

BEAUTIFUL AND STRONG!

The Greatest American Prima Dona Made Well by Paine's Celery Compound.

There was never a remedy so highly recommended as Paine's celery compound. There was never a remedy in such universal demand. For it makes people well. Every one among the thousands who have been delighted by the beautiful songs of Roma, the great prima donna, recognize in her one of the world-famous singers. Born in California, she graduated with honors at Eastern musical colleges, and on her return to the coast, became first the prima donna at the Tivoli Opera House in San Francisco. It was while making the tour with the famous Marine Band of Washington last season, that the beautiful Roma felt the strain of travel, hurry and work, yet in the evenings she greeted great audiences with smiles

electrified them with her voice. Could she have done this without her nerves being steadied and her strength built up by Paine's celery compound? She says: "In Paine's celery compound I find a very much long-felt want for the worries and exhaustive cares attendant upon an active professional life. Paine's celery compound brings restful strength to body and mind, invigorating the system and prolonging life." Paine's celery compound has made thousands of people well. It has saved thousands of women from nervous prostration. It has cured where everything else failed. Innumerable testimonials as to its wonderful value have been voluntarily sent to Wells & Richardson Co., who prepare it in

Burlington, Vermont. Paine's celery compound is the most remarkable remedy for the blood and nerves, known to the 19th century. It is employed by the foremost physicians in curing kidney and liver troubles and the diseases due to nervous disorders, faulty nutrition, and impoverished blood, producing results that seem little short of the miraculous. Paine's celery compound builds up the system, purifies the blood, regulates the nerves. The weak and worn-out soon find their frames invigorated their spirits raised, and their strength renewed. It makes people well. It is superior to the ordinary nervines, bitters, and sarsaparillas as strength is better than weakness.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's catarrh cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. There is no knowing where the trouble will end; and while complete recovery is the rule, the exceptions are terribly frequent, and thousands upon thousands of fatal illness occur every year ushered in by a little injudicious exposure and seemingly trifling symptoms. Beyond this, there are to-day countless invalids who can trace their complaints to "colds," which at the time of occurrence gave no concern, and were therefore neglected.—When troubled with a cold use Chamberlain's Cough Remedy. IS IT A TRIFLE?
That Common Trouble, Acid Dyspepsia or Sour Stomach.
Now Recognized as a Cause of serious Disease.
Acid dyspepsia, commonly called heartburn or sour stomach, is a form of indigestion resulting from fermentation of the food. The stomach being too weak to promptly digest it, the food remains until fermentation begins, filling the stomach with gas, and a bitter, sour, burning taste in the mouth is often present. This condition soon becomes chronic and being an every day occurrence is given but little attention. Because dyspepsia is not immediately fatal, many people do nothing for the trouble. It is now well known among able physicians that the whole constitution is gradually undermined and weakened, that the nerves and vital organs are seriously affected by any form of dyspepsia. This is plain, as every organ, every nerve in the body is nourished by the blood and the blood is replenished from the food digested. If the food is properly digested the blood is pure, the nerves steady, but if supplied from a sour, fermenting, decaying mass, the blood is vitiated, poisoned and the result is shown in sleeplessness, lack of energy, poor appetite, nervousness. Every trifle is magnified and the dyspeptic sees nothing but the dark side of everything. Within a recent period a remedy has been discovered prepared solely to cure dyspepsia and stomach troubles. It is known as Stuart's Dyspepsia Tablets and it is now becoming rapidly used and prescribed as a radical cure for every form of dyspepsia. It is not claimed to cure anything except dyspepsia and stomach weakness in its various forms, but for this it has been shown to be unequalled. The eminent specialists, Reed and O'Leary, have recently stated that they considered Stuart's Dyspepsia Tablets an unfailing specific for disorders of the digestive organs, and the remarkable cures made in cases of long standing dyspepsia proves that this remedy has extraordinary merit. Stuart's Dyspepsia Tablets have been placed before the public and are sold by druggists everywhere at 50 cents per package. It is prepared by the Stuart Chemical Co., Marshall, Mich., and while it is prompt and effectually restores a vigorous digestion at the same time is perfectly harmless and will not injure the most delicate stomach, but on the contrary by giving perfect digestion strengthens the stomach, improves the appetite and makes life worth living. **Rheumatism Cured in a Day.** "MYSTIC CURE" for Rheumatism and Neuralgia radically cures in 1 to 3 days.
