

THE CHIEF

Republican Ticket.

For Congress—5th District. W. E. ANDREWS of Hastings.

If McKinley can't get there, THE CHIEF would be in favor of Manderson, then Reed, Morton, Allison, and finally Harrison.

THE STATE JOURNAL says that Clem Dever is a candidate for congress on the pop ticket in this district. This is decidedly a great joke.

Hon. J. A. Piper will be a candidate for re-nomination for secretary of state. He has made a splendid officer, and we would be pleased to see him re-nominated.

JACK McCULL is in the field for the gubernatorial nomination, at the hands of the republican convention in July. Jack is a No. 1 man, and we should not object to his nomination.

BILLY McKinley has about enough delegates to assure his nomination at St. Louis. The machine is trying to ouster him out of it, but we believe that the people will stay by him.

THE A. P. A's, that is, a portion of them, are said to be against McKinley. We cannot divine their motive. Americanism is the ascribed motto of the A. P. A's, and McKinley is a thoroughbred American. Where is the consistency? However, the order is divided on the subject. McKinley is a member of the Methodist church, and a genuine American, and a man the American people feel proud of. If nominated, he will be elected by a very large majority.

Some of the populist politicians are reading their hirsute appendages, over the fact that the defendants in the county supervisors suits are prosecuting, with all their vigor, the case in the supreme court. They threaten dire vengeance upon all, even to impeaching some of the county officers. It is a kind of intimidating scheme, but it won't work, boys, because the men behind the suit do not know what it is to turn their back upon anything they undertake. Better abide the consequence, boys, or you might get a dose of your own medicine.

The sprinkling of Webster St. and 3d, 4th, and 5th avenues is a problem that vexes not only the council, but the business men. "How to secure the water to sprinkle the streets" is surely perplexing as the pure city water supply is insufficient at this time to allow of any great amount to be taken for such purpose. Then, there ought to be some other method provided, and we believe that a method similar to the one Mr. Ballard used in by-gone days would suffice until better opportunities present themselves. The streets must be sprinkled and the matter should receive the attention of the council at an early day.

Make it a Half-Holiday. Wednesday, May 13, is the fourth anniversary of the S. of V. band and they propose giving a grand concert and picnic in Hummel's grove on the afternoon of that day. A fine concert will be given at 4 o'clock and supper will be spread at six. The afternoon will be devoted to various amusements and it is expected that this will be the best picnic of the season. The band boys express a wish that all our citizens make this a half-holiday and attend the picnic in a body. The band deserves great credit for the benefit and amusement they have given us and they hope a large attendance at the picnic will attest their popularity. Each person, couple, or family is expected to bring a basket filled with eatables and help swell the larder. This is all the picnic will cost you. Fill your lunch baskets and be ready to join the procession at 2 o'clock, May 13. The Blue Hill and Guide Rock bands have been invited to join us and you may expect a big time.

Mariah Arnold. The subject of the sketch was born in Pennsylvania, but in early life removed with her parents to Ohio and later to Indiana, from thence to Illinois and later to this county and state. She was married in Indiana, to Oscar Arnold in the early '40's. From this union fourteen children were the result, eleven of whom grew to maturity—five boys and six girls.

Mariah (Deveney) Arnold died at the home of her daughter, Mrs. J. B. McCleery, near Pauline, April 22, 1896, aged 69 years. In her departure from this earth, she leaves nine children to mourn her—five sons and four daughters, all married.

The funeral occurred Thursday, at 2 o'clock. The remains were interred in the Blue Hill cemetery beside those of her husband, who died near this city April 2, 1887.—Blue Hill Leader.

Let People Be Warned.

Every man who carries insurance in the Modern Woodmen, the A. O. U. W., Independent Workmen, or kindred fraternal societies should be on guard against the machinations of the old line life companies, whose political agents are already planning to elect a legislature next fall that will forbid the mutual companies to do business in Nebraska. It's early to begin talking about legislative candidates, but the insurance lobby is already organizing, and it is high time for the people to begin looking out for their interests. The cheapest rate per 1,000 that any reliable old line company offers is about \$30 for an applicant aged 35 years, but the Woodmen and Workmen, all safe and sound organizations, furnish insurance to a man of like age for about \$5 per \$1,000. No wonder the old liners want to drive out the mutuals. The same story holds good in fire insurance. The German Farmers' Mutual here in Sarpy county furnishes insurance at about one-tenth the rate charged by the old line concerns, and it is a safe and sound company, too. What a picnic the old liners would have in Nebraska if only they could elect a legislature that would cripple or drive out the Mutuals? The insurance combine has abundant capital with which to push its schemes, and the Times urges the common people of the state to wake up now and begin talking and voting against the combine.—Papillon Times.

Guide Rock.

Mr. Richmond, the smooth and well-fed editor of the Red Cloud Nation, was in Guide Rock and vicinity several days this week looking after the interests of his paper. Messrs. Walsh and Richmond are now publishing by far the handsomest and ablest paper of the populist faith in this part of the state.

Mrs. Sleeper, who has been visiting several weeks with friends here and at Red Cloud, starts the first of the week for her home in Omaha.

Mr. Dick Garber removed with his family this week to Hubbell, where he will engage in the restaurant business. The Signal wishes him the greatest success.

