MR. EDITOR:—It would be quite as proper to say that a man was a good christian because he knew the multiplication table, as to say that a man was a good Mason because he knew the Masonic ritual. There are too many mouth masons in the world, as there are mouth christians.

We acknowledge this week, the receipt of the Sweet Springs (Mo.) Republican, published by Charles F. Jenkins, a brother of our bandmaster. It is a red hot republican paper, and fearlessly tackles the leading questions of the day in an able manner. The first issue announces that Bro. Jenkins is for Wm. McKinley for president, and for the republican party forever. The Republican is a very neat five-column quarto and is a credit to its publisher. We extend our best wishes to the Republican, and hope it may prosper in that democratic state, Missouri.

SCHOOL ITEMS.

All pupils returned Monday morning, refreshed and ready to enter into the school work.

The 10th grade is now taking up Caesar, and the 9th grade beginning Latin.

There were two pupils tardy Monday morning; a very poor beginning.

A new way of recital has been adopted. Each pupil responds with a number.

The twenty dollars which were cleared at the school entertainment are being used in securing books for the high school library. Fifteen new books have been added, and more will be added soon.

It Was On Him.

Two of Red Cloud's handsome young girls provided themselves with fishing tackle, the usual supply of worms, a number of excellent hooks, and prepared to go fishing this week. When they were all ready to go they stepped into one of our grocery stores for the usual quota of gum, candies and olives for lunch. While there they bantered Homer Sherwood to set a price on the fish they caught. He replied nonchalantly, "I'll give you \$1.25 per pound for all you get." The girls accepted the banter and left the store for the mossy banks of the placid waters of the Republican. In due season they reached the river shore and planted themselves on the bank. baited their hooks, and dropped them into the murky waters. Nibble, jerk, and the bobber went under. The girls screamed and pulled on the line and the finny inhabitant was landed on terra firma. Their luck was with them, (or their money was), for when they came home they carried with them just one pound and one-half of fish, and meandered directly to the store and demanded of the lynx-eyed Homer the price of \$1.25 per pound, making a total of \$1.87 1/2 which the young man reluctantly paid over, giving himself credit with \$1.87 1/2 experience. And the girls smiled and Homer smiled also, but after they had departed, his partner Allie Albright, said he repeated some words that sounded like darn it. This ended the chapter of the fish and the sucker.

A Bad Fire.

Col. Wiggins, living about six miles southeast of Red Cloud, in Garfield township, met with a serious loss by fire on Monday. During the evening it is supposed that some miscreant purposely set his barn on fire, which consumed the barn containing six head of horses, hogs, corn, harness, buggy, etc., making a loss of three or four hundred dollars, with but barely \$100 insurance, and that held by the Continental. Three of the horses belonged to a young man named Parsons and will be a total loss. When the fire was discovered it was too late to get out any of the animals and they had to perish in the flames.

It's all the same, a slight cold, congested lungs or severe cough. One minute cough cur, banishes them. C. L. Cotting.

Half a dozen or more young couples from Red Cloud started out on their wheels for Superior last Sunday, intending to ride to this city and return that day. Some of them got as far as Guide Rock and gave up. Other braver ones straggled into Superior about five o'clock in the afternoon, and all of them took the Burlington train for home in the evening. Those who came to this city with a determination to ride back were heard to remark that they were no hogs—they knew when they had enough—so they were met at the depot at Guide Rock by the crowd which stopped there and given doubtful applause for their bravery(?). They were a jolly crowd and all seemed to enjoy the trip immensely.—Superior Sun.

why?

Why wear wool? To keep out cold? No. To keep in heat. If the body is supplied with plenty of fresh air—oxygen—and proper food, it will generate sufficient warmth to protect you on the coldest day—**Scott's Emulsion of Cod-liver Oil**, with Hypophosphites, is the best warmth-food. Thin people, people with poor blood who are easily shaken by a cold wind take Scott's Emulsion, and it makes good blood, improves the appetite, increases flesh, furnishes bodily warmth, and prevents the ill results from colds, coughs, and exposures.

SCOTT'S EMULSION has been endorsed by the medical profession for twenty years. (Ask your doctor.) This is because it is always palatable—always uniform—always contains the purest Norwegian Cod-liver Oil and Hypophosphites. Put up in 50 cent and \$1.00 sizes. The small size may be enough to cure your cough or help your baby.

Firemen's Resolutions.

The following resolutions were ordered drawn and published at the regular monthly meeting last Monday night, in regard to the following article which appeared in the Belt last week.

Mr. Bentley gave the fire boys a check for \$25 for valiant services during the recent fire. A good many of them are figuring how different it would have been had the election come off before the fire.—Belt.

WHEREAS, An article appeared in the columns of the Belt last week which not only reflects discredit upon the members of the fire department but, upon the present mayor of our city, and,

WHEREAS, We think that such articles will not only hurt the department but keep persons from making voluntary contributions to the department for services rendered as in the present case, and,

WHEREAS, The fire department does not wish to be drawn into any political matters nor be mixed up in politics, therefore be it,

Resolved, That we sincerely regret the action taken by the belt last week in the article regarding Mayor Bentley's donation of \$25 for services rendered at the bank fire by the fire department.

Resolved, That a copy of these resolutions be handed to each of the city paper and they be requested to publish same.

BY ORDER OF DEPT.
