

# FOR MARCH, APRIL AND MAY.

## Paine's Celery Compound the Best Spring Remedy Today in All the World.

### It Purifies the Blood as Nothing Else Can Do--It is Food for the Tired Brain--It Makes Strong Nerves!

Publically Recommended as No Remedy of Any Kind Ever Was Before by Thousands Whom It Has Made Well.

ENDORSED AND PRESCRIBED BY THE ABLEST PHYSICIANS IN EVERY CITY IN AMERICA.

Where every other remedy has failed Paine's celery compound has made people well!

It cures disease! It has saved the lives of thousands of sufferers. It has made the weak strong.

Paine's celery compound purifies the blood as nothing else can do; it is nature's brain food; it builds up the shattered nerves, it is pre-eminently the one great health-maker known to medicine.

First discovered after laborious, studious, scientific research by the ablest physicians America has produced, Prof. Edward E. Phelps, M. D., LL. D., of Dartmouth College, it is prescribed and publically indorsed by the best practitioners in every city of America. It has been so enthusiastically recommended by grateful men and women in every walk of life that it is today in every sense the most popular remedy in the world.

It has proven itself so easily the greatest of all spring medicines, make-

ing the weak strong and the infirm well, that in the big cities, New York, Chicago, Philadelphia, Boston, St. Louis and the rest, the leading newspapers, making their own canvasses again this year, have found that the demand for Paine's celery compound is far surpasses that of all other remedies as the curative power of this great compound surpasses that of all others together!

Paine's celery compound, taken during the early spring days, has even more than its usual remarkable efficacy in making people well. It makes short work of all diseases of debility and nervous exhaustion. It rapidly drives out neuralgia, sleeplessness, dyspepsia and rheumatism from the system. It removes that lassitude, or "tired feeling," which betokens weakened nerves and poor blood.

Overworked and tired women are but one class of persons who are in urgent need of this wonderful remedy to make them well. Business

men who are not sleeping soundly, shop girls made pale and sickly by long hours of indoor work, and the countless sufferers from dyspepsia, kidney and liver trouble, need the invigorating effect of Paine's celery compound now that spring, with all its dangers, is at hand. Its pre-eminence as a health-maker comes from its extraordinary powers of supplying appropriate nutriment to the blood, nerves and brain.

Just as the great lawyer studies each one of his cases till he knows it on every side, and in every possible aspect, so Prof. Edward E. Phelps, M. D., LL. D., of Dartmouth College, the discoverer of Paine's celery compound, had studied the nerves in health and disease, when well nourished and when under-nourished, in men and women and children years before he looked for remedy. Paine's celery compound was the outcome of his entire professional life. A fitting memorial to a life of hard study and

close observation—a remedy that the world could not lose today, at any price!

Take advantage of the remarkable power of this greatest of all remedies for restoring vigor to the blood and strength to the nervous system. In these first days of spring one has every chance for getting well. Don't neglect it.

Paine's celery compound calms and equalizes all the nervous tissues and induces the body to take on solid flesh. It purifies the blood, as is so clearly shown by the rapid clearing of the skin of all evidences of bad humors within. It is an infallible relief for salt rheum, eczema, and all blood diseases.

Physicians recognize Paine's celery compound as the one scientific spring remedy, and it is universally prescribed by them wherever there is great need of a vigorous and prompt restoring of health and strength to the worn-out system.

### GRATIFYING RESULTS. Interesting Experiments with the New Stomach Remedy.

Not a Patent Medicine, But a safe Cure for all Forms of Indigestion.

The result of recent investigation, have established, beyond question, the great value of the new preparation for indigestion and stomach troubles; it is composed of the digestive acids, pepsin, bismuth, Golden Seal and similar stomachics, prepared in the form of 20 grain lozenges, pleasant to the taste, convenient to carry when traveling, harmless to the most delicate stomach, and probably the safest, most effectual cure yet discovered for indigestion, sour stomach, loss of appetite and flesh, nausea headaches, palpitation of the heart, and the many symptoms arising from imperfect digestion of food. They cure because they cause the food to be promptly and thoroughly digested before it has time to sour, ferment and poison the blood and nervous system.

Judge Frank Ives, of District Court of Crookston, Minn., says: For some time I have used Stuart's Dyspepsia Tablets with seeming great benefit, with few exceptions, I have not been so free from indigestion in twenty-five years.

Geo. W. Roosevelt, U. S. Consul to Brussels, Belgium: Stuart's Dyspepsia Tablets, safe, pleasant to take, convenient to carry, give keen appetite, perfect digestion.

Mr. W. D. Tomlin, Mechanical Engineer, Duluth, Minn.: One box of Stuart's Dyspepsia Tablets has done its work, and I am again gaining flesh and strength.

O. E. Ransom, Hustonville, Ky.: I was distressed and annoyed for two years with throwing up food, often two or three times a day; had no certainty of retaining a meal if I ate one. Four boxes of the tablets from my druggist, have fully cured me. I find them pleasant to take, convenient to carry.

Rev. G. D. Brown, Mondovi, Wis.: The effect of Stuart's Dyspepsia Tablets is simply marvelous; a quiet hearty dinner of broiled beef steak causes no distress since I began their use.

Over six thousand people in the state of Mich. along in 1894 were cured of stomach troubles by Stuart's Dyspepsia Tablets.