Ernest Jones will plant ten acres of potatoes this spring, and already has about fifty bushels cut up for seed. He raised about 300 bushels last year on a small patch and this year proposes to increase his efforts several fold.

And Great was the Fall Thereof.

During the past ages, many have been the times that great bodies have fallen; then there have been great slides, such as snow slides, etc. But of all the falls and slides that we have been able to prognosticate, none have been greater than the one that we shall relate farther on, and one that "endowed" us with so much amusement. From time immemorial, people have enjoyed fun, especially at other men's expense. Well, this time, our hero was a painter—not one of the wielders of the fine art, but a man who was putting on the common stuff, and, while not painting the town a crimson hue, was painting the roof of his shop red. It seems that our worthy city treasurer, G. W. Dow, was upon the roof of his shop on an improvised roof ladder, and was calmly painting away with paint brush, and bucket near by, dreaming of the good things in store for him in the future; how the paint applied would keep the excessive rains of Nebraska from falling upon himself and workmen, when, avalanche-like, the board began to slip from its moorings, and Brother Dow, like a drowning man, began to grasp at straws and grabbed the paint bucket, brush and all, which commenced to slide with him and the board, and in the twinkling of an eye, Bro. Dow lay in a heap upon the ground, with enough paint upon him to make a good "injun," but none the worse for the fall of seven feet. He didn't say much, but made Mike Kilroy agree not to tell the Great Family Weekly. Great was the fall thereof, and the waste of paint on his pants was worse and more of it.

"I have been troubled for some time with impure blood, and have been taking Hood's Sarsaparilla and it has accomplished wonderful results. Mrs. John Hanna, Rander, Neb.

Hood's Pills cure all liver ills. city water.

There seems to be considerable complaint in the manner that the B. & M. folks are allowed to take city water. It is said that the meter at the depot has been broken, and, finally, that the location of the same has been lost, and further that the amount of water used is estimated. If this is true, the council should put in a new meter and regulate the water according to agreement. The water commissioner should report the matter at once. Again, the season is fast approaching when the hot weather will be here in full blast, and it is imperative that the city water be kept as pure as possible. To that end, the water commissioner, whoever Mayor Myers' appointee may be, should be instructed to at once cut off all consumers who violate the ordinance by sprinkling out of hours, and without the nozzle. The indiscriminate use of city water this season, while there is no ice, should be positively forbidden. The water must be kept pure and wholesome, or disease may result therefrom. One of the first acts of the new mayor and council should be to investigate the water works system, and to throw around it a better system of government than has heretofore been accorded that branch of the city's business.

Epilepsy 20 Years.

Cured by Dr. Miles' Nervine.

A few years ago, Mr. L. W. Gallaher, was an extensive, successful expert manufacturer of lumber products. Attacked with epilepsy, he was obliged to give up his business. The attacks came upon him most inopportunistly. One time falling from a carriage, at another down stairs, and often in the street. Once he fell down a shaft in the mill, his injuries nearly proving fatal. Mr. Gallaher writes from Milwaukee, Feb. 16, '96.

"There are none more miserable than epileptics. For 20 years I suffered with epileptic fits, having as high as five in one night. I tried any number of physicians, paying to one alone, a fee of \$500.00 and have done little for years but search for something to help me, and have taken all the leading remedies, but received no benefit. A year ago my son, Chas. S. Gallaher, druggist at 191 Reed St., Milwaukee, gave me Dr. Miles' Restorative Nervine, and I tried it with gratifying results. Have had but two fits since I began taking it. I am better now in every way than I have been in 20 years."

The man with a weight on his leg can't hope to win in the race. A man with a weight on his health can't expect to compete in life and business with those who are not handicapped. If his brain is heavy, and his blood stogged, because of constipation, he will not succeed in doing anything very well. Constipation is the cause of nine-tenths of all sickness. Symptoms of it are: listlessness, listlessness, poor appetite, bad taste in the mouth, dizziness, biliousness, and lassitude. Constipation can be cured easily and certainly by the use of Dr. Pierce's Pleasant Pellets. They are not at all violent in their action, and yet they are more certain than many medicines which are so strong that they put the system all out of order. The great advantage of the "Pleasant Pellets" is that they cure permanently.

Service by Publication.

In the District Court of Webster County, Nebraska. P. K. Dederick, Plaintiff, vs. Albert Henry and Della Henry et al, Defendants.

The above-named defendants, Albert Henry and Della Henry, will take notice that on the 23rd day of April, 1896, plaintiff herein, filed his petition in the district court of Webster county, Nebraska, against said defendants, the object and prayer of which are to foreclose a certain mortgage executed by the defendants to the plaintiff upon the northeast quarter of section four (4), township four (4), range nine (9), west of the sixth principal meridian, Webster county, Nebraska. To secure the payment of a certain promissory note dated October first, 1890, and due and payable five years from the date hereof; that there is now due the plaintiff from the defendants upon said note and mortgage the sum of \$500.00, with interest at the rate of six per cent per annum from the first day of April, 1894, for which sum, with interest from the first day of April, 1894, plaintiff prays for a decree that defendants be required to pay the same, or that said premises may be sold to satisfy the amount found due this plaintiff.

You are required to answer said petition on or before the first day of June, 1896, or the allegations thereof will be taken as true and judgment rendered accordingly. Dated April 23d, 1896. P. K. DEDERICK, By ROBT. T. POTTER, His Attorney.
