

PAINE'S CELERY COMPOUND

Best Remedy in the World... It Makes People Well.

There is one true specific for diseases arising from impure blood and a debilitated nervous system, and that is Paine's celery compound, so generally prescribed by physicians. It is probably the most remarkable remedy that the scientific research of this country has produced.

State Creek Items.

Ex-Judge Stoner has bought property in Lebanon Kansas, and moved down to make that town his permanent home in the future. Jesse Sapp was to move from this creek to a place eight miles northeast but he rented a farm eight miles southwest and moved on it.

In and About the University.

William Jennings Bryan addressed the Free Silver League of the University Tuesday evening, on the retirement of the green-backs. The speech was intended by the club to answer an argument on the same subject, delivered before the Political Economy Club, by G. M. Lambertson.

Inflammatory Rheumatism Cured in 3 Days.

Morton L. Hill, of Lebanon, Ind., says: "My wife had Inflammatory Rheumatism in every muscle and joint, her suffering was terrible and her body and face were swollen almost beyond recognition; had been in bed for six weeks and had eight physicians but received no benefit until she tried the MYSTIC CURE FOR RHEUMATISM. It gave immediate relief and she was able to walk about in three days. I am sure it saved her life." Sold by H. E. Grice, druggist, Red Cloud.

Everybody is busy. Renters I mean are busy moving from one place to another. Mr. Seward Garber's teams went through our streets en route from from Red Cloud to Cripple Creek. Charles Davis says it is a boy. Regular Kansas weight.

The University Republican Club met Saturday evening and elected officers: President, R. S. Baker; vice-president, Mr. Spencer; secretary and treasurer, Mr. Sullivan; sergeant at arms, Mr. Matson. A. W. Martin was chosen to represent the club in the general convention of college republican clubs, which meets in Chicago some time in August, and J. H. Lein was elected delegate to the national convention of republican leagues. The club enthusiastically adopted resolutions endorsing McKinley, the republican candidate for president.

"Give me a liver regulator and I can regulate the world," said a genius. The druggist handed him a bottle of DeWitt's Little Early Risers, the famous little pills C. L. Cotting.

Amboy.
Geo. Mann was visiting on the creek Sunday. Mr. Decker has moved on the Reed place recently vacated by Mr. Smythe. We extend the right hand of fellowship. Mr. and Mrs. G. W. Baker and children, Alta and Susie Baker were in Red Cloud Monday. Mr. C. C. Cox is convalescent. Henry Rasser is bailing hay this week. Henry thinks of going to Milwaukee to seek his fortune. From reports the Pleasant Hill school has been converted into a smoke house. Mr. J. E. Hines the political and social leader is the ground progenitor of a bouncing baby boy. He has been christened Allen in favor of his father's political exponent, Senator Allen. The wedding in high life which was to have occurred, has been postponed until further notice. Mrs. Rasmussen arrived at this place Saturday night from Troy, Kas. Mr. Rasmussen expects to come overland in a few days. The choir practiced at Mr. Baker's Wednesday evening and will practice again Saturday evening at the school house. Our salient and versatile friend Mr. George Law has been sojourning in Kansas, the land of pretty girls and sorghum lappers. Evidently the Kansas girl appreciates talent loquacity and obesity as George's visits are frequent. The rumor that Samuel Miller will lead the singing hereafter, in order to teach the choir to sing with the spirit and with the understanding lacks confirmation. Sylvester Frisbie is learning the rocky road to Dublin. From last reports he was still on the way. Owing to the inclement weather, Saturday evening, the Pie social, to have been held at Mrs. C. H. Frisbie's for the benefit of the Y. P. S. C. E., was postponed. The date has not been announced but we trust it will be in the near future, as we dearly love to eat pie for the good of the cause. Miss Jessie Cockrill was in town Monday. Mr. Z. Barnes is back from Iowa. His friends are grievously disappointed because he is not numbered among the beneficiaries. Iowa damsels are not aware of the prize they have missed. Quite a number of our young people were enjoying sleighing Saturday and Sunday. According to the gauge made by Prof. Merritt about 18 inches of snow fell. Our experienced farmers say it foretells an abundant crop. The young ladies of Amboy realizing that leap year will not occur again for eight years have signalized the fact by organizing the "Circus" club. Its object being to secure companions of the male persuasion for each member. If there isn't enough to go around, they will send to the asylum at Lincoln to fill out the number. Among those on whom the ladies have special designs are, Robert Mitchell, Alf Saladen, Al Merritt, Christopher Rasser, Ed Rasser Jr. George Law and Louis Beal. The society being of a strictly secret nature no further particulars could be obtained.

Monday they run one down and captured it alive. Eddie Doyle has found employment with Nelson Bartlett this summer, Ernest Reed with Henry Boyd, and Floyd Tooker with A. W. Cox. A. P. Johnson is improving the place around his store by removing the old posts and putting up some good solid hitching racks. Who will be the next to do likewise? **Deafness Cannot be Cured,** by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever, which is nothing but an inflamed condition of the mucous surfaces. We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's catarrh cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75c.

Garfield.

The snow will be quite a help to the farmers of Garfield. Quite a number were out with their sleighs Monday. Henry Rathjen will soon start for Iowa where he will visit his brother. John Earner says he'd just as soon play "Lucy Oh!" as to eat. Mrs. Geo. Harris of Nuckolls county was visiting in these parts Sunday. A Sunday-school was organized at the Amack school house. Miss Nellie Kaley will soon close a successful term of six months school in district 49. Miss Josie Earner accompanied by Miss Alta Smelser was visiting at her home Sunday. Charley Haefele will work for John Wagoner this season. Charley Wolfe is nicely located on the Mohler farm. Frank Amack is possessor of a horse and buggy and is prepared to take the girls riding, even if it is after meeting. There seems to be quite an attraction for some of the Garfielders in Red Cloud. In the last snow storm Charley Wolfe lost his mustache. JIMMY. It not only is so, it must be so. One Minute Cough Cure acts quickly, and that's what makes it go. C. L. Cotting.

CASTORIA

for Infants and Children.

MOTHERS, Do You Know that Paragoric, Bateman's Drops, G. Zivroy's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

Do You Know that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of *Chas. H. Pitcher* is on every wrapper.

Epilepsy 20 Years.

Cured by Dr. Miles' Nervine

A few years ago, Mr. L. W. Gallaher, was an extensive, successful export manufacturer of lumber products. Attacked with epilepsy, he was obliged to give up his business. The attacks came upon him most opportunely. One time falling from a carriage, at another down stairs, and often in the street. Once he fell down a shaft in the mill, his injuries nearly proving fatal. Mr. Gallaher writes from Milwaukee, Feb. 1896:

"There are none more miserable than epileptics. For 20 years I suffered with epileptic fits, having as high as five in one night, tried any number of physicians, paying one alone a fee of \$250.00 and have done little for years but search for something to help me, and have taken all the leading remedies, but received no benefit. A year ago my son, Chas. S. Gallaher, druggist at Reed St., Milwaukee, gave me Dr. Miles' Restorative Nervine, and I tried it with gratifying results. Have had but two since I began taking it. I am better now every way than I have been in 20 years."

Dr. Miles' Remedies are sold by druggists on a positive guarantee that the first bottle will benefit or price refunded. Book of Heart and Nerves, free. Address, Dr. Miles Medical Co., Elkhart, Ind.