Full sized packages may be found

at all druggists at 50c, or sent by mail on receipt of price from Stuart's Co., Marshall, Mich.

**Not to be Trifled With.**  
(From Cincinnati Gazette.)  
Will people never learn that a "cold" is an accident to be dreaded, and that when it occurs treatment should be promptly applied? There is no knowing where the trouble will end; and while complete recovery is the rule, the exceptions are terribly frequent, and thousands upon thousands of fatal illness occur every year ushered in by a little injudicious exposure and seemingly trifling symptoms. Beyond this, there are to-day countless invalids who can trace their complaints to "colds," which at the time of occurrence gave no concern, and were therefore neglected. When troubled with a cold use Chamberlain's Cough Remedy. It is prompt and effectual. 25 and 50 cent bottles for sale at H. E. Grice's.

**State Creek.**  
Plowing is the order of the day. Some are listing and will double it, and some are breaking up for corn. One man says he is plowing for spring wheat.  
Several moves have taken place recently.  
I. Grewell is going to Cripple Creek; he has got work at \$3.00 per day.  
Mr. Geo. Evans, the popular teacher at Mr. Hope, went home Saturday to Gaylord and returned Sunday.  
The wolf hunt over south was a failure, though it resulted in a horse trade.  
R. V. Lewis of Salem, the pastor of the Mr. Hope church, preached a very able sermon last Sunday evening.  
Grass is starting on the creek where it is moist and warm and it is from one to three inches high.  
Ponds by the wholesale. Would soon believe almost every farmer in this part is making one: Mountford, Fruit, Fair, Francis, Servover, Wilson.  
I told you so! C. Steffen, who went to Illinois last year, is back, and says he is back to stay.

**Thompson Creek.**  
W. B. Cook's mill dam partly washed out last week. The repairs are nearly completed.  
Some of our citizens attended the funeral services of the little two-year old son of Frank Stevens last week.  
A very pleasant party was enjoyed by the young folks at J. M. Pollard's a week ago.  
At the spelling school last week Miss Alice Overleave carried off the honors.  
Our young people have been enjoying a round of games for some time. Parties at Geo. Mann's and La Grande Thorne's. All report a pleasant time.

**DELLA.**  
All last winter Mr. Geo. A. Miles, of Lebanon, Conn., was badly afflicted with rheumatism. At times it was so severe that he could not stand up straight, but was drawn over on one side. "I tried different remedies without receiving relief," he says, "until about six months ago I bought a bottle of Chamberlain's Pain Balm. After using it for three days my rheumatism was gone and has not returned since. For sale by H. E. Grice."

Fine snow-fall night of the 2d.

### Nervous Prostration

Cured by Dr. Miles' Nervine.  
Prolonged derangement of the nervous system not only affects the brain and mental powers, but develops disease in some of the vital organs. The most dangerous of these indirect results is when the heart is affected. This was the case of the Rev. N. F. Surface, Fawn River, Mich., who writes under date of Feb. 14, 1895:

"Fourteen years ago I had a slight stroke of paralysis. Overwork brought on nervous prostration. I was exceedingly nervous and the exertion of public speaking caused heart palpitation that threatened my life. I used two bottles of Dr. Miles' New Heart Cure for my heart trouble, and two of Dr. Miles' Restorative Nervine for my nervousness and feel better than I ever expected to feel again. I can speak for hours without tiring or having my heart flutter as it formerly did, and I have you to thank that I am alive today."

### Batin.

Some of the farmers are cutting stalks, and some are plowing for corn and getting ready to sow oats.  
Dancing is the order of the day. Dance every Friday night at Mr. Morris' every Friday night. Some of the girls are starting out well. One girl furnished a team and took three boys one night, and bought their numbers for them. Look out, boys, this is our year.  
The spelling school at the poor farm was well attended. Miss Della Wilson was the champion speller. The program was very nice. There will be another spelling school at the Anderson school house in two weeks. Come and have a good time.  
Miss Tishie Marker is on the sick list. Doctor McKeeby was called one day last week.  
Mr. Bean filled Mr. Blackwell's place on Sunday night at the poor farm. He preached to a crowded house.  
Miss Sarah Fisher's school closed in Dist. 14. She was well liked by all.  
Mr. Rounds will move onto the farm vacated by Mr. Hints.  
Frank Bean is on the look-out for a girl. Look, girls, for he will marry if you say so.

### Stillwater.

Mr. Orr is staying with relatives at Blue Hill.  
Will Crozier and wife visited at Flave Shelton's near Rosemont last Friday.  
J. F. Decker has moved onto a farm three miles east of Red Cloud. John Plowman will occupy the place vacated by Mr. Decker.  
The meetings at Eckley church still continue with increasing interest. Thirty-one conversions up to date.  
Married, at the M. E. parsonage at Cowles, February 25, 1896, by Rev. Metcalf, Orris Hubbard and Miss Mame Miller, both of Stillwater. They have the congratulations of their many friends. They will occupy the farm known as the Webber place after March 1st.

Last season Ike L. Hall, druggist of West Lebanon, Indiana, sold four gross of Chamberlain's Colic, Cholera and Diarrhea remedy and says every bottle of it gave perfect satisfaction. For sale by H. E. Grice.
