

# JUDGE OF THE SUPREME COURT

## Congressman Powers Enthusiastic Over Paine's Celery Compound, the Greatest Spring Remedy.

Judge Powers, who today represents Vermont in congress, entered the national house with a magnificent record as lawyer and judge of the supreme court of Vermont.

He is a fine type of the careful, learned, New England lawyer.

Though but 56 years of age, he was a member of the Vermont legislature a third of a century ago, and again in 1874, when he was speaker of the house. He has been state censor, a member of the constitutional convention and of the state senate. In 1874 he became judge of the supreme court of Vermont, and remained on the bench until 1890, when he took his seat in congress. Judge Powers presided at many of the most notable trials in the history of the state, and is the author of many of the most important opinions to be found in Vermont reports.

No judge on the supreme bench in any of our states has a reputation for more clearly and unmistakably expressing his opinions. His unqualified indorsement of Paine's celery compound in the following letter is as straightforward and concise as any one of his thoughtful charges to a jury:

House of Representatives, U. S. Washington, D. C., Feb. 19, 1896.

I have for several years been acquainted with the medical qualities of Paine's celery compound, and can enthusiastically indorse it as a specific in many cases for which its use is recommended by its proprietors.

H. Henry Powers,  
1st Dist. Vt.

By far the best use that any tired or ailing person can make of these precious summer days is to purify their blood and regulate their nerves with Paine's celery compound. It is plain to any observant person that the best remedy for neuralgia, persistent headaches and such like indications of low nervous vigor, is the one that most rapidly and completely nourishes the worn out parts. It is not in the power of any other remedy to do the vigorous work of Paine's celery compound in strengthening the jaded system, and in bringing it back to an energetic, healthy condition.

The real danger that stares sick people in the face is the putting off attending to sickness and disease, and letting slip these health-inviting sum-

mer days, when every thing so strongly favors getting well. This greatest of all spring remedies is doing an astonishing amount of good these days among sick people and those semi-invalid who are "run down" by the long, trying winter, or worn out and afflicted by disease.

The soul and life of sound health is a well-nourished nervous system. Paine's celery compound repairs the worn, nervous system as nothing can do. It is the one certain and permanent cure for sleeplessness, hysteria, nervous debility and exhaustion, rheumatism, neuralgia and the various manifestations of an unhealthy bodily condition, such as languor, nervousness, heart palpitation, loss of flesh and mental depression.

With Paine's celery compound, returning strength and cheerfulness soon show that one is undoubtedly on the right road to health.

Paine's celery compound is the one real spring remedy known today that never fails to benefit. Get Paine's celery compound, and only Paine's celery compound if you wish to be well.

### A PEN PICTURE.

#### As Seen From My Cottage Door.

While sitting here, at the western entrance of my cottage, gazing away to the southward, I see stretched before me the hills and plains of Nebraska, with spots of verdure and clumps of trees scattered here and there, and in fancy I see the Buffalo and the red man darting in and out, now crouching down behind the little knot of trees or shrubs (for such they seem to me who has been reared among the northern pines of a far away country), now dashing out into the open plain or creeping along through the tall wild grasses, or standing erect in their wild majesty, both man and beast, sniffing the air for danger. Then bringing my gaze a little nearer I see the placid waters of the Republican river, along whose banks fancy still leads me to see the tepees of the red man scattered among the shubbery while here and there a little, curling, blue smoke arises from the camp fires, which the squaws are keeping in readiness to cook the game which their lord and masters have gone to procure for their evening meal. Bringing my gaze yet a little nearer I see something which brings me back to civilization, and a sadness comes over me like a pall, for, as I gaze, I see the village burying ground where the bodies of many, both known and unknown, lie mouldering into dust and the marble shafts erected by sorrowing relatives and friends stand gleaming in the sun, reminding us of the fate of all mankind. Still nearer and within calling distance I see our young men's bicycle track, where a few of our energetic young men are busy with shovel and spade getting the track ready for the coming bicycle meet. Thus within the distance of a few miles the history of a great world lies. The hills where the red men roamed and where their bones have bleached in the glaring sun and winters cold, and the river along whose banks the romance of the past lies, the sad unknown and unrest of the future which civilization brings, and the pulsing throbbing life and pleasures of the present. Thus the tide of humanity sweeps on and when my bones shall lie mouldering with the rest in the lonely "city of the dead," some one yet unborn may sit where I now sit, dreaming and weaving webs of fancy of the past, present and future.

It would be hard to convince a man suffering from bilious colic that his agony is due to a microbe with an unpronounceable name. But one dose of DeWitt's Colic and Cholera Cure will convince him of its power to afford instant relief. It kills pain. C. L. Cotting.

# CASTORIA

for Infants and Children.

**MOTHERS, Do You Know** that Paregoric, Bateman's Drops, Giffrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

**Do You Know** that opium and morphine are stupefying narcotic poisons?

**Do You Know** that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

**Do You Know** that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

**Do You Know** that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

**Do You Know** that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

**Do You Know** that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

**Do You Know** that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

**Do You Know** that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?

**Do You Know** that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

**Well, these things are worth knowing. They are facts.**

The fac-simile signature of *Chas. H. Pitcher* is on every wrapper.

**Children Cry for Pitcher's Castoria.**

**Cowles.**

During my travels I stopped at the village of Cowles and as fortune seemed in my favor I was there during their commencement exercises which were the first of the kind, for that place. It was with pleasure I listened to the orations and essays; but feel as though I must speak a few words of praise for Miss Sarah Teel, whose originality was splendid and delivery excellent. In fact, the whole class did splendidly.

Mr. Myrt Adamson and lady were visiting with Mr. C. L. Fuller of Lawrence last Sunday.

Some people of Cowles and vicinity were down near the river gathering gooseberries which are very abundant this year.

Dr. Hall was called out to Willow Creek to see Larry Brubaker who is quite sick. Q & K.

**Caution.**

All instantaneous cough cures contain opiates and are liable to dry up the phlegm and rattle in the bronchial tubes and lungs, thereby causing congestion. We guarantee Beggs' Cherry Cough Syrup against this danger. C. L. Cotting.

When Baby was sick, we gave her Castoria.  
When she was a Child, she cried for Castoria.  
When she became Miss, she clung to Castoria.  
When she had Children, she gave them Castoria.

**"Save My Child!"** is the cry of many an agonized mother whose little one writes in croup or whooping cough. In such cases, Dr. Acker's English Remedy proves a blessing and a godsend. Mrs. M. A. Burke, of 309 E. 105th St., New York, writes: "Dr. Acker's English Remedy cured my baby of bronchitis, and also gave instant relief in a severe case of croup."
