfect Digestion of Food.  
Every living thing, plant or animal, contains within itself the germs of certain decay and death.  
In the human body these germs of disease and death (called by scientists Ptomaines) are usually the results of imperfect digestion of food; the result of indigestion or dyspepsia.  
The stomach, from abuse, weakness, does not promptly and thoroughly digest the food. The result is a heavy, sodden mass, which ferments (the first process of decay), poisoning the blood, making it thin, weak, and lacking in red corpuscles; poisoning the brain, causing headaches and pain in the eyes.  
Bad digestion irritates the heart, causing palpitation, and finally brings on disease of this very important organ.  
Poor digestion poisons the kidneys, causing Bright's disease and diabetes.  
And this is so because every organ, every nerve depends upon the stomach alone for nourishment and renewal, and weak digestion shows itself not only in loss of appetite and flesh, but in weak nerves and muddy complexion.

The great English scientist Huxley, said the best start in life is a sound stomach. Weak stomachs fail to digest food properly, because they lack the proper quantity of digestive acids (lactic and hydrochloric) and peptogenic products; the most sensible remedy in all cases of indigestion is to take, after each meal, one or two of Stuart's Dyspepsia Tablets, because they supply in a pleasant, harmless form all the elements that weak stomachs lack.  
The regular use of Stuart's Dyspepsia Tablets will cure every form of stomach trouble, except cancer of the stomach.  
They increase flesh, insure pure blood, strong nerves, a bright eye and clear complexion, because all these result only from wholesome food well digested.  
Nearly all druggists sell Stuart's Dyspepsia Tablets at 50 cents full sized package, or by mail by enclosing price to Stuart Co., Marshall, Mich., but ask your druggist first.  
Our people are growing more and more in the habit of looking to Deyo & Grice for the latest and best of everything in the drug line. They use Chamberlain's Cough Remedy, famous for its cures of bad colds, croup and whooping cough. When in need of such a medicine give this remedy a trial and you will be more than pleased with the result.
