Decoration.

"You marble minstrel's voiceless stone
In deathless song shall tell—
When many a vanished age hath flown—
The story how he fell;
Nor wreck, nor change, nor winter's blight,
Nor Time's remorseless doom,
Shall dim one ray of holy light,
That gilds your glorious tomb."

Last Saturday was, as usual, remembered by the old soldiers and their families, the same being Decoration Day. The program was fully carried out and at one o'clock the Grand Army of the Republic, the Woman's Relief Corps, civilians, etc., formed on Webster street in solemn parade and marched to the cemetery, where the graves of those who had given up their lives for their country's honor, were lovingly and tenderly decorated with beautiful flowers, after which the Garfield Post and the firing squad marched to the monument and paid the last honors to their dead comrades. The beautiful ritualistic services were said and then there were the usual three salutes fired, when the saddened throng returned to the city and after a few appropriate pieces by the Son's of Veterans band, the crowd congregated in the opera house where they had the pleasure of listening to an eloquent address by President Dungan of Cotner's University, of Lincoln. The services in the opera house consisted of music, songs, etc. The members of Garfield Post and the ladies of the W. R. C. always prepare a good program for Memorial and Decoration days and deserve credit for their loyalty to the dead heroes who gave up life and liberty that our fair land might not be dismembered by the enemies of free government. May their devotion never wane, and when it comes their turn to be carried to the silent city, may the same kind remembrance be given to their valiant deeds, that they have been giving to those who have laid their lives upon the altar of their country in days gone by.

A woman's headaches may come from several causes. She may have a headache arising from nervousness, or from digestive disturbances. Nine cases out of ten, her headaches come from disorders peculiar to her sex. It may show itself in the symptoms which are characteristic of a dozen disorders. Thousands of times, women have been treated for the wrong disorders. Dr. Pierce's Favorite Prescription was recommended for the sole purpose of relieving woman-kind of these ills and pains. Thousands of women have testified that after taking treatment from several physicians without benefit, the "Favorite Prescription" cured them completely and quickly. It has been used for over thirty years, and has an unbroken record of success. The woman who hesitates is invited to send 21 one-cent stamps to cover only the cost of mailing a copy of Doctor Pierce's Common Sense Medical Adviser, which contains plain, clear information about all of the organs of the human body and their functions.

Crop Report.

The temperature of the past week has been slightly below the normal in the western portion of the state and a little above the normal in the eastern.

The week was generally dry until the last two or three days when copious rains were general in all parts of the state excepting the extreme northeastern and southwestern portions. Over most of the southern part of the state from two to three inches fell.

The dry weather early in the week was very favorable in the progress of corn planting and most of the crop is now in the ground. Some of the early planted is six inches high and much of it has been worked.

Small grain, although it has suffered somewhat from dry weather in the western portion of the state, has generally attained a rank growth and in some cases has begun to lodge slightly; some rye is reported six feet tall. Rye is generally in blossom and wheat is beginning to blossom. Considerable damage is reported in some localities from cut worms and in the extreme southeastern corner of the state from the army worm.

Adams—Rye and fall wheat well advanced. Planting about done and corn growing rapidly. Potato bugs very thick. Wheat rusted some.

Chase—High winds have injured small grain, and all crops have suffered much from dry weather.

Dundy—Corn in sandy lands damaged by high winds. All small grain and grass drying up. Corn looking fair.

Furnas—Alfalfa cutting in full blast, and a good yield. Potatoes in bloom and bugs plenty. Squash bugs doing some damage to vines.

Hitchcock—Weather hot and vegetation suffered early in the week, but good rain on Saturday.

Harlan—Corn coming up in good shape, wheat and oats coming forward nicely; potatoes growing fast and potato bugs thick. Alfalfa has made a big growth, and is nearly ready to cut.

Kearney—Crops advancing rapidly. Many plowing corn.

Webster—Everything doing well. Fall wheat heading. Corn about all planted. Some damage from high winds.

If it required an annual outlay of \$100 to insure a family against any serious consequence from an attack of bowel complaint during the year there are many who would feel it their duty to pay it; that they could not afford to risk their lives, and those of their family for such an amount. Any one can get this insurance for 25 cents, that being the price of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. In almost every neighborhood some one has died from an attack of bowel complaint before medicine could be procured or a physician summoned. One or two doses of this remedy will cure any ordinary case. It never fails. Can you afford to take the risk for so small an amount? For sale by H. E. Grice.

Republican State Convention.

The republican electors of the state of Nebraska are requested to send delegates from their several counties to meet in convention in the city of Lincoln, Wednesday, July 1, 1896, at 10 o'clock a. m., for the purpose of placing in nomination candidates for the following officers:

Governor.
Lieutenant Governor.
Secretary of State.
Auditor of Public Accounts.
Treasurer.
Superintendent of Public Instruction.
Attorney General.
Commissioner of Public Lands and Buildings.
One Judge of the Supreme Court for term of two years.
One Judge of the Supreme Court for term of four years.
One Regent of the State University to fill vacancy.
Eight (8) Presidential Electors.
And to transact such other business as may properly come before the convention.

THE APPOINTMENT.

The several counties are entitled to representation as follows, the apportionment being based upon the vote cast for the Hon. Joseph S. Bartley for state treasurer in 1894, giving each county one delegate at large, and one for each 100 votes and the major fraction thereof.
