T. DEWITT TALMAGE WILL BE IN

ORLEANS, Sunday, June 7, 1896.

We expect to run a special train June 7th, for Talmage's lecture, from Superior and all intermediate points to Orleans. It may not be out of place to call the attention of the people to the fact that the Orleans Chautauqua is much nearer to them than any other assembly in the state. From Red Cloud to Orleans it is 54 miles; while from Red Cloud to Beatrice it is 119 miles, and to Crete 149 miles. We make one railroad fare for the round trip, and to children under 12 years of age one-half fare for round trip.

This is, perhaps, the last opportunity—at any rate, the best opportunity—the people of the Republican Valley will ever have to hear Talmage. He will leave Kansas City, Saturday, June 6th, at 10:40 a. m., reaching Orleans at 10:15 p. m. On Sunday, June 7th, 1896, at the Orleans Chautauqua, he will speak twice. At 11 a. m., he will give his great defense of the bible, "The Absurdities of Evolution," and at 8 p. m., he will deliver his unrivaled lecture, "Big Blunders." Sunday night at 10:15, he will take the train for Washington, D. C., where important business calls him, compelling him to cancel his engagements in Iowa and Minnesota for this season. We consider ourselves indeed fortunate that he has kept Nebraska on his program, and that he will be at Orleans Sunday if he lives.

In addition to the two lectures by Dr. Talmage, Sunday afternoon will be occupied by the Y. P. S. C. E. rally, Prof. J. F. Hoscic, of Chicago University, presiding. Eminent speakers and good music will mark the exercises. A signal program for the entire day. Three dollars and fifteen cents (\$3.15) will cover the railroad fare, admission to both addresses of Dr. Talmage, Y. P. S. C. E. rally, including also dinner and supper at the Chautauqua hotel, from Red Cloud to Orleans and return.

Our Jumbo tent weighs 3 1/2 tons, and has a seating capacity for 5000 people. We have good grove, good water, good tenting; we are sparing neither hard work nor expense to do the right thing by our patrons. But we cannot run the special train unless our patronage will justify us in so doing. Let those who desire to hear Dr. Talmage, via special train, report at once to the B. & M. agent at Red Cloud. They can order tickets for Talmage's lecture through him. He will give due notice regarding special train.

5000 people will hear Dr. Talmage at Orleans, Sunday, June 7. Many will drive in for forty or sixty miles, but we believe coming by rail the cheaper, after all.

J. S. MCBRIEN, Dean Orleans College.
