Pure blood is the safeguard of health. Keep your blood pure, rich and full of vitality by taking Hood's Sarsaparilla, and you will not need to fear the attacks of disease.

Hood's pills cure liver ills, constipation, jaundice, sick headache, biliousness, 25c.

Joe Hunter, Jr., aged 17, son of Joe Hunter, sr., living near Guide Rock, met with a fatal accident on last Saturday, while out hunting. Himself and friend went to the river in a wagon. When near the south side of the farm they saw a flock of geese and the young man hastened to the wagon to get the gun, and in pulling it out of the wagon with the muzzle toward him the hammer was raised sufficient to discharge the gun, the load of BB shot taking effect near the young man's heart, killing him almost instantly. He was taken to his home where the parents were overcome with grief, he being their only son. Medical aid was of no avail, and the young life went out before it had reached the meridian. The funeral took place Sunday. It was one of the saddest deaths that has occurred in the locality of Guide Rock for many years.

A card on the outside of office door says: "Gone to lunch. Be back in ten minutes." And, the man will be there on time. That is, for some days, weeks or even months, he will. Then he will be at home occasionally for a day. He'll tell you he had a headache—a turn of cholera morbus, or maybe he'll say he had a lump in his stomach and felt too miserable to move. The lump was probably two or three ten-minute lunches condensed. The man who "bolts" his lunches will find Dr. Pierce's Pleasant Pellets the best friend he ever met. There is no case of biliousness, indigestion, "heart-burn," or any of the rest of the night-mare breeding brood, that these little "Pellets" will not cure. They cure permanently. Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser," profusely illustrated.

The March issue of the Nebraska and Kansas Farmer is now printed and ready for distribution. Thousands of copies have been mailed to all parts of the United States, thus advertising Nebraska and Kansas in good shape. Every person having friends in the north, east, south and west, should subscribe for from two to ten copies for distribution over the country. To those desiring to do so, a very low price will be made. It is an enterprise that all should be proud of. The paper is purely non-partisan and devoted entirely to practical farming and stock raising. For a limited number of days any person sending us \$1 in money we will send ten copies for one year to any address they may name in the United States. You cannot make a better present to your friends. Write at once, addressing the NEBRASKA AND KANSAS FARMER, Red Cloud, Nebraska. Office with RED CLOUD CHIEF.

DISTRICT MEETING.

Of the Knights of Pythias Held at the Masonic Hall on Thursday.

On Thursday afternoon Grand Chancellor Geo. E. Ford, of Kearney, and Gus Norburg, Grand Vice Chancellor of Holdrege, assisted by representatives of Red Cross lodge, Blue Hill; Lucullus lodge, Bloomington; and Calanthe lodge of this city, convened a district meeting in this city. About thirty-five representatives were present and the good work performed was a great source of pleasure to the members of Calanthe lodge as well as to the visiting members. The secret work was exemplified, and many interesting points in law expounded that always create more or less enthusiasm among subordinate members. During the evening session a love feast was indulged in, and members from home and abroad talked on the principles of Pythianism. Bro. Geo. E. Ford, present grand chancellor, is one of the most intellectual Knights that it has been our pleasure to meet, and his very soul seemed inspired with the great cause of Damon and Pythias, and what is more, he is always ready to live it. During his administration the grand lodge has become free of debt and is placed on a solid basis.
Bro. Gus Norburg is another one of those Pythians whose soul wells up with a superabundance of good things for the order, and is always ready to defend its principles and tenets. He is always found doing the good work of the order, and ever willing to extend a helping hand.

The grand lodge of Nebraska is fortunate in having two such ardent brothers at the head of the organization and before the year passes, we bespeak for the grand domain one of the most successful years ever experienced in its history in Nebraska. The times have been very hard during the past two years, yet the membership has not diminished and through the excellent executive as well as business ability the grand lodge is out of debt and has money in the exchequer.

The meeting of Thursday will be a great help to the local lodge, and before six months rolls around there will be much new energy displayed and many new members on the way to learning more of Pythian mystery. May the principles of Friendship, Charity and Benevolence be emblazoned upon the escutcheon of every true knight.

The Second ward nominated L. H. Beck for alderman, and the First ward nominated George Hollister.
